§ 1212.602 Requirements for collecting information.

In collecting information for systems of records, the following requirements shall be met:

(a) Information shall be collected to the greatest extent practicable directly from the subject individual when the information may result in adverse determinations about an individual’s rights, benefits, and privileges under Federal programs. Exceptions to this policy may be made under certain circumstances, such as one of the following:

(1) There is a need to verify the accuracy of the information supplied by an individual.

(2) The information can only be obtained from a third party.

(3) There is no risk that information collected from third parties, if inaccurate, could result in an adverse determination to the individual concerned.

(4) Provisions are made to verify with the individual the information collected from a third party.

(b) Each individual who is asked to supply information shall be informed of the following:

(1) The authority (whether granted by statute, or by Executive order of the President) for requesting the information;

(2) Whether disclosure is mandatory or voluntary;

(3) The intended official use of the information;

(4) The routine uses which may be made of the information, as published in the system notices;

(5) The effects, if any, on the individual of not providing all or any part of the requested information.

§ 1212.603 Mailing lists.

NASA will not sell, rent, or otherwise disclose an individual’s name and address to anyone, unless otherwise specifically authorized by law. This is not to be construed to require the withholding of names and addresses otherwise permitted to be made public.

§ 1212.604 Social security numbers.

(a) It is unlawful for NASA to deny to individuals any rights, benefits, or privileges provided by law because of the individuals’ refusal to disclose their social security numbers, except where:

(1) The disclosure is required by law; or

(2) The disclosure is from a system of records in existence and operating before January 1, 1975, and was required under statute or regulation adopted before that date to verify the identity of the individual(s).

(b) Any time individuals are requested to disclose their social security numbers, NASA shall indicate whether that disclosure is mandatory or voluntary, by what authority the numbers are requested, and what uses will be made of them.
