Securities and Exchange Commission

§ 210.3–17 Financial statements of natural persons.

(a) In lieu of the financial statements otherwise required, a natural person may file an unaudited balance sheet as of a date within 90 days of date of filing and unaudited statements of income for each of the three most recent fiscal years.

(b) Financial statements conforming with the instructions as to financial statements of subsidiaries not consolidated and 50 percent or less owned persons under §210.3–09(a) shall be separately presented for: (1) Each business owned as a sole proprietor, (2) each partnership, business trust, unincorporated association, or similar business organization of which the person holds a controlling interest and (3) each corporation of which the person, directly or indirectly, owns securities representing more than 50 percent of the voting power.

(c) Separate financial statements may be omitted, however, for each corporation, business trust, unincorporated association, or similar business organization if the person’s total investment in and income from such entity does not exceed 15 percent of his total assets and gross income, respectively.

§ 210.3–16 Financial statements of affiliates whose securities collateralize an issue registered or being registered.

(a) For each of the registrant’s affiliates whose securities constitute a substantial portion of the collateral for any class of securities registered or being registered, there shall be filed the financial statements that would be required if the affiliate were a registrant and required to file financial statements. However, financial statements need not be filed pursuant to this section for any person whose statements are otherwise separately included in the filing on an individual basis or on a basis consolidated with its subsidiaries.

(b) For the purposes of this section, securities of a person shall be deemed to constitute a substantial portion of collateral if the aggregate principal amount, par value, or book value of the securities as carried by the registrant, or the market value of such securities, whichever is the greatest, equals 20 percent or more of the principal amount of the secured class of securities.
