PART 30—FOREIGN TRADE REGULATIONS

Subpart A—General Requirements

Sec.

30.1 Purpose and definitions.
30.2 General requirements for filing Electronic Export Information (EEI).
30.3 Electronic Export Information filer requirements, parties to export transactions, and responsibilities of parties to export transactions.
30.4 Electronic Export Information filing procedures, deadlines, and certification statements.
30.5 Electronic Export Information filing application and certification processes and standards.
30.6 Annotating the bill of lading, air waybill, or other commercial loading documents with the proof of filing citations, and exemption legends.
30.7 Time and place for presenting proof of filing citations, and exemption and exclusions legends.
30.8 Transmitting and correcting Electronic Export Information.
30.9 Retention of export information and authority to require production of documents.
30.10 Retention of export information and authority to require production of documents.

Subpart B—Export Control and Licensing Requirements

30.15 Introduction.
30.16 Export Administration Regulations.
30.17 Customs and Border Protection regulations.
30.18 Department of State regulations.
30.19 Other Federal agency regulations.

Subpart C—Special Provisions and Specific-Type Transactions

30.25 Values for certain types of transactions.
30.26 Reporting of vessels, aircraft, cargo vans, and other carriers and containers.
30.27 Return of exported cargo to the United States prior to reaching its final destination.
30.28 “Split shipments” by air.
30.29 Reporting of repairs and replacements.

Subpart D—Exemptions From the Requirements for the Filing of Electronic Export Information

30.35 Procedure for shipments exempt from filing requirements.

30.36 Exemption for shipments destined to Canada.
30.37 Miscellaneous exemptions.
30.38 Exemption from the requirements for reporting complete commodity information.
30.39 Special exemptions for shipments to the U.S. Armed Services.
30.40 Special exemptions for certain shipments to U.S. government agencies and employees.
30.41-30.44 [Reserved]

Subpart E—General Carrier and Manifest Requirements

30.45 General statement of requirements for the filing of carrier manifests with proof of filing citations for the electronic submission of export information or exemption legends when Electronic Export Information filing is not required.
30.46 Requirements for the filing of export information by pipeline carriers.
30.47 Clearance or departure of carriers under bond on incomplete manifests.
30.48-30.49 [Reserved]

Subpart F—Import Requirements

30.50 General requirements for filing import entries.
30.51 Statistical information required for import entries.
30.52 Foreign Trade Zones.
30.53 Import of goods returned for repair.
30.54 Special provisions for imports from Canada.
30.55 Confidential information, import entries, and withdrawals.
30.56-30.59 [Reserved]

Subpart G—General Administrative Provisions

30.60 Confidentiality of Electronic Export Information.
30.61 Statistical classification schedules.
30.62 Emergency exceptions.
30.63 Office of Management and Budget control numbers assigned pursuant to the Paperwork Reduction Act.
30.64-30.69 [Reserved]

Subpart H—Penalties

30.70 Violation of the Clean Diamond Trade Act.
30.71 False or fraudulent reporting on or misuse of the Automated Export System.
30.72 Civil penalty procedures.
30.73 Enforcement.
30.74 Voluntary self-disclosure.
30.75-30.99 [Reserved]

APPENDIX A TO PART 30—SAMPLE FOR POWER OF ATTORNEY AND WRITTEN AUTHORIZATION
§ 30.1

APPENDIX B TO PART 30—AES FILING CODES
APPENDIX C TO PART 30—SUMMARY OF EXEMPTIONS AND EXCLUSIONS FROM EEI FILING
APPENDIX D TO PART 30—AES FILING CITATION, EXEMPTION AND EXCLUSION LEGENDS
APPENDIX E TO PART 30—FTSR TO FTR CONCORDANCE
APPENDIX F TO PART 30—FTR TO FTSR CONCORDANCE

SOURCE: 73 FR 31555, June 2, 2008, unless otherwise noted.

Subpart A—General Requirements

§ 30.1 Purpose and definitions.

(a) This part sets forth the Foreign Trade Regulations (FTR) as required under the provisions of Title 13, United States Code (U.S.C.), Chapter 9, section 301. These regulations are revised pursuant to provisions of the Foreign Relations Authorization Act, Public Law 107–228 (the Act). This Act authorizes the Secretary of Commerce, with the concurrence of the Secretary of State and the Secretary of Homeland Security, to publish regulations mandating that all persons who are required to file export information under Chapter 9 of 13 U.S.C., file such information through the Automated Export System (AES) for all shipments where a Shipper's Export Declaration (SED) was previously required. The law further authorizes the Secretary of Commerce to issue regulations regarding imposition of civil and criminal penalties for violations of the provisions of the Act and these regulations.

(b) Electronic filing through the AES strengthens the U.S. government's ability to prevent the export of certain items to unauthorized destinations and/or end users because the AES aids in targeting, identifying, and when necessary confiscating suspicious or illegal shipments prior to exportation.

(c) Definitions used in the FTR. As used in this part, the following definitions apply:

AES applicant. The USPPI or authorized agent who applies to the Census Bureau for authorization to report export information electronically to the AES, or through AESDirect or its related applications.

AESDirect. A free Internet application supported by the Census Bureau that allows USPPIs, their authorized agent, or the authorized agent of the FPPI to transmit EEI through the AES via the Internet at http://www.aesdirect.gov.

AES downtime filing citation. A statement used in place of a proof of filing citation when the AES or AESDirect computer systems experiences a major failure. The downtime filing citation must appear on the bill of lading, air waybill, export shipping instructions, or other commercial loading documents.

AES participant application (APA). An electronic submission of an individual or a company's desire to participate in the AES. It sets forth a commitment to develop, maintain, and adhere to CBP and Census Bureau performance requirements and operational standards.

Air waybill. The shipping document used for the transportation of air freight includes conditions, limitations of liability, shipping instructions, description of commodity, and applicable transportation charges. It is generally similar to a straight non-negotiable bill of lading and is used for similar purposes.

Annotation. An explanatory note (e.g., proof of filing citation, postdeparture filing citation, AES downtime filing citation, exemption, or exclusion legend) placed on the bill of lading, air waybill, export shipping instructions, or other loading document.

Authorized agent. An individual or legal entity physically located in or otherwise under the jurisdiction of the United States that has obtained power of attorney or written authorization from a USPPI or FPPI to act on its behalf, and for purposes of this part, to complete and file the EEI.

Automated Broker Interface (ABI). A CBP system through which an importer or licensed customs broker can electronically file entry and entry summary data on goods imported into the United States.
Automated Export System (AES). The system, including AESDirect, for collecting EEI information (or any successor document) from persons exporting goods from the United States, Puerto Rico, or the U.S. Virgin Islands; between Puerto Rico and the United States; and to the U.S. Virgin Islands from the United States or Puerto Rico.

Automated Export System Trade Interface Requirements (AESTIR). The document that describes the operational requirements of the AES. The AESTIR presents record formats and other reference information used in the AES.

Automated Foreign Trade Zone Reporting Program (AFTZRP). The electronic reporting program used to transmit statistical data on goods admitted into a FTZ directly to the Census Bureau.

Bill of lading (BL). A document that establishes the terms of a contract between a shipper and a transportation company under which freight is to be moved between specified points for a specified charge. Usually prepared by the authorized agent on forms issued by the carrier, it serves as a document of title, a contract of carriage, and a receipt for goods.

Bond. An instrument used by CBP as security to ensure the payment of duties, taxes and fees and/or compliance with certain requirements such as the submission of manifest information.

Bonded warehouse. An approved private warehouse used for the storage of goods until duties or taxes are paid and the goods are properly released by CBP. Bonds must be posted by the warehouse proprietor and by the importer to indemnify the government if the goods are released improperly.

Booking. A reservation made with a carrier for a shipment of goods on a specific voyage, flight, truck or train.

Bureau of Industry and Security (BIS). This bureau within the U.S. Department of Commerce is concerned with the advancement of U.S. national security, foreign policy, and economic interests. The BIS is responsible for regulating the export of sensitive goods and technologies; enforcing export control, antiboycott, and public safety laws; cooperating with and assisting other countries on export control and strategic trade issues; and assisting U.S. industry to comply with international arms control agreements.

Buyer. The principal in the export transaction that purchases the commodities for delivery to the ultimate consignee. The buyer and ultimate consignee may be the same.

Cargo. Goods being transported.

Carnet. An international customs document that allows the carnet holder to import into the United States or export to foreign countries certain goods on a temporary basis without the payment of duties.

Carrier. An individual or legal entity in the business of transporting passengers or goods. Airlines, trucking companies, railroad companies, shipping lines, pipeline companies, and slot charterers are all examples of carriers.

Civil penalty. A monetary penalty imposed on a USPPI, authorized agent, FPPI, carrier, or other party to the transaction for violating the FTR, including failing to file export information, filing false or misleading information, filing information late, and/or using the AES to further any illegal activity, and/or violating any other regulations of this part.

Commerce Control List (CCL). A list of items found in Supplement No. 1 to Part 774 of the EAR. Supplement No. 2 to Part 774 of the EAR contains the General Technology and Software Notes relevant to entries contained in the CCL.

Compliance alert. An electronic response sent to the filer by the AES when the shipment was not reported in accordance with this part (e.g., late filing). The filer is required to review their filing practices and take steps to conform with export reporting requirements.

Consignee. The person or entity named in a freight contract, a contract of carriage that designates to whom goods have been consigned, and that has the legal right to claim the goods at the destination.

Consignment. Delivery of goods from a USPPI (the consignor) to an agent (consignee) under agreement that the agent sells the goods for the account of the USPPI.

Container. A uniform, reusable metal “box” in which goods are shipped by vessel, truck, or rail as defined in the
§ 30.1

Controlling agency. The agency responsible for the license determination on specified goods exported from the United States.

Cost of goods sold. Cost of goods is the sum of expenses incurred in the USPPI acquisition or production of the goods.

Country of origin. The country where the goods were mined, grown, or manufactured or where each foreign material used or incorporated in a good underwent a change in tariff classification indicating a substantial transformation under the applicable rule of origin for the good. The country of origin for U.S. imports are reported in terms of the International Standards Organization (ISO) codes designated in the Schedule C, Classification of Country and Territory Designations.

Country of ultimate destination. The country where the goods are to be consumed, further processed, stored, or manufactured, as known to the USPPI at the time of export.

Criminal penalty. For the purpose of this part, a penalty imposed for knowingly or willfully violating the FTR, including failing to file export information, filing false or misleading information, filing information late, and/or using the AES to further illegal activity. The criminal penalty includes fines, imprisonment, and/or forfeiture.

Customs broker. An individual or entity licensed to enter and clear imported goods through CBP for another individual or entity.

Destination. The foreign location to which a shipment is consigned.

Distributor. An agent who sells directly for a supplier and maintains an inventory of the supplier’s products.

Domestic exports. Goods that are grown, produced, or manufactured in the United States, and commodities of foreign origin that have been changed in the United States, including changes made in a U.S. FTZ, from the form in which they were imported, or that have been enhanced in value or improved in condition by further processing or manufacturing in the United States.

Drayage. The charge made for hauling freight, carts, drays, or trucks.

Dun & Bradstreet Number (DUNS). The DUNS Number is a unique 9-digit identification sequence that provides identifiers to single business entities while linking corporate family structures together.

Dunnage. Materials placed around cargo to prevent shifting or damage while in transit.

Duty. A charge imposed on the import of goods. Duties are generally based on the value of the goods (ad valorem duties), some other factor, such as weight or quantity (specific duties), or a combination of value and other factors (compound duties).

Electronic export information (EEI). The electronic export data as filed in the AES. This is the electronic equivalent of the export data formerly collected as Shipper’s Export Declaration (SED) information and now mandated to be filed through the AES or AESDirect.

Employer identification number (EIN). The USPPI’s Internal Revenue Service (IRS) EIN is the 9-digit numerical code as reported on the Employer’s Quarterly Federal Tax Return, Treasury Form 941.

End user. The person abroad that receives and ultimately uses the exported or reexported items. The end user is not an authorized agent or intermediary, but may be the FPPI or ultimate consignee.

Enhancement. A change or modification to goods that increases their value or improves their condition.

Entry number. Consists of a three-position entry filer code and a seven-position transaction code, plus a check digit assigned by the entry filer as a tracking number for goods entered into the United States.

Equipment number. The identification number for shipping equipment, such as container or igloo (Unit Load Device (ULD)) number, truck license number, or rail car number.

Exclusions. Transactions outside of the scope of the FTR that are excluded from the requirement of filing EEI.

Exemption. A specific reason as cited within this part that eliminates the requirement for filing EEI.

Exemption legend. A notation placed on the bill of lading, air waybill, export
Census Bureau, Commerce  § 30.1

shipping instructions, or other commercial loading document that describes the basis for not filing EEI for an export transaction. The exemption legend shall reference the number of the section or provision in the FTR where the particular exemption is provided (See Appendix D to this part).

Export. To send or transport goods out of a country.

Export Administration Regulations (EAR). Regulations administered by the BIS that, among other things, provide specific instructions on the use and types of export licenses required for certain commodities, software, and technology. These regulations are located in 15 CFR parts 730 through 774.

Export control. Governmental control of exports for statistical or strategic and short supply or national security purposes, and/or for foreign policy purposes.

Export Control Classification Number (ECCN). The number used to identify items on the CCL, Supplement No. 1 to Part 774 of the EAR. The ECCN consists of a set of digits and a letter. Items that are not classified under an ECCN are designated “EAR99.” Section 738.2 of the EAR describes the ECCN format.

Export license. A controlling agency’s document authorizing export of particular goods in specific quantities or values to a particular destination. Issuing agencies include, but are not limited to, the U.S. State Department; the BIS; the Bureau of Alcohol, Tobacco, and Firearms; and the Drug Enforcement Administration permit to export.

Export statistics. The measure of quantity and value of goods (except for shipments to U.S. military forces overseas) moving out of the United States to foreign countries, whether such goods are exported from within the Customs territory of the United States, a CBP bonded warehouse, or a U.S. Foreign Trade Zone (FTZ).

Export value. The value of the goods at the U.S. port of export. The value shall be the selling price (or the cost if the goods are not sold), including inland or domestic freight, insurance, and other charges to the U.S. seaport, airport, or land border port of export. Cost of goods is the sum of expenses incurred in the USPPI’s acquisition or production of the goods. (See §30.6(a)(17)).

Fatal error message. An electronic response sent to the filer by the AES when invalid or missing data has been encountered, the EEI has been rejected, and the information is not on file in the AES. The filer is required to immediately correct the problem, correct the data, and retransmit the EEI.

Filers. Those USPPIs or authorized agents (of either the USPPI or the FPPI) who have been approved to file EEI directly in the AES system or AESDirect Internet application.

Filing electronic export information. The act of entering the EEI in the AES.

Foreign entity. A person that temporarily enters into the United States and purchases or obtains goods for export. This person does not physically maintain an office or residence in the United States. This is a special class of USPPI.

Foreign exports. Commodities of foreign origin that have entered the United States for consumption, for entry into a CBP bonded warehouse or U.S. FTZ, and which, at the time of exportation, are in substantially the same condition as when imported.

Foreign principal party in interest (FPPI). The party shown on the transportation document to whom final delivery or end-use of the goods will be made. This party may be the ultimate consignee.

Foreign Trade Zone (FTZ). Specially licensed commercial and industrial areas in or near ports of entry where foreign and domestic goods, including raw materials, components, and finished goods, may be brought in without being subject to payment of customs duties. Goods brought into these zones may be stored, sold, exhibited, re-packed, assembled, sorted, graded, cleaned, or otherwise manipulated prior to reexport or entry into the country’s customs territory.

Forwarding agent. The person in the United States who is authorized by the principal party in interest to facilitate the movement of the cargo from the United States to the foreign destination and/or prepare and file the required documentation.
Goods. Merchandise, supplies, raw materials, and products or any other item identified by a Harmonized Tariff System (HTS) code.

Harmonized system. A method of classifying goods for international trade developed by the Customs Cooperation Council (now the World Customs Organization).

Harmonized Tariff Schedule of the United States (HTSUS). An organized listing of goods and their duty rates, developed by the U.S. International Trade Commission, which is used by CBP as the basis for classifying imported products, including establishing the duty to be charged and providing statistical information about imports and exports.

Imports. All goods physically brought into the United States, including:

1. Goods of foreign origin, and
2. Goods of domestic origin returned to the United States without substantial transformation affecting a change in tariff classification under an applicable rule of origin.

Inbond. A procedure administered by CBP under which goods are transported or warehoused under CBP supervision until the goods are either formally entered into the customs territory of the United States and duties are paid, or until they are exported from the United States. The procedure is so named because the cargo moves under a bond (financial liability assured by the principal on the bond) from the gateway seaport, airport, or land border port and remains “inbond” until CBP releases the cargo at the inland Customs point or at the port of export.

Inland freight. The cost to ship goods between points inland and the seaport, airport, or land border port of exportation, other than baggage, express mail, or regular mail.

Intermediate consignee. The person or entity in the foreign country who acts as an agent for the principal party in interest with the purpose of effecting delivery of items to the ultimate consignee. The intermediate consignee may be a bank, forwarding agent, or other person who acts as an agent for a principal party in interest.

Internal Transaction Number (ITN). The AES generated number assigned to a shipment confirming that an EEI transaction was accepted and is on file in the AES.

International Standards Organization (ISO) Country Codes. The 2-position alphabetic ISO code for countries used to identify countries for which shipments are reportable.

International Traffic in Arms Regulations (ITAR). Regulations administered by the Directorate of Defense Trade Controls within the U.S. State Department that provide for the control of the export and temporary import of defense articles and defense services. These regulations are located in 22 CFR 120–130.

Interplant correspondence. Records or documents from a U.S. firm to its subsidiary or affiliate, whether in the United States or overseas.

In-transit. Goods shipped through the United States, Puerto Rico, or the U.S. Virgin Islands from one foreign country or area to another foreign country or area without entering the consumption channels of the United States.

License applicant. The person who applies for an export or reexport license. (For example, obtaining a license for commodities, software, or technology that are listed on the CCL.)

License exception. An authorization that allows a USPPI or other appropriate party to export or reexport under stated conditions, items subject to the EAR that would otherwise require a license under the EAR. The BIS License Exceptions are currently contained in Part 740 of the EAR (15 CFR part 740).

Loading document. A document that establishes the terms of a contract between a shipper and a transportation company under which freight is to be moved between points for a specific charge. It is usually prepared by the shipper and actuated by the carrier and serves as a document of title, a contract of carriage, and a receipt for goods. Examples of loading documents include the air waybill, inland bill of lading, ocean bill of lading, and through bill of lading.

Manifest. A collection of documents, including forms, such as the cargo declaration and annotated bills of lading.
that lists and describes the cargo contents of a carrier, container, or warehouse. Carriers required to file manifests with CBP Port Director must include an AES filing citation, or exemption or exclusion legend for all cargo being transported.

**Merchandise.** Goods, wares, and chattels of every description, and includes merchandise the exportation of which is prohibited, and monetary instruments as defined in 31 U.S.C. 5312.

**Method of transportation.** The method by which goods arrive in or are exported from the United States by way of seaports, airports, or land border crossing points. Methods of transportation include vessel, air, truck, rail, or other.

**North American Free Trade Agreement (NAFTA).** The formal agreement, or treaty, among Canada, Mexico, and the United States to promote trade amongst the three countries. It includes measures for the elimination of tariffs and nontariff barriers to trade, as well as numerous specific provisions concerning the conduct of trade and investment.

**Office of Foreign Assets Control (OFAC).** An agency within the U.S. Department of the Treasury that administers and enforces economic and trade sanctions based on U.S. foreign policy and national security goals against targeted foreign countries, terrorists, international narcotics traffickers, and those engaged in activities related to the proliferation of weapons of mass destruction. The OFAC acts under Presidential wartime and national emergency powers, as well as authority granted by specific legislation, to impose controls on transactions and freeze foreign assets under U.S. jurisdiction.

**Order party.** The person in the United States that conducts the direct negotiations or correspondence with the foreign purchaser or ultimate consignee and who, as a result of these negotiations, receives the order from the FPPI. If a U.S. order party directly arranges for the sale and export of goods to the FPPI, the U.S. order party shall be listed as the USPPI in the EEI.

**Packing list.** A list showing the number and kinds of items being shipped, as well as other information needed for transportation purposes.

**Partnership agencies.** U.S. government agencies that have statistical and analytical reporting and/or monitoring and enforcement responsibilities related to AES postdeparture filing privileges.

**Party ID type.** Identifies whether the Party ID is an EIN, DUNS, or Foreign Entity reported to the AES, for example, E=EIN, D=DUNS, T=Foreign Entity.

**Person.** Any natural person, corporate partnership or other legal entity of any kind, domestic or foreign.

**Port of export.** The seaport or airport where the goods are loaded on the exporting carrier that is taking the goods out of the United States, or the port where exports by overland transportation cross the U.S. border into a foreign country. In the case of an export by mail, use port code 8000.

**Postdeparture filing.** The privilege granted to approved USPPIs for their EEI to be filed up to 10 calendar days after the date of export, i.e., the date the goods are scheduled to cross the U.S. border.

**Postdeparture filing citation.** A notation placed on the bill of lading, air waybill, export shipping instructions, or other commercial loading documents that states that the EEI will be filed after departure of the carrier. (See Appendix D of this part.)

**Power of attorney.** A legal authorization, in writing, from a USPPI or FPPI stating that the agent has authority to act as the principal party’s true and lawful agent for purposes of preparing and filing the EEI in accordance with the laws and regulations of the United States.

**Primary benefit.** Receiving the majority payment or exchange of item of value or other legal consideration resulting from an export trade transaction; usually monetary.

**Principal parties in interest.** Those persons in a transaction that receive the primary benefit, monetary or otherwise, from the transaction. Generally, the principals in a transaction are the seller and the buyer. In most cases, the forwarding or other agent is not a principal party in interest.

**Proof of filing citation.** A notation placed on the bill of lading, air waybill,
export shipping instructions, or other commercial loading document, usually for carrier use, that provides evidence that the EEI has been filed and accepted in the AES.

Reexport. For statistical purposes: These are exports of foreign-origin goods that have previously entered the United States, Puerto Rico, or the U.S. Virgin Islands for consumption, entry into a CBP bonded warehouse, or a U.S. FTZ, and at the time of exportation, have undergone no change in form or condition or enhancement in value by further manufacturing in the United States, Puerto Rico, the U.S. Virgin Islands, or U.S. FTZs. For the purpose of goods subject to export controls (e.g., U.S. Munitions List (USML) articles) these are shipments of U.S.-origin products from one foreign destination to another.

Related party transaction. A transaction involving trade between a USPPI and an ultimate consignee where either party owns directly or indirectly 10 percent or more of the other party.

Remission. The cancellation or release from a penalty, including fines, and/or forfeiture, under this part.

Retention. The necessary act of keeping all documentation pertaining to an export transaction for a period of at least five years for an EEI filing, or a time frame designated by the controlling agency for licensed shipments, whichever is longer.

Routed export transaction. A transaction in which the FPPI authorizes a U.S. agent to facilitate export of items from the United States on its behalf and prepare and file the EEI.

Schedule B. The Statistical Classification of Domestic and Foreign Commodities Exported from the United States. These 10-digit commodity classification numbers are administered by the Census Bureau and cover everything from live animals and food products to computers and airplanes. It should also be noted that all import and export codes used by the United States are based on the Harmonized Tariff System.

Schedule C. The Classification of Country and Territory Designations. The Schedule C provides a list of country of origin codes. The country of origin is reported in terms of the International Standards Organization codes.

Schedule D. The Classification of CBP districts and ports. The Schedule D provides a list of CBP districts and ports and the corresponding numeric codes used in compiling U.S. foreign trade statistics.

Schedule K. The Classification of Foreign Ports by Geographic Trade Area and Country. The Schedule K lists the major seaports of the world that directly handle waterborne shipments in the foreign trade of the United States, and includes numeric codes to identify these ports. This schedule is maintained by the U.S. Army Corps of Engineers.

Seller. A principal in the transaction, usually the manufacturer, producer, wholesaler, or distributor of the goods, that receives the monetary benefit or other consideration for the exported goods.

Service center. A company, entity, or organization which has been certified and approved to only transmit complete EEI to the AES.

Shipment. Unless as otherwise provided, all goods being sent from one USPPI to one consignee to a single country of destination on a single conveyance and on the same day.

Shipment reference number. A unique identification number assigned to the shipment by the filer for reference purposes. This number must remain unique for a period of five years.

Shipper’s Export Declaration. The DOC paper form used under the FTSR to collect information from a person exporting from the United States. This form was used for compiling the official U.S. export statistics for the United States and for export control purposes.

Shipping weight. The total weight of a shipment in kilograms including goods and packaging.

Split shipment. A shipment booked for export on one aircraft, but split by the carrier and sent on two or more aircrafts of the same carrier.

Subzone. A special purpose foreign trade zone established as part of a foreign trade zone project with a limited purpose that cannot be accommodated within an existing zone. Subzones are often established to serve the needs of
§ 30.2 General requirements for filing Electronic Export Information (EEI).

(a) Filing requirements—(1) The EEI shall be filed through the AES by the United States Principal Party In Interest (USPPI), the USPPI’s authorized agent, or the authorized U.S. agent of the Foreign Principal Party In Interest (FPPI) for all exports of physical goods, including shipments moving pursuant to orders received over the Internet. The Automated Export System (AES) is the electronic system for collecting Shipper’s Export Declaration (SED) (or any successor document) information from persons exporting goods from the United States, Puerto Rico, Foreign Trade Zones (FTZs) located in the United States or Puerto
Rico, the U.S. Virgin Islands, between Puerto Rico and the United States, and to the U.S. Virgin Islands from the United States or Puerto Rico. Exceptions, exclusions, and exemptions to this requirement are provided for in paragraph (d) of this section and Subpart D of this part. References to the AES also shall apply to AESDirect unless otherwise specified. For purposes of the regulations in this part, the SED information shall be referred to as EEI. Filing through the AES shall be done in accordance with the definitions, specifications, and requirements of the regulations in this part for all export shipments, except as specifically excluded in §30.2(d) or exempted in Subpart D of this part, when shipped as follows:

(i) To foreign countries or areas, including free (foreign trade) zones located therein (see §30.36 for exemptions for shipments from the United States to Canada) from any of the following:

(A) The United States, including the 50 states and the District of Columbia.
(B) Puerto Rico.
(C) FTZs located in the United States or Puerto Rico.
(D) The U.S. Virgin Islands.

(ii) Between any of the following nonforeign areas including goods previously admitted to customs warehouses or FTZs and moving under a U.S. Customs and Border Protection (CBP) bond:

(A) To Puerto Rico from the United States.
(B) To the United States from Puerto Rico.
(C) To the U.S. Virgin Islands from the United States or Puerto Rico.

(iii) The EEI shall be filed for goods moving as described in paragraphs (a)(1)(i) and (ii) of this section by any mode of transportation. (Instructions for filing EEI for vessels, aircraft, railroad cars, and other carriers when sold while outside the areas described in paragraphs (a)(1)(i) and (ii) are covered in §30.26.)

(iv) Notwithstanding exemptions in Subpart D, EEI shall be filed for the following types of export shipments, regardless of value:

(A) Requiring a Department of Commerce, Bureau of Industry and Security (BIS) license (15 CFR 730–774).

(B) Requiring a Department of State, Directorate of Defense Trade Controls (DDTC) license under the International Traffic in Arms Regulations (ITAR) (22 CFR Parts 120 through 130).

(C) Subject to the ITAR, but exempt from license requirements.

(D) Requiring a Department of Justice, Drug Enforcement Administration (DEA) export permit (21 CFR 1312).

(E) Destined for a country listed in Country Group E:1 as set forth in Supplement 1 to 15 CFR 740.

(F) Requiring an export license issued by any other federal government agency.

(G) Classified as rough diamonds under 6-digit HS subheadings 7102.10, 7102.21, and 7102.31.

(2) Filing methods. The USPPI has four means for filing EEI: use AESDirect; develop AES software using the AESTIR (see http://www.cbp.gov/xp/cgov/export/aes/); purchase software developed by certified vendors using the AESTIR; or use an authorized agent. An FPPI can only use an authorized agent in a routed export transaction.

(b) General requirements—(1) The EEI shall be filed prior to exportation (see §30.4) unless the USPPI has been approved to submit export data on a postdeparture basis (see §30.5(c)). Shipments requiring a license or license exemption may be filed postdeparture only when the appropriate licensing agency has granted the USPPI authorization. See Subpart B of this part.

(2) Specific data elements required for EEI filing are contained in §30.6.

(3) The AES downtime procedures provide uniform instructions for processing export transactions when the AES or AESDirect or the computer system of an AES participant is unavailable for transmission. (See §30.4(b)(1) and §30.4(b)(3).)

(4) Instructions for particular types of transactions and exemptions from these requirements are found in Subparts C and D of this part.

(5) The EEI is required to be filed in the AES prior to export for shipments by vessel going directly to the countries identified in U.S. Customs and Border Protection regulations 19 CFR 4.75(c) and by aircraft going directly or indirectly to those countries. (See U.S.
§ 30.3 Electronic Export Information filer requirements, parties to export transactions, and responsibilities of parties to export transactions.

(a) General requirements. The filer of EEI for export transactions is either the USPPI, or the U.S. authorized agent. All EEI submitted to the AES shall be complete, correct, and based on personal knowledge of the facts stated or on information furnished by the parties to the export transaction. The filer shall be physically located in the United States at the time of filing, have an EIN or DUNS and be certified to report in the AES. In the event that the filer does not have an EIN or DUNS, the filer must obtain an EIN from the Internal Revenue Service. The filer is responsible for the truth, accuracy, and completeness of the EEI, except insofar as that party can demonstrate that it reasonably relied on information furnished by other responsible persons participating in the transaction. All parties involved in export transactions, including U.S. authorized agents, should be aware that invoices and other commercial documents may not necessarily contain all the information needed to prepare the EEI. The parties shall ensure that all information needed for reporting to the AES, including correct export licensing information, is provided to the U.S. authorized agent for the purpose of correctly preparing the EEI.

(b) Parties to the export transaction—

(1) Principal parties in interest. Those persons in a transaction that receive the primary benefit, monetary or otherwise, are considered principal parties to the transaction. Generally, the principal parties in interest in a transaction are the seller and buyer. In most cases, the forwarding or other agent is not a principal party in interest.

(2) USPPI. For purposes of filing EEI, the USPPI is the person or legal entity in the United States that receives the primary benefit, monetary or otherwise, from the transaction. Generally, that person or entity is the U.S. seller, manufacturer, order party, or foreign entity purchasing or obtaining goods for export. The foreign entity shall be
§ 30.3

listed as the USPPI if it is in the United States when the items are purchased or obtained for export. The foreign entity shall then follow the provisions for filing the EEI specified in § 30.3 and § 30.6 pertaining to the USPPI.

(i) If a U.S. manufacturer sells goods directly to an entity in a foreign area, the U.S. manufacturer shall be listed as the USPPI in the EEI.

(ii) If a U.S. manufacturer sells goods, as a domestic sale, to a U.S. buyer (wholesaler/distributor) and that U.S. buyer sells the goods for export to a FPPI, the U.S. buyer (wholesaler/distributor) shall be listed as the USPPI in the EEI.

(iii) If a U.S. order party directly arranges for the sale and export of goods to a foreign entity, the U.S. order party shall be listed as the USPPI in the EEI.

(iv) If a customs broker is listed as the importer of record when entering goods into the United States for immediate consumption or warehousing entry, the customs broker may be listed as the USPPI in the EEI if the goods are subsequently exported without change or enhancement.

(v) If a foreign person is listed as the importer of record when entering goods into the United States for immediate consumption or warehousing entry, the customs broker who entered the goods, may be listed as the USPPI in the EEI if the goods are subsequently exported without change or enhancement.

(3) Authorized agent. The agent shall be authorized by the USPPI or, in the case of a routed export transaction, the agent shall be authorized by the FPPI to prepare and file the EEI. In a routed export transaction, the authorized agent can be the “exporter” for export control purposes as defined in 15 CFR 772.1 of the U.S. Department of Commerce EAR. However, the authorized agent shall not be shown as the USPPI in the EEI unless the agent acts as a USPPI in the export transaction as defined in paragraphs (b)(2)(iii), (iv), and (v) of this section.

(c) General responsibilities of parties in export transactions—(1) USPPI responsibilities. (i) The USPPI can prepare and file the EEI itself, or it can authorize an agent to prepare and file the EEI on its behalf. If the USPPI prepares the EEI itself, the USPPI is responsible for the accuracy and timely transmission of all the export information reported to the AES.

(ii) When the USPPI authorizes an agent to file the EEI on its behalf, the USPPI is responsible for:

(A) Providing the authorized agent with accurate and timely export information necessary to file the EEI.

(B) Providing the authorized agent with a power of attorney or written authorization to file the EEI (see paragraph (f) of this section for written authorization requirements for agents).

(C) Retaining documentation to support the information provided to the authorized agent for filing the EEI, as specified in § 30.10.

(2) Authorized agent responsibilities. The agent, when authorized by a USPPI to prepare and file the EEI for an export transaction, is responsible for performing the following activities:

(i) Accurate preparation and timely filing of the EEI based on information received from the USPPI and other parties involved in the transaction.

(ii) Obtaining a power of attorney or written authorization to file the EEI.

(iii) Retaining documentation to support the information reported to the AES, as specified in § 30.10.

(iv) Upon request, providing the USPPI with a copy of the export information filed in a mutually agreed upon format.

(d) Filer responsibilities. Responsibilities of USPPIs and authorized agents filing EEI are as follows:

(1) Filing complete and accurate information (see § 30.4 for a delineation of filing responsibilities of USPPIs and authorized agents).

(2) Filing information in a timely manner in accordance with the provisions and requirements contained in this part.

(3) Responding to fatal errors, warning, verify and reminder messages, and compliance alerts generated by the AES in accordance with provisions and requirements contained in this part.

(4) Providing the exporting carrier with the required proof of filing citations or exemption legends in accordance with provisions contained in this part.
(5) Promptly filing corrections or cancellations to EEI in accordance with provisions contained in § 30.9.

(6) Retaining all necessary and proper documentation related to EEI transactions in accordance with provisions contained in this part (see §30.10 for specific requirements for retaining and producing documentation for export shipments).

(e) Responsibilities of parties in a routed export transaction. The Census Bureau recognizes “routed export transactions” as a subset of export transactions. A routed export transaction is a transaction in which the FPPI authorizes a U.S. agent to facilitate the export of items from the United States and to prepare and file EEI.

(1) USPPI responsibilities. In a routed export transaction, the FPPI may authorize or agree to allow the USPPI to prepare and file the EEI. If the FPPI agrees to allow the USPPI to file the EEI, the FPPI must provide a written authorization to the USPPI assuming the responsibility for filing. The USPPI may authorize an agent to file the EEI on its behalf. If the USPPI or its agent prepares and files the EEI, it shall retain documentation to support the EEI filed. If the FPPI agrees to allow the USPPI to file the EEI, the filing of the export transaction shall be treated as a routed export transaction. If the FPPI authorizes an agent to prepare and file the EEI, the USPPI shall retain documentation to support the information provided to the agent for preparing the EEI as specified in § 30.10 and provide the agent with the following information to assist in preparing the EEI:

(i) Name and address of the USPPI.

(ii) USPPI’s EIN or DUNS.

(iii) State of origin (State).

(iv) FTZ if applicable.

(v) Commercial description of commodities.

(vi) Origin of goods indicator: Domestic (D) or Foreign (F).

(vii) Schedule B or HTSUSA Classification Commodity Code.

(viii) Quantities/units of measure.

(ix) Value.

(x) Export Control Classification Number (ECCN) or sufficient technical information to determine the ECCN.

(xi) All licensing information necessary to file the EEI for commodities where the Department of State, the Department of Commerce, or other U.S. government agency issues a license for the commodities being exported, or the merchandise is being exported under a license exemption or license exception.

(xii) Any information that it knows will affect the determination of license authorization (see Subpart B of this part for additional information on licensing requirements).

NOTE TO PARAGRAPH (e)(1) OF THIS SECTION: For items in paragraph (e) (1) (ix), (x), (xi) and (xii) of this section, where the FPPI has assumed responsibility for determining and obtaining license authority see requirements set forth in 15 CFR 758.3 of the EAR.

(2) Authorized agent responsibilities. In a routed export transaction, if an authorized agent is preparing and filing the EEI on behalf of the FPPI, the authorized agent must obtain a power of attorney or written authorization from the FPPI and prepare and file the EEI based on information obtained from the USPPI or other parties involved in the transaction. The authorized agent shall be responsible for filing the EEI accurately and timely in accordance with the FTR. Upon request, the authorized agent will provide the USPPI with a copy of the power of attorney or written authorization from the FPPI. The authorized agent shall also retain documentation to support the EEI reported through the AES. The agents shall upon request, provide the USPPI with the data elements in paragraphs (e)(1)(i) through (xii) of this section as submitted through the AES. The authorized agent shall provide the following export information through the AES:

(i) Date of export.

(ii) Transportation Reference Number.

(iii) Ultimate consignee.

(iv) Intermediate consignee, if applicable.

(v) Authorized agent name and address.

(vi) EIN or DUNS of the authorized agent.

(vii) Country of ultimate destination.

(viii) Method of transportation.

(ix) Carrier identification and conveyance name.

(x) Port of export.

(xi) Foreign port of unloading.
§ 30.4

(xii) Shipping weight.
(xiii) ECCN.
(xiv) License or license exemption information.

NOTE TO PARAGRAPH (e)(2) OF THIS SECTION:
For items in paragraphs (e)(2)(xiii) and (xiv) of this section, where the FPPI has assumed responsibility for determining and obtaining license authority, see requirements set forth in 15 CFR 758.3 of the EAR.

(f) Authorizing an agent. In a power of attorney or other written authorization, authority is conferred upon an agent to perform certain specified acts or kinds of acts on behalf of a principal (see 15 CFR 758.1(h) of the EAR). In cases where an authorized agent is filing EEI to the AES, the agent shall obtain a power of attorney or written authorization from a principal party in interest to file the information on its behalf. A power of attorney or written authorization should specify the responsibilities of the parties with particularity and should state that the agent has authority to act on behalf of a principal party in interest as its true and lawful agent for purposes of creating and filing EEI in accordance with the laws and regulations of the United States. In routed export transactions the USPPI is not required to provide an agent of the FPPI with a power of attorney or written authorization.

NOTE TO § 30.3: The EAR defines the “exporter” as the person in the United States who has the authority of a principal party in interest to determine and control the sending of items out of the United States (see 15 CFR 772 of the EAR). For statistical purposes “exporter” is not defined in the FTR. Instead, however, the USPPI is defined in the FTR.

For purposes of licensing responsibility under the EAR, the U.S. agent of the FPPI may be the “exporter” or applicant on the license in certain routed export transactions (see 15 CFR 758.3 of the EAR). Therefore, due to the differences in export reporting requirements among Federal agencies, conformity of documentation is not required in the FTR.

[73 FR 31555, June 2, 2008, as amended at 74 FR 38916, Aug. 5, 2009]

§ 30.4 Electronic Export Information filing procedures, deadlines, and certification statements.

Two electronic filing options (predeparture and postdeparture) for transmitting EEI are available to the USPPI or authorized agent. The electronic postdeparture filing takes into account that complete information concerning export shipments may not always be available prior to exportation and accommodates these circumstances by providing, when authorized, for filing of EEI after departure. For example, for exports of seasonal and agricultural commodities, only estimated quantities, values, and consignees may be known prior to exportation. The procedures for obtaining certification as an AES filer and for applying for authorization to file on a postdeparture basis are described in §30.5.

(a) EEI transmitted predeparture. The EEI shall always be transmitted prior to departure for the following types of shipments:

(1) Used self-propelled vehicles as defined in 19 CFR 192.1 of U.S. Customs and Border Protection regulations.
(2) Essential and precursor chemicals requiring a permit from the DEA;
(3) Shipments defined as “sensitive” by Executive Order;
(4) Shipments where a U.S. government agency requires predeparture filing;
(5) Shipments defined as “routed export transactions” (see §30.3(e));
(6) Shipments to countries where complete outbound manifests are required prior to clearing vessels or aircraft for export (see U.S. Customs and Border Protection regulations 19 CFR 4.75(c) and 122.74(b)(2) for a listing of these countries);
(7) Items identified on the USML of the ITAR (22 CFR 121);
(8) Exports that require a license from the BIS, unless the BIS has approved postdeparture filing privileges for the USPPI;
(9) Shipments of rough diamonds classified under HS subheadings 7102.10, 7102.21, and 7102.31 and exported (reexported) in accordance with the Kimberley Process; and
(10) Shipments for which the USPPI has not been approved for postdeparture filing.

(b) Filing deadlines for EEI transmitted predeparture. The USPPI or the authorized agent shall file the required EEI and have received the AES ITN no later than the time period specified as follows:

(1) For USML shipments, refer to the ITAR (22 CFR 120 through 130) for specific requirements concerning predeparture filing time frames. In addition, if a filer is unable to acquire an ITN because the AES is not operating, the filer shall not export until the AES is operating and an ITN is acquired.

(2) For non-USML shipments when the AES is unavailable, use the following instructions:

(i) If the participant’s AES is unavailable, the filer must delay the export of the goods or find an alternative filing method;

(ii) If AES or AESDirect is unavailable, the goods may be exported and the filer must:

(A) Provide the appropriate downtime filing citation as described in §30.7(b) and Appendix D; and

(B) Report the EEI at the first opportunity AES is available.

(c) EEI transmitted postdeparture. Postdeparture filing is only available for approved USPPIs and provides for the electronic filing of the data elements required by §30.6 no later than ten calendar days from the date of exportation. For USPPIs approved for postdeparture filing, all shipments (other than those for which predeparture filing is specifically required), by all methods of transportation, may be exported with the filing of EEI made postdeparture. Certified AES authorized agents or service centers may transmit information postdeparture on behalf of USPPIs approved for postdeparture filing, or the approved USPPI may transmit the data postdeparture itself. However, authorized agents or service centers will not be approved for postdeparture filing.

(d) Proof of filing citation and exemption and exclusion legends. The USPPI or the authorized agent shall provide the exporting carrier with the proof of filing citation and exemption and exclusion legends as described in §30.7.

§ 30.5 Electronic Export Information filing application and certification processes and standards.

Prior to filing EEI, the USPPI or the authorized agent must be certified to file through the AES. A service center shall be certified to transmit electronically to the AES. The USPPI, authorized agent, or service center may use a
software package designed by a certified vendor to file EEI through the AES. Once an authorized agent has successfully completed the certification process, any USPPI using that agent does not have to be certified. The certified authorized agent shall have a properly executed power of attorney or written authorization from the USPPI or FPPI, and be physically located in the United States to file EEI through the AES. The USPPI or authorized agent that utilizes a certified software vendor or service center shall complete certification testing. Service centers may only transmit export information; they may not prepare and file export information unless they have authorization from the USPPI in the form of a power of attorney or written authorization, thus making them authorized agents. The USPPI seeking approval for postdeparture filing privileges shall be approved before they or their authorized agent may file on a postdeparture basis.

(a) AES application process—(1) AES Participation Application. The USPPI or authorized agent who chooses to file through the AES and seek approval for postdeparture filing privileges, must submit a complete on-line LOI at http://www.census.gov/aes. 

(2) AESDirect registration. The USPPI or authorized agent who chooses to file through AESDirect shall also complete the online AESDirect registration form at http://www.aesdirect.gov. After submitting the registration, an AESDirect filing account is created for the filing company. The person designated as the account administrator is responsible for activating the account and completing the certification process as discussed in paragraph (b)(2) of this section.

(b) Certification process—(1) AES certification process. The USPPI or authorized agent shall perform an initial two-part communication test to ascertain whether its system is capable of both transmitting data to, and receiving data from, the AES. The USPPI or authorized agent shall demonstrate specific system application capabilities. The capability to correctly handle these system applications is the prerequisite to certification for participation in the AES. The USPPI or authorized agent shall successfully transmit the AES certification test. CBP’s and/or Census Bureau’s client representatives provide assistance during certification testing. These representatives make the sole determination as to whether or not the USPPI or authorized agent qualifies for certification. Upon successful completion of certification testing, the USPPI’s or authorized agent’s status is moved from testing mode to operational status. The AES filers may be required to repeat the certification testing process at any time. The Census Bureau will provide the AES filer with a certification notice after the USPPI or authorized agent has been approved for operational status. The certification notice will include:

(i) The date that filers may begin transmitting data;
(ii) Reporting instructions; and
(iii) Examples of the required AES proof of filing citations, postdeparture filing citations, AES downtime filing citation, and exemption legends.

(2) AESDirect certification process. To become certified for AESDirect, filers shall demonstrate knowledge of this part and the ability to successfully transmit EEI. Upon successful completion of the certification testing, notification by e-mail will be sent to the account administrator when an account is fully activated for filing via AESDirect. Certified filers should print and retain the page congratulating the filer on passing the test.

(c) Postdeparture filing approval process. The USPPI may apply for postdeparture filing privileges by submitting a postdeparture filing application at http://www.census.gov/aes. An authorized agent may not apply on behalf of a USPPI. The Census Bureau will distribute the LOI to CBP and the other federal government partnership agencies participating in the AES postdeparture filing review process. Failure to meet the standards of the Census Bureau, CBP or any of the partnership agencies is reason for denial of the AES applicant for postdeparture filing privileges. Each partnership agency will develop its own internal postdeparture filing acceptance standards, and each agency will notify the Census Bureau of the USPPI’s success.
or failure to meet that agency’s acceptance standards. Any partnership agency may require additional information from USPPIs that are applying for postdeparture filing. The Census Bureau will notify the USPPI of the decision to either deny or approve their application for postdeparture filing privileges within thirty (30) calendar days of receipt of the postdeparture filing application by the Census Bureau, or if a decision cannot be reached at that time, the USPPI will be notified of an extension for a final decision as soon as possible after the thirty (30) calendar days.

1) Grounds for denial of postdeparture filing status. The Census Bureau may deny a USPPI’s application for postdeparture filing privileges for any of the following reasons:

(i) There is no history of filing for the USPPI through the AES.
(ii) The USPPI’s volume of EEI reported through the AES does not warrant participation in postdeparture filing.
(iii) The USPPI or its authorized agent has failed to submit EEI through the AES in a timely and accurate manner.
(iv) The USPPI has a history of non-compliance with the Census Bureau export regulations contained in this part.
(v) The USPPI has been indicted, convicted, or is currently under investigation for a felony involving a violation of federal export laws or regulations and the Census Bureau has evidence of probable cause supporting such violation, or the USPPI is in violation of Census Bureau export regulations contained in this part.
(vi) The USPPI has made or caused to be made in the LOI a false or misleading statement or omission with respect to any material fact.
(vii) The USPPI would pose a significant threat to national security interests such that its participation in postdeparture filing should be denied.
(viii) The USPPI has multiple violations of either the EAR (15 CFR 730 through 774) or the ITAR (22 CFR 120 through 130) within the last three (3) years.

2) Notice of denial. A USPPI denied postdeparture filing privileges by other agencies shall contact those agencies regarding the specific reason(s) for nonselection and for their appeal procedures. A USPPI denied postdeparture filing status by the Census Bureau will be provided with a specific reason for nonselection and a Census Bureau point of contact in an electronic notification letter. A USPPI may appeal the Census Bureau’s nonselection decision by following the appeal procedure and reapplication procedure provided in paragraph (c)(5) of this section.

3) Revocation of postdeparture filing privileges—(i) Revocation by the Census Bureau. The Census Bureau may revoke postdeparture filing privileges of an approved USPPI for the following reasons:

(A) The USPPI’s volume of EEI reported in the AES does not warrant continued participation in postdeparture filing;
(B) The USPPI or its authorized agent has failed to submit EEI through the AES in a timely and accurate manner;
(C) The USPPI has made or caused to be made in the LOI a false or misleading statement or omission with respect to material fact;
(D) The USPPI submitting the LOI has been indicted, convicted, or is currently under investigation for a felony involving a violation of federal export laws or regulations and the Census Bureau has evidence of probable cause supporting such violation, or the AES applicant is in violation of export rules and regulations contained in this part;
(E) The USPPI has failed to comply with existing export regulations or has failed to pay any outstanding penalties assessed in connection with such non-compliance; or
(F) The USPPI would pose a significant threat to national security interests such that its continued participation in postdeparture filing should be terminated.

(ii) Revocation by other agencies. Any of the other agencies may revoke a USPPI’s postdeparture filing privileges with respect to transactions subject to the jurisdiction of that agency. When doing so, the agency shall notify both the Census Bureau and the USPPI whose authorization is being revoked.

3) Notice of revocation. Approved postdeparture filing USPPIs whose
§ 30.5

postdeparture filing privileges have been revoked by other agencies shall contact those agencies for their specific revocation and appeal procedures. When the Census Bureau makes a determination to revoke an approved USPPI’s postdeparture filing privileges, the USPPI will be notified electronically of the reason(s) for the decision. In most cases, the revocation shall become effective when the USPPI has either exhausted all appeal procedures, or thirty (30) calendar days after receipt of the notice of revocation, if no appeal is filed. However, in cases judged to affect national security, revocations shall become effective immediately upon notification.

(5) Appeal procedure. Any USPPI whose request for postdeparture filing privileges has been denied by the Census Bureau or whose postdeparture filing privileges have been revoked by the Census Bureau may appeal the decision by filing an appeal within thirty (30) calendar days of receipt of the notice of decision. Appeals should be addressed to the Chief, Foreign Trade Division, U.S. Census Bureau, Washington, DC 20233–6700. The Census Bureau will issue a written decision to the USPPI within thirty (30) calendar days from the date of receipt of the appeal by the Census Bureau. If a written decision is not issued within thirty (30) calendar days, the Census Bureau will forward to the USPPI a notice of extension within that time period. The USPPI will be provided with the reasons for the extension of this time period and an expected date of decision. The USPPIs who have had their postdeparture filing status denied or revoked may not reapply for this privilege for one year following written notification of the denial or revocation.

(d) Electronic Export Information filing standards. The data elements required for filing EEI are contained in §30.6. When filing EEI, the USPPI or authorized agent shall comply with the data transmission procedures determined by CBP and the Census Bureau and shall agree to stay in complete compliance with all export rules and regulations in this part, and renders such principal party or the authorized agent subject to the penalties provided for in Subpart H of this part. In the case of AESDirect, when submitting a registration form to AESDirect, the registering company is certifying that it will be in compliance with all applicable export rules and regulations. This includes complying with the following security requirements:

(1) AESDirect user names, administrator codes, and passwords are to be kept secure by the account administrator and not disclosed to any unauthorized user or any persons outside the registered company.

(2) Registered companies are responsible for those persons having access to the user name, administrator code, and password. If an employee with direct access to the user name, administrator code, and password leaves the company or otherwise is no longer an authorized user, the company shall immediately change the password and administrator code in the system to ensure the integrity and confidentiality of Title 13 data.

(3) Antivirus software shall be installed and set to run automatically on all computers that access AESDirect. All AESDirect registered companies will maintain subscriptions with their antivirus software vendor to keep antivirus lists current. Registered companies are responsible for performing full scans of these systems on a regular basis, but not less than every thirty (30) days, to ensure the elimination of any virus contamination. If the registered company’s computer system is infected with a virus, the company shall contact the Census Bureau’s Foreign Trade Division Computer Security Officer and refrain from using AESDirect until it is virus free. Failure to comply with these requirements will result in immediate loss of privilege to use AESDirect until the registered company can establish to the satisfaction of the Census Bureau’s Foreign Trade Division Computer Security Officer that the company’s computer systems accessing AESDirect are virus free.

(e) Monitoring the filing of EEI. The USPPI’s or the authorized agent’s AES filings will be monitored and reviewed for quality, timeliness, and coverage.
The Census Bureau will provide performance reports to USPPIs and authorized agents who file EEI. The Census Bureau will take appropriate action to correct specific situations where the USPPI or authorized agent fails to maintain acceptable levels of data quality, timeliness, or coverage.

(f) Support. The Census Bureau provides online services that allow the USPPI and the authorized agent to seek assistance pertaining to AES and this part. For AES assistance, filers may send an e-mail to ASKAES@census.gov and for FTR assistance, filers may send an e-mail to FTDREGS@census.gov. AESDirect is supported by a help desk available twelve (12) hours a day from 7 a.m. to 7 p.m. EST, seven (7) days a week. Filers can obtain contact information from the Web site http://www.aesdirect.gov.

§ 30.6 Electronic Export Information data elements.

The information specified in this section is required for shipments transmitted to the AES. The data elements identified as “mandatory” shall be reported for each transaction. The data elements identified as “conditional” shall be reported if they are required for or apply to the specific shipment. The data elements identified as “optional” may be reported at the discretion of the USPPI or the authorized agent.

(a) Mandatory data elements are as follows:

(1) USPPI and USPPI identification. The name, address, identification, and contact information of the USPPI shall be reported to the AES as follows:

(i) Name of the USPPI. In all export transactions, the name listed in the USPPI field in the EEI shall be the USPPI in the transaction. (See §30.1 for the definition of the USPPI and §30.3 for details on the USPPI’s reporting responsibilities.)

(ii) Address of the USPPI. In all EEI filings, the USPPI shall report the address or location (no post office box number) from which the goods actually begin the journey to the port of export. For example, the EEI covering goods loaded aboard a truck at a warehouse in Georgia for transport to Florida for loading onto a vessel for export to a foreign country shall show the address of the warehouse in Georgia. For shipments with multiple origins, report the address from which the commodity with the greatest value begins its export journey. If such information is not known, report the address in state in which the commodities are consolidated for export.

(iii) USPPI identification number. The USPPI shall report its own IRS EIN in the USPPI field of the EEI. If the USPPI has only one EIN, report that EIN. If the USPPI has more than one EIN, report the EIN that the USPPI uses to report employee wages and withholdings, and not the EIN that is used to report only company earnings or receipts. If the USPPI does not have an EIN, the USPPI must obtain an EIN for reporting to the AES. Use of another company’s or individual’s EIN or other identification number is prohibited. The appropriate Party type code shall be reported through the AES. When a foreign entity is in the United States when the items are purchased or obtained for export, the foreign entity is the USPPI for filing purposes. In such situations, the foreign entity shall report a DUNS, border crossing number, passport number, or any number assigned by CBP.

(iv) Contact information. Show contact name and telephone number.

(2) Date of export. The date of export is the date when goods are scheduled to leave the port of export on the exporting carrier that is taking the goods out of the United States.

(3) Ultimate consignee. The ultimate consignee is the person, party, or designee that is located abroad and actually receives the export shipment. The name and address of the ultimate consignee, whether by sale in the United States or abroad or by consignment, shall be reported in the EEI. The ultimate consignee as known at the time of export shall be reported. For shipments requiring an export license, the ultimate consignee shall be the person so designated on the export license or authorized to be the ultimate consignee under the applicable license exemption in conformance with the EAR or ITAR, as applicable. For goods sold en route, report the appropriate “To be
§ 30.6

Sold En Route’’ indicator in the EEI, and report corrected information as soon as it is known (see §30.9 for procedures on correcting AES information).

(4) U.S. state of origin. The U.S. state of origin is the 2-character postal code for the state in which the goods begin their journey to the port of export. For example, a shipment covering goods laden aboard a truck at a warehouse in Georgia for transport to Florida for loading onto a vessel for export to a foreign country shall show Georgia as the state of origin. The U.S. state of origin may be different from the U.S. state where the goods were produced, mined, or grown. For shipments of multi-state origin, reported as a single shipment, report the U.S. state of the commodity with the greatest value. If such information is not known, report the state in which the commodities are consolidated for export.

(5) Country of ultimate destination. The country of ultimate destination is the country in which the goods are to be consumed or further processed or manufactured. The country of ultimate destination is the code issued by the ISO.

(i) Shipments under an export license or license exemption. For shipments under an export license or license exemption issued by the Department of State, DDTC, or the Department of Commerce, BIS, the country of ultimate destination shall conform to the country of ultimate destination as shown on the license. In the case of a Department of State license, the country of ultimate destination is the country specified with respect to the end user. For goods licensed by other government agencies refer to their specific requirements concerning providing country of destination information.

(ii) Exports through Canada, Mexico, or other foreign countries for transshipment to another destination. For transshipments through Canada, Mexico, or another foreign country, the mode of transportation is the mode of the carrier transporting the goods out of the United States.

(iii) For goods to be sold en route, report the country of the first port of call and then report corrected information as soon as it is known.

(6) Method of transportation. The method of transportation is the means by which the goods are exported from the United States.

(i) Conveyances exported under their own power. The mode of transportation for aircraft, vessels, or locomotives (railroad stock) transferring ownership or title and moving out of the United States under its own power is the mode of transportation by which the conveyance moves out of the United States.

(ii) Exports through Canada, Mexico, or other foreign countries for transshipment to another destination. For transshipments through Canada, Mexico, or another foreign country, the mode of transportation is the mode of the carrier transporting the goods out of the United States.

(7) Conveyance name/carrier name. The conveyance name/carrier name is the name of the conveyance/carrier transporting the goods out of the United States as known at the time of exportation. For exports by sea, the conveyance name is the vessel name. For exports by air, rail, or truck, the carrier name is that which corresponds to the carrier identification as specified in paragraph (a)(8) of this section. Terms, such as airplane, train, rail, truck, vessel, barge, or international footbridge are not acceptable. For shipments by other methods of transportation, including mail, fixed methods (pipeline), the conveyance/carrier name is not required.
(8) **Carrier identification.** The carrier identification specifies the carrier that transports the goods out of the United States. The carrier transporting the goods to the port of export and the carrier transporting the goods out of the United States may be different. For transshipments through Canada, Mexico, or another foreign country, the carrier identification is that of the carrier that transports the goods out of the United States. The carrier identification is the Standard Carrier Alpha Code (SCAC) for vessel, rail, and truck shipments or the International Air Transport Association (IATA) code for air shipments. For other valid method of transportation, including mail, fixed modes (pipeline), and passenger, hand carried the carrier identification is not required. The National Motor Freight Traffic Association (NMFTA) issues and maintains the SCAC. (See http://www.nmfta.org.) The IATA issues and maintains the IATA codes. (See http://www.census.gov/trade for a list of IATA codes.)

(9) **Port of export.** The port of export is the seaport or airport where the goods are loaded on the exporting carrier that is taking the goods out of the United States, or the port where exports by overland transportation cross the U.S. border into a foreign country. The port of export shall be reported in terms of Schedule D, “Classification of CBP Districts and Ports.” Use port code 8000 for shipments by mail.

(i) **Vessel and air exports involving several ports of exportation.** For goods loaded aboard a carrier in a port of lading, where the carrier stops at several ports before clearing to the foreign country, the port of export is the first port where the goods were loaded on the exporting carrier. For goods off-loaded from the original conveyance to another conveyance (even if the aircraft or vessel belongs to the same carrier) at any of the ports, the port where the goods were loaded on the last conveyance before going foreign is the port of export.

(ii) **Exports through Canada, Mexico, or other foreign countries for transshipment to another destination.** For transshipments through Canada, Mexico, or another foreign country to a third country, the port of export is the location where the goods are loaded on the carrier that is taking the goods out of the United States.

(10) **Related party indicator.** Used to indicate when a transaction involving trade between a USPPI and an ultimate consignee where either party owns directly or indirectly 10 percent or more of the other party.

(11) **Domestic or foreign indicator.** Indicates if the goods exported are of domestic or foreign origin. Report foreign goods separately from goods of domestic production even if the commodity classification number is the same.

(i) **Domestic.** Exports of domestic goods include: Those commodities that are grown, produced, or manufactured (including commodities incorporating foreign components) in the United States, including goods exported from U.S. FTZs, Puerto Rico, or the U.S. Virgin Islands; and those articles of foreign origin that have been enhanced in value or changed from the form in which they were originally imported by further manufacture or processing in the United States, including goods exported from U.S. FTZs, Puerto Rico, or the U.S. Virgin Islands.

(ii) **Foreign.** Exports of foreign goods include those commodities that are grown, produced, or manufactured in foreign countries that entered the United States including goods admitted to U.S. FTZs as imports and that, at the time of exportation, have undergone no change in form or condition or enhancement in value by further manufacture in the United States, in U.S. FTZs, in Puerto Rico, or in the U.S. Virgin Islands.

(12) **Commodity classification number.** Report the 10-digit commodity classification number as provided in Schedule B, Statistical Classification of Domestic and Foreign Commodities Exported from the United States in the EEI. The 10-digit commodity classification number provided in the Harmonized Tariff Schedule of the United States (HTSUSA) may be reported in lieu of the Schedule B commodity classification number except as noted in the headnotes of the HTSUSA. The HTSUSA is a global classification system used to describe most world trade
30.6 in goods. Furnishing the correct Schedule B or HTSUSA number does not relieve the USPPI or the authorized agent of furnishing a complete and accurate commodity description. When reporting the Schedule B number or HTSUSA number, the decimals shall be omitted. (See http://www.census.gov/trade for a list of Schedule B classification numbers.)

(13) Commodity description. Report the description of the goods shipped in English in sufficient detail to permit verification of the Schedule B or HTSUSA number. Clearly and fully state the name of the commodity in terms that can be identified or associated with the language used in Schedule B or HTSUSA (usually the commercial name of the commodity), and any and all characteristics of the commodity that distinguish it from commodities of the same name covered by other Schedule B or HTSUSA classifications. If the shipment requires a license, the description reported in the EEI shall conform with that shown on the license. If the shipment qualifies for a license exemption, the description shall be sufficient to ensure compliance with that license exemption. However, where the description on the license does not state all of the characteristics of the commodity that are needed to completely verify the commodity classification number, as described in this paragraph, report the missing characteristics, as well as the description shown on the license, in the commodity description field of the EEI.

(14) Primary unit of measure. The unit of measure shall correspond to the primary quantity as prescribed in the Schedule B or HTSUSA. If neither Schedule B nor HTSUSA specifies a unit of measure for the item, an “X” is required in the unit of measure field.

(15) Primary quantity. The quantity is the total number of units that correspond to the first unit of measure specified in the Schedule B or HTSUSA. Where the unit of measure is in terms of weight (grams, kilograms, metric tons, etc.), the quantity reflects the net weight, not including the weight of barrels, boxes, or other bulky coverings, and not including salt or pickle in the case of salted or pickled fish or meats. For a few commodities where “content grams” or “content kilograms” or some similar weight unit is specified in Schedule B or HTSUSA, the quantity may be less than the net weight. The quantity is reported as a whole unit only, without commas or decimals. If the quantity contains a fraction of a whole unit, round fractions of one-half unit or more up and fractions of less than one-half unit down to the nearest whole unit. (For example, where the unit for a given commodity is in terms of “tons,” a net quantity of 8.4 tons would be reported as 8 for the quantity. If the quantity is less than one unit, the quantity is 1.)

(16) Shipping weight. The shipping weight is the weight in kilograms, which includes the weight of the commodity, as well as the weight of normal packaging, such as boxes, crates, barrels, etc. The shipping weight is required for exports by air, vessel, rail, and truck, and required for exports of household goods transported by all methods. For exports (except household goods) by mail, fixed transport (pipeline), or other valid methods, the shipping weight is not required and shall be reported as zero. For containerized cargo in lift vans, cargo vans, or similar substantial outer containers, the weight of such containers is not included in the shipping weight. If the shipping weight is not available for each Schedule B or HTSUSA item included in one or more containers, the approximate shipping weight for each item is estimated and reported. The total of these estimated weights equals the actual shipping weight of the entire container or containers.

(17) Value. In general, the value to be reported in the EEI shall be the value of the goods at the U.S. port of export. The value shall be the selling price as defined in this paragraph (or the cost if the goods are not sold), including inland or domestic freight, insurance, and other charges to the U.S. seaport, airport, or land border port of export. Cost of goods is the sum of expenses incurred in the USPPI acquisition or production of the goods. Report the value to the nearest dollar; omit cents. Fractions of a dollar less than 50 cents should be ignored, and fractions of 50
cents or more should be rounded up to
the next dollar.

(i) Selling price. The selling price for
goods exported pursuant to sale, and
the value to be reported in the EEI, is
the USPPI’s price to the FPPI (the for-

eign buyer). Deduct from the selling
price any unconditional discounts, but
do not deduct discounts that are condi-
tional upon a particular act or per-
formance on the part of the foreign
buyer. For goods shipped on consign-
ment without a sale actually having
been made at the time of export, the
selling price to be reported in the EEI
is the market value at the time of ex-
port at the U.S. port.

(ii) Adjustments. When necessary,
make the following adjustments to ob-
tain the value.

(A) Where goods are sold at a point
other than the port of export, freight,
insurance, and other charges required
in moving the goods from their U.S.
point of origin to the exporting carrier
at the port of export or border crossing
point shall be added to the selling price
(as defined in paragraph (a)(17)(i) of
this section) for purposes of reporting
the value in the EEI.

(B) Where the actual amount of
freight, insurance, and other domestic
costs is not available, an estimate of
the domestic costs shall be made and
added to the cost of the goods or sell-
ing price to derive the value to be re-
ported in the EEI. Add the estimated
domestic costs to the cost or selling
price of the goods to obtain the value
to be reported in the EEI.

(C) Where goods are sold at a “deliv-
ered” price to the foreign destination,
the cost of loading the goods on the ex-
porting carrier, if any, and freight, in-

surance, and other costs beyond the
port of export shall be subtracted from
the selling price for purposes of report-
ing value in the EEI. If the actual
amount of such costs is not available,
an estimate of the costs should be sub-
tracted from the selling price.

(D) Costs added to or subtracted
from the selling price in accordance with
the instructions in this paragraph
(a)(17)(ii) should not be shown sepa-
rately in the EEI, but the value re-
ported should be the value after mak-
ing such adjustments, where required,
to arrive at the value of the goods at
the U.S. port of export.

(iii) Exclusions. Exclude the follow-
ing from the selling price of goods ex-
ported.

(A) Commissions to be paid by the
USPPI to its agent abroad or commis-
sions to be deducted from the selling
price by the USPPI’s agent abroad.

(B) The cost of loading goods on the
exporting carrier at the port of export.

(C) Freight, insurance, and any other
charges or transportation costs beyond
the port of export.

(D) Any duties, taxes, or other assess-
ments imposed by foreign countries.

(iv) For definitions of the value to be
reported in the EEI for special types of
transactions where goods are not being
exported pursuant to commercial sales,
or where subsidies, government financ-

ing or participation, or other unusual
conditions are involved, see Subpart C
of this part.

(18) Export information code. A code
that identifies the type of export ship-
ment or condition of the exported
items (e.g., goods donated for relief or
charity, impelled shipments, shipments
under the Foreign Military Sales pro-
gram, household goods, and all other
shipments). (For the list of the codes
see Appendix B.)

(19) Shipment reference number. A
unique identification number assigned
by the filer that allows for the identi-
fication of the shipment in the filer’s
system. The number must be unique
for five years.

(20) Line number. A number that iden-
tifies the specific commodity line item
within a shipment.

(21) Hazardous material indicator. An
indicator that identifies whether the
shipment is hazardous as defined by
the Department of Transportation.

(22) Inbond code. The code indicating
whether the shipment is being trans-
ported under bond.

(23) License code/license exemption code.
The code that identifies the com-
modity as having a federal government
agency requirement for a license, per-
mit, license exception or exemption or
that no license is required.

(24) Routed export transaction indi-
cator. An indicator that identifies that
the shipment is a routed export trans-
action as defined in §30.3.
§ 30.6

(25) Shipment filing action request indicator. An indicator that allows the filer to add, change, replace, or cancel an export shipment transaction.

(26) Line item filing action request indicator. An indicator that allows the filer to add, change, or delete a commodity line within an export shipment transaction.

(27) Filing option indicator. An indicator of whether the filer is reporting export information predeparture or postdeparture. See §30.4 for more information on EEI filing options.

(b) Conditional data elements are as follows:

(1) Authorized agent and authorized agent identification. If an authorized agent is used to prepare and file the EEI, the following information shall be provided to the AES.

(i) U.S. Authorized agent’s identification number. Report the U.S. authorized agent’s own EIN or DUNS for the first shipment and for each subsequent shipment. Use of another company’s or individual’s EIN or other identification number is prohibited. The party ID type of agent identification (E=EIN, D=DUNS) shall be indicated.

(ii) Name of the authorized agent. Report the name of the authorized agent. The authorized agent is that person or entity in the United States that is authorized by the USPPI or the FPPI to prepare and file the EEI or the person or entity, if any, named on the export license. (See §30.3 for details on the specific reporting responsibilities of authorized agents and Subpart B of this part for export control licensing requirements for authorized agents.)

(iii) Address of the authorized agent. Report the address or location (no post office box number) of the authorized agent. The authorized agent’s address shall be reported with the initial shipment. Subsequent shipments may be identified by the agent’s identification number.

(iv) Contact information. Report the contact name and telephone number.

(2) Intermediate consignee. The name and address of the intermediate consignee (if any) shall be reported. The intermediate consignee acts in a foreign country as an agent for the principal party in interest or the ultimate consignee for the purpose of effecting delivery of the export shipment to the ultimate consignee. The intermediate consignee is the person named as such on the export license or authorized to act as such under the applicable general license and in conformity with the EAR.

(3) FTZ identifier. If goods are removed from the FTZ and not entered for consumption, report the FTZ identifier. This is the unique identifier assigned by the Foreign Trade Zone Board that identifies the FTZ, subzone or site from which goods are withdrawn for export.

(4) Foreign port of unloading. The foreign port of unloading is the foreign port in the country where the goods are removed from the exporting carrier. The foreign port does not have to be located in the country of destination. For exports by sea to foreign countries, not including Puerto Rico, the foreign port of unloading is the code in terms of Schedule K, Classification of Foreign Ports by Geographic Trade Area and Country. For exports by sea or air between the United States and Puerto Rico, the foreign port of unloading is the code in terms of Schedule D, Classification of CBP Districts and Ports. The foreign port of unloading is not required for exports by other modes of transportation, including rail, truck, mail, fixed (pipeline), or air (unless between the U.S. and Puerto Rico).

(5) Export license number/CFR citation/KPC number. License number, permit number, citation, or authorization number assigned by the Department of Commerce, BIS; Department of State, DDTC; Department of the Treasury, OFAC; Department of Justice, DEA; Nuclear Regulatory Commission; or any other federal government agency.

(6) Export Control Classification Number (ECCN). The number used to identify items on the CCL, Supplement No. 1 to Part 774 of the EAR. The ECCN consists of a set of digits and a letter. Items that are not classified under an ECCN are designated “EAR99”.

(7) Secondary unit of measure. The unit of measure that corresponds to the secondary quantity as prescribed in the Schedule B or HTSUSA. If neither Schedule B nor HTSUSA specifies a secondary unit of measure for the item, the unit of measure is not required.
(8) **Secondary quantity.** The total number of units that correspond to the secondary unit of measure, if any, specified in the Schedule B or HTSUSA. See the definition of primary quantity for specific instructions on reporting the quantity as a weight and whole unit, rounding fractions.

(9) **Vehicle Identification Number (VIN)/Product ID.** The identification number found on the reported used vehicle. For used self-propelled vehicles that do not have a VIN, the Product ID is reported. “Used” vehicle refers to any self-propelled vehicle where the equitable or legal title to which has been transferred by a manufacturer, distributor, or dealer to an ultimate purchaser. See U.S. Customs and Border Protection regulations 19 CFR 192.1 for more information on exports of used vehicles.

(10) **Vehicle ID qualifier.** The qualifier that identifies the type of used vehicle number reported. The valid codes are V for VIN and P for Product ID.

(11) **Vehicle title number.** The number issued by the Motor Vehicle Administration.

(12) **Vehicle title state code.** The 2-character postal code for the state or territory that issued the vehicle title.

(13) **Entry number.** The entry number must be reported for goods that are entered in lieu of being transported under bond for which the importer of record is a foreign entity or, for reexports of goods withdrawn from a FTZ for which a NAFTA deferred duty claim (entry type 08) could have been made, but that the importer elected to enter for consumption under CBP entry type 06. For goods imported into the United States for export to a third country of ultimate destination, where the importer of record on the entry is a foreign entity, the USPPI will be the authorized agent designated by the foreign importer for service of process. The USPPI, in this circumstance, is required to report the import entry number.

(14) **Transportation reference number (TRN).** The TRN is as follows:

(i) **Vessel shipments.** Report the booking number for vessel shipments. The booking number is the reservation number assigned by the carrier to hold space on the vessel for cargo being exported. The TRN is required for all vessel shipments.

(ii) **Air shipments.** Report the master air waybill number for air shipments. The air waybill number is the reservation number assigned by the carrier to hold space on the aircraft for cargo being exported. The TRN is optional for air shipments.

(iii) **Rail shipments.** Report the bill of lading (BL) number for rail shipments. The BL number is the reservation number assigned by the carrier to hold space on the rail car for cargo being exported. The TRN is optional for rail shipments.

(iv) **Truck shipments.** Report the freight or pro bill number for truck shipments. The freight or pro bill number is the number assigned by the carrier to hold space on the truck for cargo being exported. The freight or pro bill number correlates to a bill of lading number, air waybill number or trip number for multimodal shipments. The TRN is optional for truck shipments.

(15) **Department of State requirements—**

(i) **DDTC registration number.** The number assigned by the DDTC to persons who are required to register per Part 122 of the ITAR (22 CFR 120 through 130), and have an authorization (license or exemption) from DDTC to export the article.

(ii) **DDTC Significant Military Equipment (SME) indicator.** A term used to designate articles on the USML (22 CFR 121) for which special export controls are warranted because of their capacity for substantial military utility or capability. See §120.7 of the ITAR 22 CFR 120 through 130 for a definition of SME and §121.1 for items designated as SME articles.

(iii) **DDTC eligible party certification indicator.** Certification by the U.S. exporter that the exporter is an eligible party to participate in defense trade. See 22 CFR 120.1(c). This certification is required only when an exemption is claimed.

(iv) **DDTC USML category code.** The USML category of the article being exported (22 CFR 121).
§ 30.7 Annotating the bill of lading, air waybill, or other commercial loading documents with proof of filing citations, and exemption legends.

(a) Items identified on the USML shall meet the predeparture reporting requirements identified in the ITAR (22 CFR 120 through 130) for the U.S. State Department requirements concerning the time and place of filing. For USML shipments, the proof of filing citations shall include the statement in “AES,” followed by the returned confirmation number provided by the AES when the transmission is accepted, referred to as the ITN.

(b) For shipments other than USML, the USPPI or the authorized agent is responsible for annotating the proper proof of filing citation or exemption legend on the first page of the bill of lading, air waybill, export shipping instructions or other commercial loading documents. The USPPI or the authorized agent must provide the proof of filing citation or exemption legend to the exporting carrier. The carrier must annotate the proof of filing citation, exemption or exclusion legends on the carrier’s outbound manifest when required. The carrier is responsible for presenting the appropriate proof of filing citation or exemption legend to CBP Port Director at the port of export as stated in Subpart E of this part. Such presentation shall be without material change or amendment of the proof of filing citation, postdeparture filing citation, AES downtime filing citation, or exemption legend as provided to the carrier by the USPPI or the authorized agent. The proof of filing citation will identify that the export information has been accepted as transmitted. The postdeparture filing citation, AES downtime filing citation, or exemption legend will identify that no filing is required prior to export. The proof of filing citations, postdeparture filing citations, or exemption legends shall appear on the bill of lading, air waybill or other commercial loading documentation and shall be clearly visible. The AES filing citation, exemption or exclusion legends are provided for in Appendix D. The exporting carrier shall annotate the manifest or other carrier documentation with the AES filing citations, exemption or exclusions legends.

(c) Exports of rough diamonds classified under HS subheadings 7102.10, 7102.21, and 7102.31, in accordance with the Clean Diamond Trade Act, will require the proof of filing citation, as stated in paragraph (b) of this section, and report the proof of filing citation on the KPC.

[73 FR 31555, June 2, 2008, as amended at 74 FR 38916, Aug. 5, 2009]
§ 30.8 Time and place for presenting proof of filing citations, and exemption and exclusions legends.

The following conditions govern the time and place to present proof of filing citations, postdeparture filing citations, exemption or exclusion legends. The USPPI or the authorized agent is required to deliver the proof of filing citations, postdeparture filing citations, AES downtime filing citation, exemption or exclusion legends required in §30.4(e) to the exporting carrier. See Appendix D of this part for the properly formatted proof of filing citations, exemption or exclusion legends. Failure of the USPPI or the authorized agent of either the USPPI or FPPI to comply with these requirements constitutes a violation of the regulations in this part and renders such principal party or the authorized agent subject to the penalties provided for in Subpart H of this part.

(a) Postal exports. The proof of filing citations, postdeparture filing citations, AES downtime filing citation, and/or exemption and exclusion legends for items being sent by mail, as required in §30.2, shall be presented to the postmaster with the packages at the time of mailing. The postmaster is required to deliver the proof of filing citations and/or exemption legends prior to export.

(b) Pipeline exports. The proof of filing citations or exemption and exclusion legends for items being sent by pipeline shall be presented to the operator of a pipeline no later than four calendar days after the close of the month.

(c) Exports by other methods of transportation. For exports sent other than by mail or pipeline, the USPPI or the authorized agent is required to deliver the proof of filing citations, and/or exemption and exclusion legends to the exporting carrier in accord with the time periods set forth in §30.4(b).

§ 30.9 Transmitting and correcting Electronic Export Information.

(a) The USPPI or the authorized filing agent is responsible for electronically transmitting accurate EEI as known at the time of filing in the AES and transmitting any changes to that information as soon as they are known. Corrections, cancellations, or amendments to that information shall be electronically identified and transmitted to the AES for all required fields as soon as possible. The provisions of this paragraph relating to the reporting of corrections, cancellations, or amendments to EEI, shall not be construed as a relaxation of the requirements of the rules and regulations pertaining to the preparation and filing of EEI. Failure to correct the EEI is a violation of the provisions of this part.

(b) For shipments where the USPPI or the authorized agent has received an error message from AES, the corrections shall take place as required. Fatal error messages are sent to filers when EEI is not accepted in the AES. These errors must be corrected and EEI resubmitted prior to export for shipments filed predeparture and as soon as possible for shipments filed postdeparture but not later than ten calendar days after departure. Failure to respond to fatal error messages or otherwise transmit corrections to the AES constitutes a violation of the regulations in this part and renders such principal party or authorized agent subject to the penalties provided for in Subpart H of this part. For EEI that generates a warning message, the correction shall be made within four (4) calendar days of receipt of the original transmission. For EEI that generates a verify message, the correction, when warranted, shall be made within four calendar days of receipt of the message. A compliance alert indicates that the shipment was not reported in accordance with regulation. The USPPI or the authorized agent is required to review filing practices and take whatever corrective actions are required to conform with export reporting requirements.

§ 30.10 Retention of export information and the authority to require production of documents.

(a) Retention of export information. All parties to the export transaction (owners and operators of export carriers, USPPIs, FPPIs and/or authorized agents) shall retain documents pertaining to the export shipment for five years from the date of export. If the
Department of State or other regulatory agency has recordkeeping requirements for exports that exceed the retention period specified in this part, then those requirements prevail. The USPPI or the authorized agent of the USPPI or FPPI may request a copy of the electronic record or submission from the Census Bureau as provided for in Subpart G of this part. The Census Bureau’s retention and maintenance of AES records does not relieve filers from requirements in §30.10.

(1) AES filers shall retain a copy of the electronic certification notice from the Census Bureau showing the filer’s approved operational status. The electronic certification notice shall be retained for as long as the filer submits EEI through the AES.

(2) AESDirect filers shall retain a copy of the electronic certification notice obtained during the AESDirect certification. The electronic certification notice shall be retained for as long as the filer submits EEI through AESDirect.

(b) Authority to require production of documents. For purposes of verifying the completeness and accuracy of information reported as required under §30.6, and for other purposes under the regulations in this part, all parties to the export transaction (owners and operators of the exporting carriers, USPPPIs, FPPIs, and/or authorized agents) shall provide upon request to the Census Bureau, CBP, ICE, BIS and other participating agencies EEI, shipping documents, invoices, orders, packing lists, and correspondence as well as any other relevant information bearing upon a specific export transaction at anytime within the five year time period.

NOTE TO §30.10: Section 1252(b)(2) of Public Law 106–113, Proliferation Prevention Enhancement Act of 1999, required the Department of Commerce to print and maintain on file a paper copy or other acceptable back-up record of the individual’s submission at a location selected by the Secretary of Commerce. The Census Bureau will maintain a data base of EEI filed in AES to ensure that requirements of Public Law 106–113 are met and that all filers can obtain a validated record of their submissions.

§ 30.15 Introduction.

(a) For export shipments to foreign countries, the EEI is used both for statistical and for export control purposes. All parties to an export transaction must comply with all relevant export control regulations, as well as the requirements of the statistical regulations of this part. For convenience, references to provisions of the EAR, ITAR, CBP, and OFAC regulations that affect the statistical reporting requirements of this part have been incorporated into this part. For regulations and information concerning other agencies that exercise export control and licensing authority for particular types of commodity shipments, a USPPI, its authorized agent, or other party to the transaction shall consult the appropriate agency regulations.

(b) In addition to the reporting requirements set forth in §30.6, further information may be required for export control purposes by the regulations of CBP, BIS, State Department, or the U.S. Postal Service under particular circumstances.

(c) This part requires the retention of documents or records pertaining to a shipment for five years from the date of export. All records concerning license exceptions or license exemptions shall be retained in the format (including electronic or hard copy) required by the controlling agency’s regulations. For information on record-keeping retention requirements exceeding the requirements of this part, refer to the regulations of the agency exercising export control authority for the specific shipment.

(d) In accordance with the provisions of Subpart G of this part, information from the EEI is used solely for official purposes, as authorized by the Secretary of Commerce, and any unauthorized use is not permitted.

§ 30.16 Export Administration Regulations.

The EAR issued by the U.S. Department of Commerce, BIS, also contain
some additional reporting requirements pertaining to EEI (see 15 CFR 730–774).

(a) The EAR requires that export information be filed for shipments from U.S. Possessions to foreign countries or areas. (see 15 CFR 758.1(b) and 772.1, definition of the United States.)

(b) Requirements to place certain export control information in the EEI are found in the EAR.

§ 30.17 Customs and Border Protection regulations.
Refer to the DHS’s CBP regulations, 19 CFR 192, for information referencing the advanced electronic submission of cargo information on exports for screening and targeting purposes pursuant to the Trade Act of 2002. The regulations also prohibit postdeparture filing of export information for certain shipments, and contain other regulatory provisions affecting the reporting of EEI. CBP’s regulations can be obtained from the U.S. Government Printing Office’s Web site at www.gpoaccess.gov.

§ 30.18 Department of State regulations.
(a) The USPPI or the authorized agent shall file export information, when required, for items on the USML of the ITAR (22 CFR 121). Information for items identified on the USML, including those exported under an export license exemption, shall be filed prior to export.

(b) Refer to the ITAR 22 CFR 120–130 for requirements regarding information required for electronically reporting export information for USML shipments and filing time requirements.

(c) Department of State regulations can be found at http://www.state.gov.

§ 30.19 Other Federal agency regulations.
Other Federal agencies have requirements regarding the reporting of certain types of export transactions. The USPPIs and/or authorized agents are responsible for adhering to these requirements.

§ 30.20–30.24 [Reserved]

Subpart C—Special Provisions and Specific-Type Transactions

§ 30.25 Values for certain types of transactions.
Special procedures govern the values to be reported for shipments of the following unusual types:

(a) Subsidized exports of agricultural products. Where provision is made for the payment to the USPPI for the exportation of agricultural commodities under a program of the Department of Agriculture, the value required to be reported for EEI is the selling price paid by the foreign buyer minus the subsidy.

(b) General Services Administration (GSA) exports of excess personal property. For exports of GSA excess personal property, the value to be shown in the EEI will be “fair market value,” plus charges when applicable, at which the property was transferred to GSA by the holding agency. These charges include packing, rehabilitation, inland freight, or drayage. The estimated “fair market value” may be zero, or it may be a percentage of the original or estimated acquisition costs. (Bill of lading, air waybill, and other commercial loading documents for such shipments will bear the notation “Excess Personal Property, GSA Regulations 1–III, 303.03.”)

§ 30.26 Reporting of vessels, aircraft, cargo vans, and other carriers and containers.

(a) Vessels, locomotives, aircraft, rail cars, trucks, other vehicles, trailers, pallets, cargo vans, lift vans, or similar shipping containers are not considered “shipped” in terms of the regulations in this part, when they are moving, either loaded or empty, without transfer of ownership or title, in their capacity as carriers of goods or as instruments of such carriers, and EEI is not required.

(b) However, EEI shall be filed for such items, when moving as goods pursuant to sale or other transfer from ownership in the United States to ownership abroad. If a vessel, car, aircraft, locomotive, rail car, vehicle, or container, whether in service or newly
§ 30.27 Return of exported cargo to the United States prior to reaching its final destination.

When goods reported as exported from the United States are not exported or are returned without having been entered into a foreign destination, the filer shall cancel the EEI.

§ 30.28 “Split shipments” by air.

When a shipment by air covered by a single EEI submission is divided by the exporting carrier at the port of export where the manifest is filed, and part of the shipment is exported on one aircraft and part on another aircraft of the same carrier, the following procedures shall apply:

(a) The carrier shall deliver the manifest to CBP Port Director with the manifest covering the flight on which the first part of the split shipment is exported and shall make no changes to the EEI. However, the manifest shall show in the “number of packages” column the actual portion of the declared total quantity being carried and shall carry a notation to indicate “Split Shipment.” All manifests with the notation “Split Shipment” will have identical ITNs.

(b) On each subsequent manifest covering a flight on which any part of a split shipment is exported, a prominent notation “SPLIT SHIPMENT” shall be made on the manifest for identification. On the last shipment, the notation shall read “SPLIT SHIPMENT, FINAL.” Each subsequent manifest covering a part of a split shipment shall also show in the “number of packages” column only the goods carried on that particular flight and a reference to the total amount originally declared for export (for example, 5 of 11, or 5/11). Immediately following the line showing the portion of the split shipment carried on that flight, a notation will be made showing the air waybill number shown in the original EEI and the portions of the originally declared total carried on each previous flight, together with the number and date of each such previous flight (for example, air waybill 123; 1 of 2, flight 36A, June 6 SPLIT SHIPMENT; 2 of 2, flight 40X, June 6 SPLIT SHIPMENT, FINAL).

(c) Since the complete EEI was filed for the entire shipment initially, additional electronic reporting will not be required for these subsequent shipments.

§ 30.29 Reporting of repairs and replacements.

These guidelines will govern the reporting of the following:

(a) The return of goods previously imported for repair and alteration only and other returns to the foreign shipper of temporary imported goods (declared as such on importation) shall have Schedule B or HTSUSA classification commodity number 9801.10.0000. The value reported in the EEI shall include parts and labor. The value of the original product shall not be included.

(b) Goods that are covered under warranty.

(1) Goods that are reexported after repair under warranty shall follow the procedures in paragraph (a) of this section. It is recommended that the bill of lading, air waybill, or other loading documents include the statement, “This product was repaired under warranty.”

(2) Goods that are replaced under warranty at no charge to the customer shall include the statement, “Product
replaced under warranty, value for EEI purposes’’ on the bill of lading, air waybill, or other commercial-loading documents. Place the notation below the proof of filing citation or exemption legend on the commercial document. Report the value of the replacement parts only.

§§ 30.30–30.34 [Reserved]

Subpart D—Exemptions From the Requirements for the Filing of Electronic Export Information

§ 30.35 Procedure for shipments exempt from filing requirements.

Where an exemption from the filing requirement is provided in this subpart of this part, a legend describing the basis for the exemption shall be made on the first page of the bill of lading, air waybill, or other commercial loading document for carrier use, or on the carrier’s outbound manifest. The exemption legend shall reference the number of the section or provision in this part where the particular exemption is provided (see Appendix D of this part).

§ 30.36 Exemption for shipments destined to Canada.

(a) Except as noted in §30.2(a)(1)(iv), and in paragraph (b) of this section, shipments originating in the United States where the country of ultimate destination is Canada are exempt from the EEI reporting requirements of this part.

(b) This exemption does not apply to the following types of export shipments:

(1) Sent for storage in Canada, but ultimately destined for third countries.

(2) Exports moving from the United States through Canada to a third destination shall be reported in the same manner as for all other exports. The USPPI or authorized agent shall follow the instructions as contained in this part for preparing and filing the EEI.

(3) Requiring a Department of State, DDTC, export license under the ITAR (22 CFR 120–130).

(4) Requiring a Department of Commerce, BIS, export license under the EAR (15 CFR 730–774).

(5) Subject to the ITAR, but exempt from license requirements.

(6) Classified as rough diamonds under the 6-digit HS subheadings (7102.10, 7102.21, or 7102.31).

§ 30.37 Miscellaneous exemptions.

Filing EEI is not required for the following kinds of shipments. However, the Census Bureau has the authority to periodically require the reporting of shipments that are normally exempt from filing:

(a) Except as noted in §30.2(a)(1)(iv), exports of commodities where the value of the commodities shipped from one USPPI to one consignee on a single exporting carrier, classified under an individual Schedule B or HTSUSA commodity classification code, is $2,500 or less. This exemption applies to individual Schedule B or HTSUSA commodity classification codes regardless of the total shipment value. In instances where a shipment contains a mixture of individual Schedule B or HTSUSA commodity codes valued $2,500 or less and individual Schedule B or HTSUSA commodity classification codes valued over $2,500, only those commodity classification codes valued over $2,500 need to be reported. If the filer reports multiple items of the same Schedule B or HTSUSA code, this exemption only applies if the total value of exports for the Schedule B or HTSUSA code is $2,500 or less.

(b) Tools of trade and their containers that are usual and reasonable kinds and quantities of commodities and software intended for use by individual USPPIs or by employees or representatives of the exporting company in furthering the enterprises and undertakings of the USPPI abroad. Commodities and software eligible for this exemption are those that do not require an export license or that are exported as tools of the trade under a license exception of the EAR (15 CFR 740.9), and are subject to the following provisions:

(1) Are owned by the individual USPPI or exporting company.

(2) Accompany the Individual USPPI, employee, or representative of the exporting company.
§ 30.37

(3) Are necessary and appropriate and intended for the personal and/or business use of the individual USPPI, employee, or representative of the company or business.

(4) Are not for sale.

(5) Are returned to the United States no later than one (1) year from the date of export.

(6) Are not shipped under a bill of lading or an air waybill.

(c) Shipments from one point in the United States to another point in the United States by routes passing through Canada or Mexico.

(d) Shipments from one point in Canada or Mexico to another point in the same country by routes through the United States.

(e) Shipments transported inbond through the United States and exported from another U.S. port or transshipped and exported directly from the port of arrival. (When goods are shipped through the United States for export to a third country of ultimate destination, but are first entered for consumption or for warehousing in the United States, the EEI shall be filed when the goods are exported from the United States.) Shipments transported inbond through the United States by vessel are subject to the filing requirements of the U.S. Army Corps of Engineers. Shipments transported inbond through the United States which require an export license are subject to the filing requirements of the licensing Federal agency.

(f) Exports of technology and software as defined in 15 CFR 772 of the EAR that do not require an export license are exempt from filing requirements. However, EEI is required for mass-market software. For purposes of this part, mass-market software is defined as software that is generally available to the public by being sold at retail selling points, or directly from the software developer or supplier, by means of over-the-counter transactions, mail-order transactions, telephone transactions, or electronic mail-order transactions, and designed for installation by the user without further substantial technical support by the developer or supplier.

(g) Shipments to foreign libraries, government establishments, or similar institutions, as provided in §30.40(d).

(h) Shipments as authorized under License Exception GFT for gift parcels and humanitarian donations (see 15 CFR 740.12 of the EAR).

(i) Diplomatic pouches and their contents.

(j) Human remains and accompanying appropriate receptacles and flowers.

(k) Shipments of interplant correspondence, executed invoices and other documents, and other shipments of company business records from a U.S. firm to its subsidiary or affiliate. This excludes highly technical plans, correspondence, etc. that could be licensed.

(l) Shipments transported inbond through the United States by vessel are subject to the filing requirements of the U.S. Army Corps of Engineers. Shipments transported inbond through the United States which require an export license are subject to the filing requirements of the licensing Federal agency.

(m) Carriers’ stores, not shipped under a bill of lading or an air waybill (including goods carried in ships aboard carriers for sale to passengers), supplies, and equipment for departing vessels, planes, or other carriers, including usual and reasonable kinds and quantities of bunker fuel, deck engine and steward department stores, provisions and supplies, medicinal and surgical supplies, food stores, slop chest articles, and saloon stores or supplies for use or consumption on board and not intended for unloading in a foreign country, and including usual and reasonable kinds and quantities of equipment and spare parts for permanent use on the carrier when necessary for proper operation of such carrier and not intended for unloading in a foreign country. Hay, straw, feed, and other appurtenances necessary to the care and feeding of livestock while en route to a foreign destination are considered part of carriers’ stores of carrying vessels, trains, planes, etc.

(n) Dunnage, not shipped under a bill of lading or an air waybill, of usual and reasonable kinds and quantities necessary and appropriate to stow or secure cargo on the outgoing or any immediate return voyage of an exporting carrier, when exported solely for use as
dunnage and not intended for unlading in a foreign country.

(o) Shipments of aircraft parts and equipment; food, saloon, slop chest, and related stores; and provisions and supplies for use on aircraft by a U.S. airline to its own installations, aircraft, and agents abroad, under EAR License Exception AVS for aircraft and vessels (see 15 CFR 740.15(c)).

(p) Filing EEI is not required for the following types of commodities when they are not shipped as cargo under a bill of lading or an air waybill and do not require an export license, but the USPPI shall be prepared to make an oral declaration to CBP Port Director, when required: baggage and personal effects, accompanied or unaccompanied, of persons leaving the United States, including members of crews on vessels and aircraft.

(q) Temporary exports, except those that require licensing, whether shipped or hand carried, (e.g., carnet) that are exported from and returned to the United States in less than one year (12 months) from the date of export.

(r) Goods previously imported under a Temporary Import Bond for return in the same condition as when imported including: goods for testing, experimentation, or demonstration; goods imported for exhibition; samples and models imported for review or for taking orders; goods imported for participation in races or contests, and animals imported for breeding or exhibition and goods imported by representatives of foreign governments or international organizations or by members of the armed forces of a foreign country. Goods that were imported under bond for processing and reexportation are not covered by this exemption.

(s) Issued banknotes and securities, and coins in circulation exported as evidence of financial claims. The EEI must be filed for unissued bank notes and securities and coins not in circulation (such as banknotes printed in the United States and exported in fulfillment of the printing contract, or as parts of collections), which should be reported at their commercial or current value.

(t) Documents used in international transactions, documents moving out of the United States to facilitate international transactions including airline tickets, internal revenue stamps, liquor stamps, and advertising literature. Exports of such documents in fulfillment of a contract for their production, however, are not exempt and must be reported at the transaction value for their production.

§ 30.38 Exemption from the requirements for reporting complete commodity information.

The following type of shipments will require limited reporting of EEI when goods are shipped under a bill of lading or an air waybill. In such cases, Schedule B or HTSUSA commodity classification codes and domestic/foreign indicator shall not be required.

(a) Usual and reasonable kinds and quantities of wearing apparel, articles of personal adornment, toilet articles, medicinal supplies, food, souvenirs, games, and similar personal effects and their containers.

(b) Usual and reasonable kinds and quantities of furniture, household effects, household furnishings, and their containers.

(c) Usual and reasonable kinds and quantities of vehicles, such as passenger cars, station wagons, trucks, trailers, motorcycles, bicycles, tricycles, baby carriages, strollers, and their containers provided that the above-indicated baggage, personal effects, and vehicular property: (See U.S. Customs and Border Protection regulations 19 CFR 192 for separate CBP requirements for the exportation of used self-propelled vehicles.)

(1) Shall include only such articles as are owned by such person or members of his/her immediate family;

(2) Shall be in his/her possession at the time of or prior to his/her departure from the United States for the foreign country;

(3) Are necessary and appropriate for the use of such person or his/her immediate family;

(4) Are intended for his/her use or the use of his/her immediate family; and

(5) Are not intended for sale.
§ 30.39 Special exemptions for shipments to the U.S. Armed Services.

Filing of EEI is not required for any and all commodities, whether shipped commercially or through government channels, consigned to the U.S. Armed Services for their exclusive use, including shipments to armed services exchange systems. This exemption does not apply to articles that are on the USML and thus controlled by the ITAR and shipments that are not consigned to the U.S. Armed Services, regardless of whether they may be for their ultimate and exclusive use.

§ 30.40 Special exemptions for certain shipments to U.S. government agencies and employees.

Filing EEI is not required for the following types of shipments to U.S. government agencies and employees:

(a) Office furniture, office equipment, and office supplies shipped to and for the exclusive use of U.S. government offices.

(b) Household goods and personal property shipped to and for the exclusive and personal use of U.S. government employees.

(c) Food, medicines, and related items and other commissary supplies shipped to U.S. government offices or employees for the exclusive use of such employees, or to U.S. government employee cooperatives or other associations for subsequent sale or other distribution to such employees.

(d) Books, maps, charts, pamphlets, and similar articles shipped by U.S. government offices to U.S. or foreign libraries, government establishments, or similar institutions.

§§ 30.41–30.44 [Reserved]

Subpart E—General Carrier and Manifest Requirements

§ 30.45 General statement of requirements for the filing of carrier manifests with proof of filing citations for the electronic submission of export information or exemption legends when Electronic Export Information filing is not required.

(a) Requirement for filing carrier manifest. Carriers transporting goods from the United States, Puerto Rico, or the U.S. Virgin Islands to foreign countries; from the United States or Puerto Rico to the U.S. Virgin Islands; or between the United States and Puerto Rico; shall not be granted clearance and shall not depart until complete manifests or other required documentation (for ocean, air, and rail carriers) have been delivered to CBP Port Director in accordance with all applicable requirements under CBP regulations. CBP may require any of the following: bill of lading, air waybill, export shipping instructions, manifest, train consist, or other commercial loading document. The required document shall contain the appropriate AES proof of filing citations, covering all cargo for which the EEI is required, or exemption legends, covering cargo for which EEI need not be filed by the regulations of this part. Such annotation shall be without material change or amendment of proof of filing citations or exemption and exclusion legends as provided to the carrier by the USPPI or its authorized agent.

(i) Vessels. Vessels transporting goods as specified (except vessels exempted by paragraph (a)(4) of this section) shall file a complete manifest. Manifests may be filed via paper or electronically through the AES Vessel Transportation Module as provided in CBP Regulations, 19 CFR 4.63 and 4.76.

(ii) Coal and fuel oil. The quantity of coal shall be reported in metric tons (1000 kgs or 2240 pounds), and the quantity of fuel oil shall be reported in barrels of 158.98 liters (42 gallons). Fuel oil shall be described in such manner as to identify diesel oil as distinguished from other types of fuel oil.

(2) Aircraft. Aircraft transporting goods shall file a complete manifest as required in CBP Regulations 19 CFR 122.72–122.76. The manifest shall be filed with CBP Port Director at the port
where the goods are laden. For shipments from the United States to Puerto Rico, the manifests shall be filed with CBP Port Director at the port where the goods are unloaded in Puerto Rico.

(3) Rail carriers. Rail carriers transporting goods shall file a car manifest or train consist with CBP Port Director at the border port of export in accordance with 19 CFR 123.

(4) Carriers not required to file manifests. Carriers exempted from filing manifests under applicable CBP regulations are required, upon request, to present to CBP Port Director, the proof of filing citation or exemption and exclusion legends for each shipment.

(5) Penalties. Failure of the carrier to file a manifest as required constitutes a violation of the regulations in this part and renders such carrier subject to the penalties provided for in Subpart H of this part.

(b) Partially exported shipments. Except as provided in paragraph (c) of this section, when a carrier identifies, prior to filing the manifest, that a portion of the goods covered by a single EEI transaction has not been exported on the intended carrier, it shall be noted on the manifest submitted to CBP. The carrier shall notify the USPPI or the authorized agent of changes to the commodity data, and the USPPI or the authorized agent shall electronically transmit the corrections, cancellations, or amendments as soon as they are known in accordance with §30.9. Failure by the carrier to correct the manifest constitutes a violation of the provisions of the regulations in this part and renders the carrier subject to the penalties provided for in Subpart H of this part.

(c) "Split shipments" by air. When a shipment by air covered by a single EEI transmission is exported in more than one aircraft of the carrier, the "split shipment" procedure provided in §30.29 shall be followed by the carrier in delivering manifests with the proof of filing citation or exemption legend to CBP Port Director.

(d) Attachment of commercial documents. The manifest shall carry a notation that values stated are as presented on the bills of lading, cargo lists, export shipping documents or other commercial documents. The bills of lading, cargo lists, export shipping documents or other commercial documents shall be securely attached to the manifest in such a manner as to constitute one document. The manifest shall reference the statement "Cargo as per bills of lading attached" or "Cargo as per commercial forms attached." Also required on the face of each bill of lading shall be the information required by the manifest for cargo covered by that document.

(e) Exempt items. For any item for which EEI is not required by the regulations in this part, a notation on the manifest shall be made by the carrier as to the basis for the exemption. In cases where a manifest is not required and EEI is not required, an oral declaration to CBP Port Director shall be made as to the basis for the exemption.

(f) Proof of filing citations and exemption legends. (1) Ocean and air exporting carriers shall not accept paper SEDs under any circumstances nor load cargo that does not have all proof of filing citations, exemption or exclusion legends as provided for in Appendix D.

(2) Ocean and air exporting carriers are subject to the penalties provided for in Subpart H of this part if the exporting carrier:

(i) Accepts paper SEDs for cargo or,

(ii) Loads cargo without all proof of filing citations, exemption or exclusion legends as provided for in Appendix D.

(3) Truck exporting carriers shall not accept paper SEDs under any circumstances nor load cargo being exported into foreign countries without a proof of filing citations, exemption or exclusion legends for cargo being exported as provided for in Appendix D. Truck exporting carriers accepting paper SEDs for cargo being exported into foreign countries, or carrying cargo into foreign countries without a proof of filing citation, exemption or exclusion legends in their possession are subject to the penalties provided for in Subpart H of this part.

(4) Rail exporting carriers shall not accept paper SEDs under any circumstance nor cross the border into a foreign country without a proof of filing citations, exemption or exclusion legends for cargo being exported as provided in Appendix D. Rail exporting
carriers accepting paper SEDs for cargo being exported into foreign countries, or carrying cargo into foreign countries without required proof of filing citations, exemption or exclusion legends in their possession are subject to the penalties provided for in Subpart H of this part.

§ 30.46 Requirements for the filing of export information by pipeline carriers.

The operator of a pipeline may transport goods to a foreign country without the prior filing of the proof of filing citations, exemption or exclusion legends, on the condition that within four calendar days following the end of each calendar month the operator will deliver to CBP Port Director the proof of filing citations, exemption or exclusion legends covering all exports through the pipeline to each consignee during the month.

§ 30.47 Clearance or departure of carriers under bond on incomplete manifest.

(a) For purposes of the regulations in this part, except when carriers are transporting merchandise from the United States to Puerto Rico, clearance (where clearance is required) or permission to depart (where clearance is not required) may be granted to any carrier by CBP Port Director prior to filing of a complete manifest as required under the regulations of this part or prior to filing by the carrier of all filing U.S. Customs and Border Protection regulations citations, exemption, and/or exemption legends, provided there is a bond as specified in 19 CFR 4.75, 4.76, and 122.74. The conditions of the bond shall be that a complete manifest, where a manifest is required by the regulations in this part and all required filing citations, exemption, and/or exemption legends shall be filed by the carrier no later than the fourth business day after clearance (where clearance is required) or departure (where clearance is not required) of the carrier except as otherwise specifically provided in paragraph (a)(1), (2), and (3) of this section.

(1) For manifests submitted electronically through AES, the condition of the bond shall be that the manifest and all required filing citations, exemption, and/or exemption legends shall be completed not later than the tenth business day after departure from each port.

(2) For rail carriers to Canada, the conditions of the bond shall be that manifest and all filing citations, exemption, and/or exemption legends shall be filed not later than the fifteenth business day after departure.

(3) For carriers under bond on incomplete manifest, the carrier must file prior to departure a list of filing citations, exemption, and/or exemption legends for export shipments aboard the conveyance. The list of filing citations, exemption and/or exemption legends shall be presented to a CBP Export Control Officer at the port of exit prior to departure.

(b) In the event that any required manifest and all required filing citations, exemption and/or exemption legends are not filed by the carrier within the period provided by the bond, then a penalty of $1,100 shall be exacted for each day’s delinquency beyond the prescribed period, but not more than $10,000 per violation.

(c) Remission or mitigation of the penalties for manifest violations provided herein may be granted by CBP as the Administering Authority. Prior disclosure of a manifest violation of this section shall be made in writing to CBP Port Director in the port of export as the Administering Authority.

§§ 30.48–30.49 [Reserved]
§ 30.52 Foreign Trade Zones.

Foreign goods admitted into FTZs shall be reported as a general import. When goods are withdrawn from a FTZ for export to a foreign country, the export shall be reported in accordance with §30.2. When goods are withdrawn for domestic consumption or entry into a bonded warehouse, the withdrawal shall be reported on CBP-7501 or through the ABI in accordance with CBP regulations. (This section emphasizes the reporting requirements contained in CBP regulations 19 CFR 146, “Foreign Trade Zones.”) When foreign goods are admitted into a FTZ, the zone operator is required to file CBP-214, “Application for Foreign Trade Zone Admission and/or Status Designation.” Refer to CBP Web site for instructions on completing CBP-214. Per 19 CFR 146.32(a), the applicant for admission shall present CBP-214 to the Port Director and shall include the statistical (pink) copy, CBP-214(A), for transmittal to the Census Bureau, unless the applicant makes arrangements for the electronic transmission of statistical information to the Census Bureau through the AFTZRP. Companies operating in FTZs interested in reporting CBP-214 statistical information electronically on a monthly basis shall apply directly to the Census Bureau. Monthly electronic reports shall be filed with the Census Bureau no later than the tenth (10) calendar day of the month following the report month. Participation in the Census Bureau program does not relieve companies of the responsibility to file CBP-214 with CBP. The following data items are required to be filed, in the AFTZRP, for statistical purposes. (Use the instructions and definitions provided in 19 CFR 146 for completing these fields.):

(a) HTSUSA Classification Code.
(b) Country of Origin.
(c) Country Sub-code.
(d) U.S. Port of Entry.
(e) U.S. Port of Unlading.
(f) Transaction Type.
(g) Statistical Month.
(h) Method of Transportation.
(i) Company Authorization Symbol.
(j) Carrier Code.
(k) Foreign Port of Lading.
(l) Date of Exportation.
(m) Date of Importation.
(n) Special Program Indicator Field.
(o) Unit of Quantity.
(p) CBP (dutiable) Value.
(q) Gross (shipping) Weight.
(r) Charges.
(s) U.S. Value.
(t) FTZ/Subzone Number.
(u) Zone Admission Number.
(v) Vessel Name.
(w) Serial Number.

§ 30.51 Statistical information required for import entries.

The information required for statistical purposes is, in most cases, also required by CBP regulations for other purposes. Refer to CBP Web site at http://www.cbp.gov to download “Instructions for Preparation of CBP-7501,” for completing the paper entry summary documentation (CBP-7501). Refer to the Customs and Trade Automated Interface Requirements for instructions on submitting an ABI electronic record, or instructions for completing CBP-226 for declaring any equipment, repair parts, materials purchased, or expense for repairs incurred outside of the United States.
§ 30.53 Import of goods returned for repair.

Import entries covering U.S. goods imported temporarily for repair or alteration and reexport are required to show the following statement: “Imported for Repair and Reexport” on CBP-7501 or in the ABI entry. Whenever goods are returned to the United States after undergoing either repair, alteration, or assembly under HTS heading 9802, the country of origin shall be shown as the country in which the repair, alteration, or assembly is performed. When the goods are for reexport and meet all of the requirements for filing the EEI, file according to the instructions provided in §30.2, except for the following data items:

(a) Value. Report the value of the repairs, including parts and labor. Do not report the value of the original product. If goods are repaired under warranty, at no charge to the customer, report the cost to repair as if the customer were being charged.

(b) Schedule B Classification Code. Report Schedule B commodity classification code 9801.10.0000 for goods reexported after repair.

§ 30.54 Special provisions for imports from Canada.

(a) When certain softwood lumber products described under HTSUSA subheadings 4407.1001, 4409.1010, 4409.1090, and 4409.1020 are imported from Canada, import entry records are required to show a valid Canadian region of manufacture code. The Canadian region of manufacture is determined on a first mill basis (the point at which the item was first manufactured into a covered lumber product). Canadian region of manufacture is the first region where the subject goods underwent a change in tariff classification to the tariff classes cited in this paragraph. The Canadian region code should be transmitted in the electronic ABI summaries. The Canadian region of manufacture code should replace the region of origin code on CBP-7501, entry summary form. These requirements apply only for imports of certain softwood lumber products for which the region of origin is Canada.

(b) All other imports from Canada, including certain softwood lumber products not covered in paragraph (a) of this section, will require the twotetter designation of the Canadian region of origin to be reported on U.S. entry summary records. This information is required only for U.S. imports that under applicable CBP rules of origin are determined to originate in Canada. For nonmanufactured goods determined to be of Canadian origin, the region of origin is defined as the region where the exported goods were originally grown, mined, or otherwise produced. For goods of Canadian origin that are manufactured or assembled in Canada, with the exception of the certain softwood lumber products described in paragraph (a) of this section, the region of origin is that in which the final manufacture or assembly is performed prior to exporting that good to the United States. In cases where the region in which the goods were manufactured, assembled, grown, mined, or otherwise produced is unknown, the region in which the Canadian vendor is located can be reported. For those reporting on paper forms the region of origin code replaces the region of origin code on the CBP-7501, entry summary form.

(c) All electronic ABI entry summaries for imports originating in Canada also require the Canadian region of origin code to be transmitted for each entry summary line item.

(d) The region of origin code replaces the region of origin code only for imports that have been determined, under applicable CBP rules, to originate in Canada. Valid Canadian region/territory codes are:

XA—Alberta
XB—New Brunswick
XD—British Columbia Coastal
XE—British Columbia Interior
XM—Manitoba
XX—Nova Scotia
XO—Ontario
XP—Prince Edward Island
XQ—Quebec
XS—Saskatchewan
XT—Northwest Territories
 XV—Nunavut
XW—Newfoundland
§ 30.55 Confidential information, import entries, and withdrawals.

The contents of the statistical copies of import entries and withdrawals on file with the Census Bureau are treated as confidential and will not be released without authorization by CBP, in accordance with 19 CFR 103.5 relating to the copies on file in CBP offices. The importer or import broker must provide the Census Bureau with information or documentation necessary to verify the accuracy or resolve problems regarding the reported import transaction.

(a) The basic responsibility for obtaining and providing the information required by the general statistical headnotes of the HTS USA rests with the person filing the import entry. This is provided for in section 484(a) of the Tariff Act, 19 CFR 141.61(e) of CBP regulations, and §30.50 of this subpart. CBP Regulations 19 CFR 141.61(a) specify that the entry summary data clearly set forth all information required.

(b) 19 CFR 141.61(e) of CBP regulations provides that penalty procedures relating to erroneous statistical information shall not be invoked against any person who attempts to comply with the statistical requirements of the General Statistical Notes of the HTS USA. However, in those instances where there is evidence that statistical suffixes are misstated to avoid quota action, or a misstatement of facts is made to avoid import controls or restrictions related to specific commodities, the importer or its licensed broker should be aware that the appropriate actions will be taken under 19 U.S.C. 1592, as amended.

§§ 30.56–30.59 [Reserved]

Subpart G—General Administrative Provisions

§ 30.60 Confidentiality of Electronic Export Information.

(a) Confidential status. The EEI collected pursuant to this Part is confidential, to be used solely for official purposes as authorized by the Secretary of Commerce. The collection of EEI by the Department of Commerce has been approved by the Office of Management and Budget (OMB). The information collected is used by the Census Bureau for statistical purposes only and by the BIS for export control purposes. In addition, EEI is used by other federal government agencies, such as the Department of State, CBP, and ICE for export control and other federal government agencies such as the Bureau of Economic Analysis, Bureau of Labor Statistics, and Bureau of Transportation Statistics for statistical purposes. Except as provided for in paragraph (e) of this section, information collected pursuant to this Part shall not be disclosed to anyone by any officer, employee, contractor, agent of the federal government or other parties with access to the EEI other than to the USPPI, or the authorized agent of the USPPI or the transporting carrier. Such disclosure shall be limited to that information provided by each party pursuant to this Part.

(b) Supplying EEI for official purposes.

(1) The EEI may be supplied to federal agencies for official purposes, defined to include, but not limited to:

(i) Verification and investigation of export shipments, including penalty assessments, for export control and compliance purposes;

(ii) Providing proof of export; and

(iii) Statistical purposes;

(iv) Circumstances to be determined in the national interest pursuant to 13 U.S.C., §301(g) and paragraph (e) of this section.

(2) The EEI may be supplied to the USPPI, or authorized agents of USPPI and carriers for compliance and audit purposes. Such disclosure shall be limited to that information provided to the AES by each party.

(c) Supplying EEI for nonofficial purposes. The official report of the EEI submitted to the United States Government shall not be disclosed by the USPPI, or the authorized agent, or representative of the USPPI for “nonofficial purposes,” either in whole or in part, or in any form including but not limited to electronic transmission, paper printout, or certified reproduction. “Nonofficial purposes” are defined to include but not limited to use of the official EEI.
§ 30.61 Statistical classification schedules.

The following statistical classification schedules are referenced in this part. These schedules, may be accessed through the Census Bureau’s Web site at http://www.census.gov/trade.

(a) Schedule B—Statistical Classification for Domestic and Foreign Commodities Exported from the United States, shows the detailed commodity classification requirements and 10-digit statistical reporting numbers to be used in preparing EEI, as required by these regulations.

(b) Harmonized Tariff Schedules of the United States Annotated for Statistical Reporting, shows the 10-digit statistical reporting number to be used in preparing import entries and withdrawal forms.

(c) Schedule C—Classification of Country and Territory Designations for U.S. Foreign Trade Statistics.

(d) Schedule D—Classification of CBP Districts and Ports.

(e) Schedule K—Classification of Foreign Ports by Geographic Trade Area and Country.

(f) International Air Transport Association (IATA)—Code of the carrier for air shipments. These are the air carrier codes to be used in reporting EEI, as required by the regulations in this part.

(g) Standard Carrier Alpha Code (SCAC)—Classification of the carrier for vessel, rail and truck shipments, showing the carrier codes necessary to prepare EEI, as required by the regulations in this part.

§ 30.62 Emergency exceptions.

The Census Bureau and CBP may jointly authorize the postponement of or exception to the requirements of the regulations in this Part as warranted by the circumstances in individual cases of emergency where strict enforcement of the regulations would create a hardship. In cases where export control requirements also are involved, the concurrence of the regulatory agency and CBP also will be obtained.
§ 30.63 Office of Management and Budget control numbers assigned pursuant to the Paperwork Reduction Act.

(a) Purpose. This subpart will comply with the requirements of the Paperwork Reduction Act (PRA), 44 U.S.C. 3507(f), which requires that agencies display a current control number assigned by the Director of OMB for each agency information collection requirement.

(b) Display.

[Table: 15 CFR section where identified and described, Current OMB control No.]

§§ 30.64–30.69 [Reserved]

Subpart H—Penalties

§ 30.70 Violation of the Clean Diamond Trade Act.

Public Law 108–19, the Clean Diamond Trade Act (the Act), section 8(c), authorizes CBP and ICE, as appropriate, to enforce the laws and regulations governing exports of rough diamonds, including those with respect to the validation of the Kimberley Process Certificate by the exporting authority. The Treasury Department’s OFAC also has enforcement authority pursuant to section 5(a) of the Act, Executive Order 13312, and Rough Diamonds Control Regulations (31 CFR 592). CBP, ICE, and the OFAC, pursuant to section 5(a) of the Act, are further authorized to enforce provisions of section 8(a) of the Act, that provide for the following civil and criminal penalties:

(a) Civil penalties. A civil penalty not to exceed $10,000 may be imposed on any person who violates, or attempts to violate, any order or regulation issued under the Act.

(b) Criminal penalties. For the willful violation or attempted violation of any license, order, or regulation issued under the Act, a fine not to exceed $50,000, shall be imposed upon conviction or:

(1) If a natural person, imprisoned for not more than ten years, or both;

(2) If an officer, director, or agent of any corporation, who willfully participates in such violation, imprisoned for not more than ten years, or both.

§ 30.71 False or fraudulent reporting on or misuse of the Automated Export System.

(a) Criminal penalties—(1) Failure to file; submission of false or misleading information. Any person, including USPPIs, authorized agents or carriers, who knowingly fails to file or knowingly submits, directly or indirectly, to the U.S. Government, false or misleading export information through the AES, shall be subject to a fine not to exceed $10,000 or imprisonment for not more than five years, or both, for each violation.

(2) Furtherance of illegal activities. Any person, including USPPIs, authorized agents or carriers, who knowingly reports, directly or indirectly, to the U.S. Government any information through or otherwise uses the AES to further any illegal activity shall be subject to a fine not to exceed $10,000 or imprisonment for not more than five years, or both, for each violation.

(3) Forfeiture penalties. Any person who is convicted under this subpart shall, in addition to any other penalty, be subject to forfeiting to the United States:

(i) Any of that person’s interest in, security of, claim against, or property or contractual rights of any kind in the goods or tangible items that were the subject of the violation.

(ii) Any of that person’s interest in, security of, claim against, or property or contractual rights of any kind in tangible property that was used in the export or attempt to export that was the subject of the violation.

(iii) Any of that person’s property constituting, or derived from, any proceeds obtained directly or indirectly as a result of this violation.

(4) Exemption. The criminal fines provided for in this subpart are exempt from the provisions of 18 U.S.C. 3571.

(b) Civil penalties—(1) Failure to file or delayed filing violations. A civil penalty not to exceed $1,100 for each day of delinquency beyond the applicable period prescribed in §30.4, but not more than $10,000 per violation, may be imposed for failure to file information or reports in connection with the exportation or transportation of cargo.
§ 30.72 Civil penalty procedures.

(a) General. Whenever a civil penalty is sought for a violation of this part, the charged party is entitled to receive a formal complaint specifying the charges and, at his or her request, to contest the charges in a hearing before an administrative law judge. Any such hearing shall be conducted in accordance with 5 U.S.C. 556 and 557.

(b) Applicable law for delegated function. If, pursuant to 13 U.S.C. 306, the Secretary delegates functions addressed in this part to another agency, the provisions of law of that agency relating to penalty assessment, remission or mitigation of such penalties, collection of such penalties, and limitations of action and compromise of claims shall apply.

(c) Commencement of civil actions. If any person fails to pay a civil penalty imposed under this subpart, the Secretary may request the Attorney General to commence a civil action in an appropriate district court of the United States to recover the amount imposed (plus interest at currently prevailing rates from the date of the final order). No such action may be commenced more than five years after the date the order imposing the civil penalty becomes final. In such action, the validity, amount, and appropriateness of such penalty shall not be subject to review.

(d) Remission and mitigation. Any penalties imposed under §30.71(b)(1) and (b)(2) may be remitted or mitigated, if:

(1) The penalties were incurred without willful negligence or fraud; or

(2) Other circumstances exist that justify a remission or mitigation.

(e) Deposit of payments in General Fund of the Treasury. Any amount paid in satisfaction of a civil penalty imposed under this subpart shall be deposited into the general fund of the Treasury and credited as miscellaneous receipts, other than a payment to remit a forfeiture which shall be deposited into the Treasury Forfeiture fund.

§ 30.73 Enforcement.

(a) Department of Commerce. The BIS’s OEE may conduct investigations pursuant to this part. In conducting investigations, BIS may, to the extent necessary or appropriate to the enforcement of this part, exercise such authorities as are conferred upon BIS by other laws of the United States, subject, as appropriate, to policies and procedures approved by the Attorney General.

(b) Department of Homeland Security (DHS). ICE and CBP may enforce the provisions of this part and ICE, assisted by CBP may conduct investigations under this part.

§ 30.74 Voluntary self-disclosure.

(a) General policy. The Census Bureau strongly encourages disclosure of any violation or suspected violation of the FTR. Voluntary self-disclosure is a mitigating factor in determining what administrative sanctions, if any, will be sought. The Secretary of Commerce has delegated all enforcement authority under 13 U.S.C. Chapter 9, to the BIS and the DHS.

(b) Limitations. (1) The provisions of this section apply only when information is provided to the Census Bureau for its review in determining whether to seek administrative action for violations of the FTR.

(2) The provisions of this section apply only when information is received by the Census Bureau for review prior to the time that the Census Bureau, or any other agency of the United States Government, has learned the
same or substantially similar information from another source and has commenced an investigation or inquiry in connection with that information.

(3) While voluntary self-disclosure is a mitigating factor in determining what corrective actions will be required by the Census Bureau and/or whether the violation will be referred to the BIS to determine what administrative sanctions, if any, will be sought, it is a factor that is considered together with all other factors in a case. The weight given to voluntary self-disclosure is within the discretion of the Census Bureau and the BIS, and the mitigating effect of voluntary self-disclosure may be outweighed by aggravating factors. Voluntary self-disclosure does not prevent transactions from being referred to the Department of Justice (DOJ) for criminal prosecution. In such a case, the BIS or the DHS would notify the DOJ of the voluntary self-disclosure, but the consideration of that factor is within the discretion of the DOJ.

(4) Any person, including USPPIs, authorized agents, or carriers, will not be deemed to have made a voluntary self-disclosure under this section unless the individual making the disclosure did so with the full knowledge and authorization of senior management.

(5) The provisions of this section do not, nor should they be relied on to, create, confer, or grant any rights, benefits, privileges, or protection enforceable at law or in equity by any person, business, or entity in any civil, criminal, administrative, or other matter.

(c) Information to be provided—(1) General. Any person disclosing information that constitutes a voluntary self-disclosure should, in the manner outlined below, if a violation is suspected or a violation is discovered, conduct a thorough review of all export transactions for the past five years where violations of the FTR are suspected and notify the Census Bureau as soon as possible.

(2) Initial notification. (i) The initial notification must be in writing and be sent to the address in paragraph (c)(5) of this section. The notification must include the name of the person making the disclosure and a brief description of the suspected violations. The notification should describe the general nature, circumstances, and extent of the violations. If the person making the disclosure subsequently completes the narrative account required by paragraph (c)(3) of this section, the disclosure will be deemed to have been made on the date of the initial notification for purposes of paragraph (b)(2) of this section.

(ii) Disclosure of suspected violations that involve export of items controlled, licensed, or otherwise subject to the jurisdiction by a department or agency of the federal government should be made to the appropriate federal department or agency.

(3) Narrative account. After the initial notification, a thorough review should be conducted of all export transactions where possible violations of the FTR are suspected. The Census Bureau recommends that the review cover a period of five years prior to the date of the initial notification. If the review goes back less than five years, there is a risk that violations may not be discovered that later could become the subject of an investigation. Any violations not voluntarily disclosed do not receive consideration under this section. However, the failure to make such disclosures will not be treated as a separate violation unless some other section of the FTR or other provision of law requires disclosure. Upon completion of the review, the Census Bureau should be furnished with a narrative account that sufficiently describes the suspected violations so that their nature and gravity can be assessed. The narrative account should also describe the nature of the review conducted and measures that may have been taken to minimize the likelihood that violations will occur in the future. The narrative account should include:

(i) The kind of violation involved, for example, failure to file EEI, failure to correct fatal errors, failure to file timely corrections;

(ii) Describe all data required to be reported under the FTR that was either not reported or reported incorrectly;

(iii) An explanation of when and how the violations occurred;
§§ 30.75–30.99

(iv) The complete identities and addresses of all individuals and organizations, whether foreign or domestic, involved in the activities giving rise to the violations; and
(v) A description of any mitigating circumstances.

(4) Electronic export information. Report all data required under the FTR that was not reported. Report corrections for all data reported incorrectly. All reporting of unreported data or corrections to previously reported data shall be made through the AES.

(5) Where to make voluntary self-disclosures. With the exception of voluntary disclosures of manifest violations under §30.47 (c), the information constituting a voluntary self-disclosure or any other correspondence pertaining to a voluntary self-disclosure may be submitted to: Chief, Foreign Trade Division, U.S. Census Bureau, Room 6K032, Washington, DC 20233–6700, by phone 1–800–549–0595, by fax (301) 763–8835, or by e-mail FTDRegs@census.gov.

(d) Action by the Census Bureau. After the Census Bureau has been provided with the required narrative, it will promptly notify CBP, ICE, and the OEE of the voluntary disclosure, acknowledge the disclosure by letter, provide the person making the disclosure with a point of contact, and take whatever additional action, including further investigation, it deems appropriate. As quickly as the facts and circumstances of a given case permit, the Census Bureau may take any of the following actions:

(1) Inform the person or company making the voluntary self-disclosure of the action to be taken.
(2) Issue a warning letter or letter setting forth corrective measures required.
(3) Refer the matter, if necessary, to the OEE for the appropriate action.

§§ 30.75–30.99 [Reserved]

APPENDIX A TO PART 30—SAMPLE FOR POWER OF ATTORNEY AND WRITTEN AUTHORIZATION
POWER OF ATTORNEY
U.S. PRINCIPAL PARTY IN INTEREST/AUTHORIZED AGENT

Know all men by these presents, that ____________________________, the
(Name of U.S. Principal Party in Interest (USPPI))
USPPI organized and doing business under the laws of the State or Country of
__________________________ and having an office and place of business
at ____________________________, hereby
(Address of USPPI)
authorizes ______________________, (Authorized Agent)
(Name of Authorized Agent)
of ____________________________, (Address of Authorized Agent)
to act for and on its behalf as a true and lawful agent and attorney of the U.S. Principal
Party in Interest (USPPI) for, and in the name, place, and stead of the USPPI, from this
date, in the United States either in writing, electronically, or by other authorized means to:
act as authorized agent for export control, U.S. Census Bureau (Census Bureau)
reporting, and U.S. Customs and Border Protection (CBP) purposes. Also, to prepare
and transmit any Electronic Export Information (EEI) or other documents or records
required to be filed by the Census Bureau, CBP, the Bureau of Industry and Security, or
any other U.S. Government agency, and perform any other act that may be required by
law or regulation in connection with the exportation or transportation of any goods
shipped or consigned by or to the USPPI, and to receive or ship any goods on behalf of
the USPPI.

The USPPI hereby certifies that all statements and information contained in the
documentation provided to the authorized agent and relating to exportation will be true
and correct. Furthermore, the USPPI understands that civil and criminal penalties may be
imposed for making false or fraudulent statements or for the violation of any United States
laws or regulations on exportation.

This power of attorney is to remain in full force and effect until revocation in writing is
duly given by the U.S. Principal Party in Interest and received by the Authorized Agent.

IN WITNESS WHEREOF, ____________________________ caused these
(Full Name of USPPI/USPPI Company)
presents to be sealed and signed:

Witness: ____________________________ Signature: ____________________________
Capacity: ____________________________ Date: ____________________________

36 Warehouse Withdrawal for Immediate Exportation

37 Warehouse Withdrawal for Transportation and Exportation

67 Immediate Exportation from a Foreign Trade Zone

68 Transportation and Exportation from a Foreign Trade Zone

APPENDIX C TO PART 30—SUMMARY OF EXEMPTIONS AND EXCLUSIONS FROM EEI FILING

A. EEI is not required for the following types of shipments:

1. Exemption for shipments destined to Canada (§30.36).

2. Valued $2,500 or less per Schedule B/HTSUSA classification for commodities shipped from one USPPI to one consignee on a single carrier (§30.37(a)).

1Exemption from the requirements for reporting complete commodity information is covered in §30.38; Special exemptions for shipments to the U.S. Armed Services and covered in §30.39; and Special exemptions for certain shipments to U.S. Government agencies and employees are covered in §30.40.
3. Tools of the trade and their containers that are usual and reasonable kinds and quantities of commodities and software intended for use by individual USPPIs or by employees or representatives of the exporting company in furthering the enterprises and undertakings of the USPPI abroad (§30.37(b)).

4. Shipments from one point in the United States to another point in the United States by routes passing through Canada or Mexico (§30.37(c)).

5. Shipments from one point in Canada or Mexico to another point in the same country by routes through the United States (§30.37(d)).

6. Shipments transported inbound through the United States for export to a third country and exported from another U.S. port or transshipped and exported directly from the port of arrival never having made entry into the United States. If entry for consumption or warehousing in the United States is made, then an EEI is required if the goods are then exported to a third country from the United States (§30.37(e)).

7. Exports of technology and software as defined in 15 CFR 772 of the EAR that do not require an export license. However, EEI is required for mass-market software (§30.37(f)).

8. Shipments to foreign libraries, government establishments, or similar institutions, as provided in FTR Subpart D §30.40(d). (§30.37(h)).

9. Shipments as authorized under License Exception GFT for gift parcels and humanitarian donations (EAR 15 CFR 740.12); §30.37(i)).

10. Diplomatic pouches and their contents (§30.37(j)).

11. Human remains and accompanying appropriate receptacles and flowers (§30.37(k)).

12. Shipments of interplant correspondence, executed invoices and other documents, and other shipments of company business records from a U.S. firm to its subsidiary or affiliate. This excludes highly technical plans, correspondence, etc. that could be licensed (§30.37(l)).

13. Shipments of pets as baggage (§30.37(m)).

14. Carrier’s stores, not shipped under a bill of lading or an air waybill, supplies and equipment, including usual and reasonable kinds and quantities of bunker fuel, deck engine and steward department stores, provisions and supplies, medicinal and surgical supplies, food stores, slop chest articles, and saloon stores or supplies for use or consumption on board and not intended for unloading in a foreign country. (See Table 5 if shipped under a bill of lading or an air waybill (§30.37(n)).

15. Dunnage not shipped under a bill of lading or an air waybill, of usual and reasonable kinds and quantities not intended for unloading in a foreign country (§30.37(o)).

16. Shipments of aircraft parts and equipment; food, saloon, slop chest, and related stores; and provisions and supplies for use on aircraft by a U.S. airline. (EAR license exception (AVS) for aircraft and vessels 15 CFR 740.15(c); §30.37(p)).

17. Baggage and personal effects, accompanied or unaccompanied, of persons leaving the United States including members of crews on vessels and aircraft, when they are not shipped as cargo under a bill of lading or an air waybill and do not require an export license (§30.37(q)).

18. Temporary exports, whether shipped or hand carried, (e.g., carnet) that are exported from or returned to the United States in less than one year (12 months) from date of export (§30.37(r)).

19. Goods previously imported under Temporary Import Bond for return in the same condition as when imported including: goods for testing, experimentation, or demonstration; goods imported for exhibition; samples and models imported for review or for taking orders; goods for imported for participation in races or contests; and animals imported for breeding or exhibition and imported for use by representatives of foreign government or international organizations or by members of the armed forces of a foreign country. Goods that were imported under bond for processing and re-exportation are not covered by this exemption (§30.37(s)).

20. Issued banknotes and securities and coins in circulation exported as evidence of financial claims. The EEI must be filed for unissued bank notes and securities and coins not in circulation such as bank notes printed in the United States and exported in fulfillment of the printing contract or as part of collections, which should be reported at their commercial or current value (§30.37(t)).

21. Documents used in international transactions, documents moving out of the United States to facilitate international transactions including airline tickets, internal revenue stamps, liquor stamps, and advertising literature. Export of such documents in fulfillment of a contract for their production, however, are not exempt and must be reported at the transaction value for their production (§30.37(u)).

B. The following types of transactions are outside the scope of the FTR and shall be excluded from EEI filing:

1. Goods shipped under CBP bond through the United States, Puerto Rico, or the U.S. Virgin Islands from one foreign country or area to another where such goods do not enter the consumption channels of the United States.

2. Goods shipped from the U.S. territories of Guam Island, American Samoa, Wake Island, Midway Island, and Northern Mariana Islands to foreign countries or areas, and goods shipped between the U.S. and these territories (§30.2(d)(2)).
3. Electronic transmissions and intangible transfers. See FTR, Subpart B, for export control requirements for these types of transactions (§30.2(d)(3)).
4. Goods shipped to Guantanamo Bay Naval Base in Cuba from the United States, Puerto Rico, or the U.S. Virgin Islands and from Guantanamo Bay Naval Base to the United States, Puerto Rico, or the U.S. Virgin Islands. (See FTR Subpart D §30.39 for filing requirements for shipments exported by the U.S. Armed Services.) (§30.2(d)(4)).

## PART 40—TRAINING OF FOREIGN PARTICIPANTS IN CENSUS PROCEDURES AND GENERAL STATISTICS

### § 40.1 Type of grant.

Training grants will be awarded by the Agency for International Development (AID), in its capacity as the bilateral technical assistance agency for the United States Government, to foreign participants for training, observation, and research in the fields of censuses and statistics at the Bureau of the Census. In compliance with the needs of the participants and consistent with resources of the Bureau, training programs will be developed along the lines of a combined internetraining and/or training-in research types, and may include any or all of the following:

(a) Conference courses designed to provide the trainee with adequate background information on (1) organization and administration of the United States Bureau of the Census, (2) subject-matter areas for which the Bureau of the Census collects and compiles statistical information, (3) nature and scope of the major statistical programs maintained by other federal government agencies, (4) techniques and
