this section. Under this paragraph (c)(3), you must also submit the same information to the Commission in accordance with the procedures set forth in §240.21F–9 within 120 days of providing it to the entity.

(d) An action generally means a single captioned judicial or administrative proceeding brought by the Commission. Notwithstanding the foregoing:

(1) For purposes of making an award under §240.21F–10 of this chapter, the Commission will treat as a Commission action two or more administrative or judicial proceedings brought by the Commission if these proceedings arise out of the same nucleus of operative facts; or

(2) For purposes of determining the payment on an award under §240.21F–14 of this chapter, the Commission will deem as part of the Commission action upon which the award was based any subsequent Commission proceeding that, individually, results in a monetary sanction of $1,000,000 or less, and that arises out of the same nucleus of operative facts.

(e) Monetary sanctions means any money, including penalties, disgorgement, and interest, ordered to be paid and any money deposited into a disgorgement fund or other fund pursuant to Section 308(b) of the Sarbanes-Oxley Act of 2002 (15 U.S.C. 7246(b)) as a result of a Commission action or a related action.

(f) Appropriate regulatory agency means the Commission, the Comptroller of the Currency, the Board of Governors of the Federal Reserve System, the Federal Deposit Insurance Corporation, the Office of Thrift Supervision, and any other agencies that may be defined as appropriate regulatory agencies under Section 3(a)(34) of the Exchange Act (15 U.S.C. 78c(a)(34)).

(g) Appropriate regulatory authority means an appropriate regulatory agency other than the Commission.

(h) Self-regulatory organization means any national securities exchange, registered securities association, registered clearing agency, the Municipal Securities Rulemaking Board, and any other organizations that may be defined as self-regulatory organizations under Section 3(a)(26) of the Exchange Act (15 U.S.C. 78c(a)(26)).

§ 240.21F–5 Amount of award.

(a) The determination of the amount of an award is in the discretion of the Commission.

(b) If all of the conditions are met for a whistleblower award in connection with a Commission action or a related action, the Commission will then decide the percentage amount of the award applying the criteria set forth in §240.21F–6 of this chapter and pursuant to the procedures set forth in §§240.21F–10 and 240.21F–11 of this chapter. The amount will be at least 10 percent and no more than 30 percent of the monetary sanctions that the Commission and the other authorities are able to collect. The percentage awarded in connection with a Commission action may differ from the percentage awarded in connection with a related action.

(c) If the Commission makes awards to more than one whistleblower in connection with the same action or related action, the Commission will determine an individual percentage award for each whistleblower, but in no event will the total amount awarded to all whistleblowers in the aggregate be less than 10 percent or greater than 30 percent of the amount the Commission or the other authorities collect.

§ 240.21F–6 Criteria for determining amount of award.

In exercising its discretion to determine the appropriate award percentage, the Commission may consider the following factors in relation to the unique facts and circumstances of each case, and may increase or decrease the award percentage based on its analysis of these factors. In the event that awards are determined for multiple whistleblowers in connection an action, these factors will be used to determine the relative allocation of awards among the whistleblowers.

(a) Factors that may increase the amount of a whistleblower’s award. In determining whether to increase the amount of an award, the Commission will consider the following factors, which are not listed in order of importance.
(1) **Significance of the information provided by the whistleblower.** The Commission will assess the significance of the information provided by a whistleblower to the success of the Commission action or related action. In considering this factor, the Commission may take into account, among other things:

(i) The nature of the information provided by the whistleblower and how it related to the successful enforcement action, including whether the reliability and completeness of the information provided to the Commission by the whistleblower resulted in the conservation of Commission resources;

(ii) The degree to which the information provided by the whistleblower supported one or more successful claims brought in the Commission or related action.

(2) **Assistance provided by the whistleblower.** The Commission will assess the degree of assistance provided by the whistleblower and any legal representative of the whistleblower in the Commission action or related action. In considering this factor, the Commission may take into account, among other things:

(i) Whether the whistleblower provided ongoing, extensive, and timely cooperation and assistance by, for example, helping to explain complex transactions, interpreting key evidence, or identifying new and productive lines of inquiry;

(ii) The timeliness of the whistleblower’s initial report to the Commission or to an internal compliance or reporting system of business organizations committing, or impacted by, the securities violations, where appropriate;

(iii) The resources conserved as a result of the whistleblower’s assistance;

(iv) Whether the whistleblower appropriately encouraged or authorized others to assist the staff of the Commission who might otherwise not have participated in the investigation or related action;

(v) The efforts undertaken by the whistleblower to remediate the harm caused by the violations, including assisting the authorities in the recovery of the fruits and instrumentalities of the violations; and

(vi) Any unique hardships experienced by the whistleblower as a result of his or her reporting and assisting in the enforcement action.

(3) **Law enforcement interest.** The Commission will assess its programmatic interest in deterring violations of the securities laws by making awards to whistleblowers who provide information that leads to the successful enforcement of such laws. In considering this factor, the Commission may take into account, among other things:

(i) The degree to which an award enhances the Commission’s ability to enforce the Federal securities laws and protect investors; and

(ii) The degree to which an award encourages the submission of high quality information from whistleblowers by appropriately rewarding whistleblowers’ submission of significant information and assistance, even in cases where the monetary sanctions available for collection are limited or potential monetary sanctions were reduced or eliminated by the Commission because an entity self-reported a securities violation following the whistleblower’s related internal disclosure, report, or submission.

(iii) Whether the subject matter of the action is a Commission priority, whether the reported misconduct involves regulated entities or fiduciaries, whether the whistleblower exposed an industry-wide practice, the type and severity of the securities violations, the age and duration of misconduct, the number of violations, and the isolated, repetitive, or ongoing nature of the violations; and

(iv) The dangers to investors or others presented by the underlying violations involved in the enforcement action, including the amount of harm or potential harm caused by the underlying violations, the type of harm resulting from or threatened by the underlying violations, and the number of individuals or entities harmed.

(4) **Participation in internal compliance systems.** The Commission will assess whether, and the extent to which, the whistleblower and any legal representative of the whistleblower participated in internal compliance systems. In considering this factor, the Commission
