§ 1214.604 Personal Preference Kit (PPK).

(a) Purpose. The PPK enables persons accompanying Space Shuttle flights to carry personal items for use as mementos. Only those individuals actually accompanying such flights (astronaut crew members, payload specialists, and space flight participants) may request authorization to carry personal items as mementos. These items must be carried in individually assigned PPK’s.

(b) Limitations. The contents of a PPK must be limited to 20 separate items, with a total weight of 0.682 kilograms (1.5 pounds). Each item is allocated for a different recipient and distributed accordingly. The volume of a PPK must be contained in a 12.82 centimeters × 20.51 centimeters × 5.13 centimeters (5”×8”×2”) bag provided by NASA. Increases in these limitations will be authorized only by the Associate Administrator for Space Flight.

(c) Approval of Contents. At least 60 days before the scheduled launch of a Space Shuttle flight, each person assigned to the flight who desires to carry items in a PPK must submit a proposed list of items and their recipients to the Associate Director, Johnson Space Center. The Associate Director will review the requests for compliance with this subpart and submit the crew members’ PPK lists through supervisory channels to the Associate Administrator for Space Flight for approval. A signed copy of the Associate Administrator for Space Flight’s approval will be returned to the Director, Johnson Space Center, for appropriate distribution.

§ 1214.605 Preflight packing and storing.

(a) Items intended for inclusion in OFK’s or PPK’s must arrive at the Johnson Space Center, Code AC, at least 45 days prior to the flight on which they are scheduled in order for them to be listed on the cargo manifest, packaged, weighed, and stowed aboard the Orbiter. Items must arrive at the Johnson Space Center prior to the 45-day limit even if the Associate Administrator for Space Flight’s approval is still pending. Items not approved by the Associate Administrator for Space Flight will be returned to the requesting individual/organization.

(b) The Associate Director, Johnson Space Center, is responsible for the following:

(1) Securing the items while awaiting the launch on which they are manifested.

(2) Packaging, weighing, and stowing the items according to the manifests approved by the Associate Administrator for Space Flight.

§ 1214.606 Postflight disposition.

The Associate Director, Johnson Space Center, will:

(a) Receive and inventory all items flown in the OFK and PPK’s following each Shuttle flight.

(b) Return the contents of the PPK’s to the persons who submitted them.

(c) Return all other flown items to the submitting organizations with an appropriate letter of certification.

(d) Retain and secure mementos flown by the Agency for future use.

§ 1214.607 Media and public inquiries.

(a) Official Flight Kit. Information on the contents of OFK’s will be routinely released to the media and to the public upon their request, but only after the contents have been approved by the Associate Administrator for Space Flight.

(b) Personal Preference Kit. Information on the contents of PPK’s will be routinely released to the media and to the public upon their request immediately following postflight inventory.

(c) Responsibility for Release of Information. The Director of Public Affairs, Johnson Space Center, is responsible for the prompt release of information on OFK and PPK contents.

§ 1214.608 Safety requirements.

The contents of OFK’s and PPK’s must meet the requirements set forth in NASA Handbook 1700.7, “Safety Policy and Requirements for Payloads Using the Space Transportation System (STS).”
