Animal and Plant Health Inspection Service, USDA  § 78.22

§ 78.22 Brucellosis reactor bison.

(a) Destination. Brucellosis reactor bison may be moved interstate only for immediate slaughter as follows:

(1) Directly to a recognized slaughtering establishment;

(2) To a point of entry to a slaughter inspection establishment if the bison are accompanied by an official veterinarian of the States in which the bison are located who certifies at the point of entry that these bison are to be immediately slaughtered.

(3) The bison are to be slaughtered within 48 hours.

(4) The bison are slaughtered in accordance with the procedures set forth in §§ 78.11 and 78.12.

5A herd which is not qualified in a quarantined area may become a qualified herd upon compliance with the provisions set forth in §78.1 in the definition of “qualified herd.”
