(iii) Any action not in paragraph (a) (1) or (3) of this section.
(3) Actions normally not requiring assessments or EIS’s (categorical exclusions):
   (i) Approval of Title III State planning grants.
   (ii) Adoption, approval or transmittal or priorities reports.
   (iii) Preparation of the National Water Assessment.
   (iv) Recommendations to the President with the respect to Federal policies and programs, except for transmittal of plans described in paragraph (a) (1) or (2) of this section for which the original EIS or Environmental Assessment (EA) will be transmitted with the plan. A second EIS is not required.
   (v) Framework studies and assessments and special studies which do not include recommendations for future actions.

(b) Where the presence of extraordinary circumstances indicates that an action normally excluded may have a significant environmental effect, the appropriate RFO shall independently determine whether an EIS or an environmental assessment is required.

§ 707.10 Scoping.
Scoping will be used to determine the extent of issues to be addressed by the EIS and to identify significant issues related to the proposed action. Scoping will be conducted as described by the CEQ NEPA regulations, §§1501.7 and 1508.25.

§ 707.11 Environmental information.
Interested persons may contact the Director, U.S. Water Resources Council, 2120 L Street, NW., Washington, DC 20037, for information regarding the Council’s compliance with NEPA.
