§ 748.10 Import Certificates and End-User Statements.

(a) Scope. There are a variety of Import Certificates and End-User Statements currently in use by various governments. The control exercised by the government issuing the Import Certificate or End-User Statement is in addition to the conditions and restrictions placed on the transaction by BIS. The laws and regulations of the United States are in no way modified, changed, or superseded by the issuance of an Import Certificate or End-User Statement. This section describes exceptions and relationships for both Import Certificates and End-User Statements, and generally applies only to transactions exceeding $50,000. In the case of countries identified in §748.9(b)(2) of this part (excluding the People's Republic of China (PRC)), Import Certificates are required for national security controlled items in transactions exceeding $50,000. In the case of the PRC, End-User Statements are required for transactions exceeding $50,000 involving all items that require a license to the PRC for any reason. However, this $50,000 threshold is lower for certain exports to the PRC (see paragraph (b)(3) of this section).

(b) Import Certificate or End-User Statement. Unless your transaction meets one of the exemptions stated in §748.9(a) of this part, an Import Certificate or End-User Statement must be obtained, if:

1. Your license application involves the export of commodities classified in a single entry on the CCL, and your ultimate consignee is in any destination listed in §748.9(b)(2), and the total value of your transaction exceeds $50,000. Note that the $50,000 transaction threshold does not apply if your transaction involves an export to the PRC of a computer that requires a license for any reason, an End-User Statement is required regardless of dollar value. Also, if your transaction involves an export to the PRC of an item classified under ECCN 6A003 that requires a license for any reason, an End-User Statement is required for transactions exceeding $5000.

2. Your license application may list several separate CCL entries. If any individual entry including an item that is controlled for national security reasons exceeds $50,000, then an Import Certificate must be obtained covering all items controlled for national security reasons on your license application.

3. Your license application involves exports to the PRC of an item classified under ECCN 6A003 that requires a license for any reason, an End-User Statement is required for transactions exceeding $5000.
to the PRC on your license application must be obtained;

(ii) If your license application involves a lesser transaction that is part of a larger order for items controlled for national security reasons (or, for the PRC, for any reason) in a single ECCN exceeding $50,000, an Import Certificate, or a PRC End-User Statement, as appropriate, must be obtained.

(iii) You may be specifically requested by BIS to obtain an Import Certificate for a transaction valued under $50,000. You also may be specifically requested by BIS to obtain an End-User Statement for a transaction that requires a license to the PRC for reasons in the EAR other than those listed in the CCL.

(c) How to obtain an Import Certificate or End-User Statement. (1) Applicants must request that the importer (e.g., ultimate consignee or purchaser) obtain the Import Certificate and that it be issued covering only those items that are controlled for national security reasons. Exporters should not request that importers obtain Import Certificates for items that are controlled for reasons other than national security. Note that in the case of the PRC, applicants must request that the importer obtain an End-User Statement for all items on a license application that require a license to the PRC for reasons in the EAR other than those listed in the CCL.

(2) The applicant’s name must appear on the Import Certificate or End-User Statement submitted to BIS as either the applicant, supplier, or order party. The Import Certificate may be made out to either the ultimate consignee or the purchaser, even though they are different parties, as long as both are located in the same country.

(3) If your transaction requires the support of a PRC End-User Statement, you must ensure that the following information is included on the PRC End-User Statement signed by an official of the Department of Mechanic, Electronic and High Technology Industries, Export Control Division I, of the PRC Ministry of Commerce (MOFCOM), with MOFCOM’s seal affixed to it:

(i) Title of contract and contract number (optional);
(ii) Names of importer and exporter;
(iii) End-User and end-use;
(iv) Description of the item, quantity and dollar value; and
(v) Signature of the importer and date.

NOTE TO PARAGRAPH (c) OF THIS SECTION: You should furnish the consignee with the item description contained in the CCL to be used in applying for the Import or End-User Statement. It is also advisable to furnish a manufacturer’s catalog, brochure, or technical specifications if the item is new.

(d) Where to obtain Import and End-User Certificates. See Supplement No. 4 to this part for a list of the authorities administering the Import Certificate/Delivery Verification and End-User Certificate Systems in other countries.

(e) Triangular symbol on International Import Certificates. (1) In accordance with international practice, the issuing government may stamp a triangular symbol on the International Import Certificate (IIC). This symbol is notification that the importer does not intend to import or retain the items in the country issuing the certificate, but that, in any case, the items will not be delivered to any destination except in accordance with the export regulations of the issuing country.

(2) If you receive an IIC bearing a triangular symbol, you must identify all parties to the transaction on the license application, including those located outside the country issuing the IIC. If the importer declines to provide you with this information, you may advise the importer to provide the information directly to BIS, through a U.S. Foreign Commercial Service office, or in a sealed envelope to you marked “To be opened by BIS only”.

(f) Multiple license applications supported by one certificate. An Import or End-User Certificate may cover more than one purchase order and more than one item. Where the certificate includes items for which more than one license application will be submitted, you must include in Block 24 on your application, or in an attachment to each license application submitted against the certificate, the following certification:
Bureau of Industry and Security, Commerce

§ 748.11 Statement by Ultimate Consignee and Purchaser.

(a) Exceptions to completing a Statement by Ultimate Consignee and Purchaser. A Statement by the Ultimate Consignee and/or Purchaser involved in a transaction must be completed unless:

(1) An International Import Certificate, a People’s Republic of China End-User Certificate, an Indian Import Certificate, or a Bulgarian, Czech, Hungarian, Polish, Romanian or Slovak Import Certificate is required in support of the license application;

(2) The applicant is the same person as the ultimate consignee, provided the required statements are contained in Block 24 on the license application. This exemption does not apply where the applicant and consignee are separate entities, such as parent and subsidiary, or affiliated or associated firms;

(3) The application is valued at $5000 or less, and is not part of a larger transaction; or

(4) The transaction meets one of the exemptions stated in §748.9(a) of this part.

(b) Submission of the Statement by Ultimate Consignee and Purchaser. A copy of the statement must be submitted with your license application if the country of ultimate destination is listed in either Country Group D:2, D:3, or D:4 (See Supplement No. 1 to part 740 of the EAR). The copy submitted by the applicant must be of sufficient quality to ensure all assertions made on the statement are legible and that the signatures are sufficiently legible to permit identification of the signature as that of the signer. The applicant must receive the manually-signed original Substitute for the officially authenticated original in this instance.
