CODIFICATION NOTE: Part 1611 is a codification of the previously unpublished flammability standard for vinyl plastic film which was derived from part of the requirements of Commercial Standard 192–53, issued by the Department of Commerce, effective on May 22, 1953. This flammability standard became mandatory through section 4(a) of the Flammable Fabrics Act, as amended in 1954, and remains in effect due to the savings clause (section 11) of Public Law 90–189. Paragraph 3.11 of the Commercial Standard, referred to in the 1954 act, has been codified as §1611.3 of this part. 16 CFR part 1609 contains the text of the Flammable Fabrics Act of 1953, as amended in 1954.
