meet the family's housing costs, the portion of the payments that is designated.

(3) In no event may the rent charged an occupant exceed the occupant's pro rata share of the lessee's costs of operating the property.

(d) *Damage to leased properties.* Any damage to leased property caused by the intentional or negligent acts of the lessee or occupants must be repaired by the lessee at its own expense. If the lessee does not make the necessary repairs within a reasonable time after the damage occurs, HUD may, at its option, make the repairs and charge the cost to the lessee. Failure by the lessee to make the necessary repairs or to reimburse HUD for the cost of repairs will constitute grounds for termination of the lease and may result in termination from the program.

(e) *Purchase of leased properties.* (1) Lessees that desire to purchase leased properties during the lease term will be offered the properties at the lower of the fair market value established at the time of the initiation of the lease or at the time of the sale, less a discount determined appropriate by the Secretary but not less than 10 percent, provided lessees agree to use the properties either to house low-income tenants for a period of not less than 10 years or to resell the properties to low-income buyers. If the lessee does not agree to such conditions, the lessee must purchase the properties at the higher of the fair market value at the time of the initiation of the lease or at the time of the sale, less 10 percent. Any repairs to or rehabilitation of a property done by a lessee during the lease term will not be reflected in the purchase price.

(2) Sales of leased properties will be on as-is, all-cash basis. HUD will not pay a fee for a selling broker. HUD will pay the closing agent's fee. The purchaser must pay all other closing costs.
