SUPPLEMENT NO. 5 TO PART 748—U.S.
IMPORT CERTIFICATE AND DELIVERY
VERIFICATION PROCEDURE

The United States participates in an Import Certificate/Delivery Verification procedure. Under this procedure, U.S. importers are sometimes required to provide their foreign suppliers with an U.S. International Import Certificate that is validated by the U.S. Government. This certificate tells the government of the exporter's country that the items covered by the certificate will be imported into the U.S. Economy and will not be reexported except as authorized by U.S. export control regulations. In addition, in some cases, the exporter's government may require a delivery verification. Under this procedure, the U.S. Customs Service validates a certificate confirming that the items have entered the U.S. economy. The U.S. importer must return this certificate to the foreign exporter.

This supplement establishes the procedures and requirements of BIS with respect to both of these programs. Paragraph (a) of this supplement contains the requirements and procedures of the U.S. International Import Certificate procedure. Paragraph (b) of this supplement contains the requirements and procedures of the Delivery Verification procedure.

(a) U.S. International Import Certificates. If you are a U.S. importer, a foreign supplier may request you to obtain a U.S. import certificate. The reason for this request is that the exporter's government requires a U.S. import certificate as a condition to issuing an export license. To obtain such a certificate you will have to fill in and execute the U.S. International Import Certificate form (Form BIS-645P/ATF-4522/DSP-53) and submit it to the U.S. government agency that has jurisdiction over the items you are importing. In doing so, you will be making a representation to the United States Government that you will import the items described in the certificate into the United States or if not so imported, you will not divert, transship or reexport them to another destination with the explicit approval of the U.S. government agency that has jurisdiction over those items. (Representations that items will be entered into the U.S. do not preclude the temporary unloading of items in a foreign trade zone for subsequent entry into the economy of the U.S.) If the items described in the certificate are subject to U.S. Department of Commerce jurisdiction, the Department will validate the certificate and return it to you. You may then send the certificate to your foreign supplier. In this

way the government of the exporting country is assured that the items will become subject to the export control laws of the United States.

(1) Items for which the U.S. Department of Commerce issues U.S. International Import Certificates and forms to use. The Department of Commerce issues U.S. International Import Certificates for the following types of items.

(i) Items controlled for National Security reasons. Items under the export licensing jurisdiction of BIS that are identified as controlled for national security reasons on the Commerce Control List (Supplement No. 1 to part 774 of the EAR). You will need to submit in triplicate a completed Form BIS-645P/ATF-4522/DSP-53;

(ii) Nuclear equipment and materials. Items subject to the export licensing jurisdiction of the Nuclear Regulatory Commission for nuclear equipment and materials. (see 10 CFR part 110). You will need to submit in quadruplicate a completed Form BIS-645P/ATF-4522/DSP-53; and

(iii) Munitions Items. Items listed on the U.S. Munitions List (see 22 CFR part 121) that do not appear on the more limited U.S. Munitions Import List (27 CFR 47.21). You will need to submit in triplicate a completed Form BIS-645P. For triangular transactions (See paragraph (a)(5) of this supplement) involving items on the U.S. Munitions List, you must contact the Department of State, Directorate of Defense Trade Controls and use Form BIS-645P/ATF-4522/DSP-53. You should contact the Treasury Department, Bureau of Alcohol, Tobacco and Firearms for items appearing on the U.S. Munitions Import List. You will need to use Form ATF-4522.

(2) Where to submit forms. U.S. International Import Certificates and requests to amend certificates may be presented for validation either in person or by mail at the following locations.

(i) By courier to the Bureau of Industry and Security, Room 2705, 14th Street and Pennsylvania Ave., NW., Washington, DC 20230, Attn: Import Certificate Request; or
