(2) A claimant worked three hours per day, at $5 per hour, in the family insurance business. He was marked up for work as an extra board trainman and worked whenever he was called. When called, he skipped work in the family insurance business. His insurance earnings of $15 per day were subsidiary remuneration.

(3) While unemployed from her railroad job, a claimant took a job as a school bus driver. She worked from 7 a.m. to 9 a.m., and 2:30 p.m. to 5:30 p.m. Her regular railroad job was a daytime job from 8 a.m. to 4:30 p.m. Her pay as a school bus driver was not subsidiary remuneration because the job was not compatible with the holding of full time work in her regular railroad occupation.

§ 323.2 Definition of nongovernmental plan for unemployment or sickness insurance.

A nongovernmental plan for unemployment or sickness insurance is a benefit plan, program or policy that is in the nature of insurance and is designed and established by an employer for the purpose of supplementing the benefits that an employee of such employer may receive under the Railroad Unemployment Insurance Act during a period of unemployment or sickness. A nongovernmental plan may be established by labor-management agreement or by unilateral employer action. Payments under such plans are referred to as remuneration.
