§ 871.1 National security exemption.

(a) The following DOE air shipments of plutonium are considered as being made for the purposes of national security within the meaning of section 502(2) of Public Law 94–187:

(1) Shipments made in support of the development, production, testing, sampling, maintenance, repair, modification, or retirement of atomic weapons or devices;

(2) Shipments made pursuant to international agreements for cooperation for mutual defense purposes; and

(3) Shipments necessary to respond to an emergency situation involving a possible threat to the national security.

(b) The Deputy Administrator for Defense Programs may authorize air shipments falling within paragraph (a)(1) of this section, on a case-by-case basis: Provided, That the Deputy Administrator determines that rapid shipment by air is required to respond to an emergency situation involving possible loss of life, serious personal injuries, considerable property damage, or other significant threat to the public health and safety.

§ 871.2 Public health and safety exemption.

The Deputy Administrator for Defense Programs may authorize air shipments of plutonium where the Deputy Administrator determines that rapid shipment by air is required to respond to an emergency situation involving possible loss of life, serious personal injuries, considerable property damage, or other significant threat to the public health and safety.

§ 871.3 Records.

Determinations made by the Deputy Administrator for Defense Programs pursuant to these rules shall be matters of record. Such authorizations shall be reported to the Administrator of the National Nuclear Security Administration within twenty-four hours after authorization is granted.

§ 871.4 Limitation on redelegation of authority.

The authority delegated in this part may not be redelegated without the prior approval of the Administrator of the National Nuclear Security Administration.
