§51.29 Destruction of animals; time limit.

(a) The claimant must ensure that goats, sheep, and horses infected with or exposed to *B. abortus* are either:

(1) Sold under permit to a recognized slaughtering establishment;

(2) Moved to an approved stockyard for sale to a recognized slaughtering establishment; or

(3) Destroyed and buried, incinerated, or rendered in accordance with applicable State law.

(b) The claimant must ensure that goats and sheep destroyed because of *B. melitensis* are destroyed and buried, incinerated, or rendered in accordance with applicable State law.

(c) Indemnity will be paid under this part only if the animals are destroyed within 15 days after the date they are marked with identification showing they are to be destroyed. However, the Veterinarian in Charge may extend the time limit to 30 days if:

(1) The animals' owner asks the Veterinarian in Charge for an extension before the initial 15-day period expires, or the animals were sold for slaughter before the original 15-day period expires; and

(2) The Veterinarian in Charge determines that extending the time limit will not adversely affect the Brucellosis Eradication Program.

(d) The Administrator may extend the time limit beyond 30 days when unusual and unforeseen circumstances occur that prevent or hinder the destruction of the animals within 30 days, such as, but not limited to, floods, storms, or other Acts of God, which are beyond the control of the owner, or when destruction is delayed due to requirements of another Federal agency.

§51.30 Claims for indemnity.

(a) Claims for indemnity for goats, sheep, and horses destroyed because of brucellosis must be made using an indemnity claim form furnished by

APHIS. On the form, the owner of the animals must certify whether the animals are subject to a mortgage. If the owner states there is a mortgage, the claim form must be signed by the owner and by each mortgage holder, consenting to the payment of any indemnity allowed to the owner. Payment will be made only if the claimant has submitted a complete indemnity claim form to the Veterinarian in Charge and the claim has been approved by the Veterinarian in Charge or by an APHIS representative designated by him or her. The Veterinarian in Charge or an APHIS representative designated by the Veterinarian in Charge will record on the APHIS indemnity claim form the amount of Federal and State indemnity payments that appear to be due to the owner of the animals. The owner of the animals will receive a copy of the completed APHIS indemnity claim form. The owner is responsible for paying all fees for holding the animals on the farm pending disposal and for all trucking fees.

(b) Claims for indemnity for registered sheep and registered goats must be accompanied by the animal's registration papers, issued in the name of the owner. If the registration papers are unavailable or if the animal is less than 1 year old and not registered at the time the claim for indemnity is submitted, the Veterinarian in Charge may grant a 60-day extension or the Administrator may grant an extension longer than 60 days for the presentation of registration papers. Any animal that is not registered but is eligible for registration at the time the claim is submitted will be considered unregistered unless the animal has been in the flock for less than 12 months.

§51.31 Disinfecting premises, conveyances, and materials.

All premises, including all structures, holding facilities, conveyances, and materials contaminated because they have been used by animals destroyed because of brucellosis, must be properly cleaned and disinfected in accordance with recommendations of the

§ 51.32

APHIS or State representative. Cleaning and disinfecting must be completed within 15 days from the date the animals were removed from the premises, except that the Veterinarian in Charge may extend the time limit for disinfection to 30 days when he or she receives a request prior the expiration date of the original 15 days, and when the Veterinarian in Charge determines that an extension will not adversely affect the Brucellosis Eradication Program. The Administrator may extend the time limit beyond 30 days when unusual and unforeseen circumstances occur that prevent or hinder disinfection of the premises, conveyances, and materials within 30 days, such as, but not limited to floods, storms, or other Acts of God, which are beyond the control of the owner. A premises may be exempted from such cleaning and disinfecting requirements if the APHIS or State representative recommends it in writing and the Veterinarian in Charge approves.

§ 51.32 Claims not allowed.

Claims for indemnity for goats, sheep, and horses destroyed because of brucellosis will not be allowed if any of the following circumstances exist:

(a) The claimant has failed to comply with any of the requirements of this part;

(b) The claim is based on a brucellosis test, and the person who administered the test was not properly trained, authorized, or certified at the time of the test;

(c) Testing of goats, sheep, and horses in the herd or flock for brucellosis was not done under APHIS or State supervision, or by an accredited veterinarian;

(d) There is substantial evidence that the claim is an unlawful or improper attempt to obtain indemnity; or

(e) If, at the time of test or condemnation, the animals belonged to or were upon the premises of any person to whom they had been sold for slaughter, shipped for slaughter, or delivered for slaughter.

9 CFR Ch. I (1-1-12 Edition)

§ 51.33 Multiple indemnity payments.

APHIS has indemnity programs for several other livestock diseases. However, if a claim is paid for indemnity for animals destroyed because of brucellosis, no other claims for indemnity will be paid for the same animals.
