RLF entries are subject to the documentation, document retention and document retrieval requirements of this chapter as well as the general entry requirements of parts 141, 142 and 143 of this chapter. Participation in the RLF program is voluntary and at the option of the filer.

§ 143.42 Definitions.

The following definitions, in addition to the definitions set forth in §143.32 of this part, apply for purposes of this subpart E:

(a) Remote Location Filing (RLF)—“RLF” is an elective method of making entry by which a customs broker with a national permit electronically transmits all data information associated with an entry that CBP can process in a completely electronic data interchange system to a RLF-operational CBP location from a remote location other than where the goods are being entered. (Importers filing on their own behalf may file electronically in any port, subject to ABI filing requirements.)

(b) RLF-operational CBP location—“RLF-operational CBP location” means a CBP location within the customs territory of the United States that is staffed with CBP personnel who have been trained in RLF procedures and who have operational experience with the Electronic Invoice Program (EIP). EIP is defined in §143.32 of this chapter. A list of all RLF-operational locations is available for viewing on the CBP Internet Web site located athttp://www.cbp.gov/xp/cgov/trade/trade_programs/remote_location_filing/.
