Nuclear Regulatory Commission

§ 61.31 Termination of license.
(a) Following any period of institutional control needed to meet the requirements found necessary under §61.23, the licensee may apply for an amendment to terminate the license.
(b) This application must be filed, and will be reviewed, in accordance with the provision of §61.20 and of this section.
(c) A license is terminated only when the Commission finds:
(1) That the institutional control requirements found necessary under §61.23(g) have been met; and
(2) That any additional requirements resulting from new information developed during the institutional control period have been met, and that permanent monuments or markers warning against intrusion have been installed.
(3) That the records required by §61.80(e) and (f) have been sent to the party responsible for institutional control of the disposal site and a copy has been sent to the Commission immediately prior to license termination.

US/IAEA SAFEGUARDS AGREEMENT

§ 61.32 Facility information and verification.
(a) In response to a written request by the Commission, each applicant for a license and each recipient of a license shall submit facility information, as described in §75.10 of this chapter, on Form N–71 and associated forms and site information on DOC/NRC Form AP–A, and associated forms;
(b) As required by the Additional Protocol, applicants and licensees specified in paragraph (a) of this section shall submit location information described in §75.11 of this chapter on DOC/NRC Form AP–1 and associated forms; and
(c) Shall permit verification thereof by the International Atomic Energy Agency (IAEA) and take other action as necessary to implement the US/IAEA Safeguards Agreement, as described in Part 75 of this chapter.
