§ 570.416 Hispanic-serving institutions work study program.

(a) Applicability and objectives. HUD makes grants under the Hispanic-serving Institutions Work Study Program (HSI-WSP) to public and private nonprofit Hispanic-serving Institutions (HSI’s) of higher education for the purpose of providing assistance to economically disadvantaged and minority students who participate in a work study program while enrolled in full-time community college programs in community building, and to provide entry to pre-professional careers in these fields.

(b) Definitions. The following definitions apply to HSI-WSP:

(iii) Consistent with OMB Circulars No. A-101 and A-110, HUD, in the grant agreement, will set forth in detail other circumstances under which funds may be deobligated, recipients may be liable for repayment, or other sanctions may be imposed.

(1) Other Federal requirements—(1) Handicap provision. Recipients must provide a statement certifying that no otherwise qualified handicapped person shall, solely by reason of handicap, be excluded from participation in, be denied the benefits of, or otherwise be subjected to discrimination under the CDWSP.

(2) Disbursement. Recipients will receive grant payments by direct deposit on a reimbursement basis. If that is not possible, grant payments will be made by U.S. Treasury checks.

(3) Deobligation and recipient repayment. (i) HUD may deobligate amounts for grants if proposed activities are not begun or completed within a reasonable time after selection.

(ii) If a student’s participation in CDWSP is terminated before the completion of the two-year term of the student’s program, the recipient may substitute another student to complete the two-year term of a student whose participation has terminated. The substituted student must have a sufficient number of academic credits to complete the degree program within the remaining portion of the terminated student’s two-year term. With respect to any CDWSP grant, there is no requirement, regardless of the date of grant award, for students who are terminated from the CDWSP to repay tuition and additional assistance or for the grant recipient to repay such funds to HUD. Funds must still be otherwise expended consistent with CDWSP regulations and the grant agreement, or repayment may be required under paragraph (k)(3)(iii) of this section.
Applicant means a public or private non-profit Hispanic-serving institution of higher education that offers only two-year degree programs, including at least one community building academic degree program, and that applies for funding under HSI-WSP.

Community building means community and economic development, community planning, community management, public policy, urban economics, urban management, urban planning, land use planning, housing, and related fields. Related fields include, but are not limited to, administration of justice, child development, and human services.

Community building academic program or academic program means an undergraduate associate degree program whose purpose and focus is to educate students in community building. The terms “community building academic program” or “academic program” refer to the types of academic programs encompassed in the statutory phrase “community or economic development, community planning or community management.” For purposes of HSI-WSP, such programs include, but are not limited to, associate degree programs in community and economic development, community planning, community management, public administration, public policy, urban economics, urban management, urban planning, land use planning, housing, and related fields of study. Related fields of study that promote community building, such as administration of justice, child development, and human services are eligible, while fields such as natural sciences, computer sciences, mathematics, accounting, electronics, engineering, and the humanities (such as English or history) would not be eligible. A transfer program (i.e., one that leads to transfer to a four-year institution of higher education for the student’s junior year) in a community building academic discipline is eligible only if the student is required to declare his/her major in this discipline while at the community college.

Community building field means any of the fields of study eligible under a community building academic program.

Economically disadvantaged and minority students means students who satisfy all the applicable guidelines established at the participating institution of higher education to measure financial need for academic scholarship or loan assistance, including, but not limited to, students with disabilities and students who are Black, American Indian/Alaska Native, Hispanic, Asian/Pacific Islanders, where such students satisfy the financial needs guidelines defined above.

Hispanic-serving institution is an institution of higher education that certifies to the satisfaction of the Secretary that it meets the criteria set out at 20 U.S.C. 1059c(b)(1), including the following: An institution that has an enrollment of undergraduate full-time students that is at least 25 percent Hispanic; in which not less than 50 percent of the Hispanic students are low-income individuals (i.e., their families’ taxable income for the preceding year did not exceed 150 percent of the poverty level) who are first generation college students; and in which another 25 percent are either low-income individuals or first generation college students.

HSI-WSP or HSI-WSP program means the Hispanic-serving Institutions Work Study program.

Institution of higher education means a public or private educational institution that offers two-year associate degrees in a community building academic program and that is accredited by an accrediting agency or association recognized by the Secretary of Education. Institutions offering BOTH four-year and two-year degrees are not eligible for HSI-WSP.

Recipient means an approved applicant that executes a grant agreement with HUD.

Student means a person attending the institution of higher education on a full-time basis, as defined by that institution and pursuing an eligible community building degree. Students must have attained no more than half of the credits required for their degree at the time they first receive assistance under HSI-WSP.

Student with disabilities means a student who meets the definition of a

"person with disabilities" in the Americans with Disabilities Act of 1990.

(c) Assistance provided—(1) Types of assistance available. HUD provides funding in the form of grants to recipients who make assistance available to eligible students. Grants are provided to cover the costs of student assistance and for an administrative allowance.

(2) Maximum amount of assistance. The maximum amount that can be provided to a student is $13,200 a year, including $1,000 for an administrative allowance, subject to the 20% limitation described at 570.416(c)(4) below. HUD will not set maximums on how much should be spent to each eligible expenditure, other than for administrative costs. The institution must be able to document that the amounts paid are customary for that institution and that it has actually paid that amount to the students. If a student is receiving a Pell grant, he/she may not receive funding for the same educational support through HSI-WSP. However, HSI-WSP can substitute for all or part of the Pell grant.

(3) Student assistance. Grants are provided in the form of student stipends, tuition support, and additional support.

(i) Student stipend. The amount of the student stipend should be based on the hourly rate for initial entry positions in the community building field and the number of hours worked by the student at the work placement assignment. The stipend should be sufficiently high to allow the student to earn the full stipend, as determined by the recipient, without working over 20 hours per week during the school year and 40 hours per week during the summer.

(ii) Tuition support. The amount of tuition support may not exceed the tuition and required fees charged at the participating institution of higher education.

(iii) Additional support. The recipient may provide additional support for books, tutoring, and travel related to the academic program or work placement assignment. Costs associated with reasonable accommodations for students with disabilities including, but not limited to, interpreters for the deaf/hard of hearing, special equipment, and braille materials are eligible under this category.

(4) Administrative allowance. HUD provides an allowance to recipients to cover the administrative costs of the program. The administrative allowance is $1,000 per year for each student participating in the program; however, no more than 20 percent of the grant may be used for planning and program administrative costs.

(5) Number of students assisted. The minimum number of students that may be assisted is three students per participating institution of higher education. The maximum number of students that may be assisted is ten students per participating institution of higher education; however, a lower maximum or higher minimum may be established for a particular funding round by the NOFA announcing the availability of the funds.

(d) Recipient eligibility and responsibilities—(1) Recipient eligibility. Public or private Hispanic-serving institutions of higher education offering only undergraduate two-year degrees, including degrees in at least one community building academic program, are eligible for assistance under HSI-WSP. HSIs that offer BOTH two-year and four-year degrees are not eligible for HSI-WSP assistance.

(2) Recipient responsibilities. The recipient is responsible for administering the program, for compliance with all program requirements, and for coordination of program activities carried out by the work placement agencies. The recipient must:

(i) Recruit students for participation in HSI-WSP. The recipient shall establish recruitment procedures that identify eligible economically disadvantaged and minority students pursuing careers in community building, and make them aware of the availability of assistance opportunities. While the program is restricted to HSIs, the recipient may restrict the program to any particular minority group or groups, nor provide any preferential treatment in the selection process based on race or ethnicity. Only economically disadvantaged students, as defined herein, may be assisted.
(ii) Select students for participation in HSI-WSP. In selecting among the eligible students, the recipient must consider the extent to which each student has demonstrated financial need under the applicable guidelines established at the institution of higher education; an interest in, and commitment to, a career in community building; and the ability to satisfactorily complete the academic and work placement responsibilities under HSI-WSP. Students must be selected before the beginning of the semester for which funding is being provided. If a student’s participation terminates, the student may not be replaced; the grant will be reduced by the amount of unused funds allotted for that student.

(iii) Provide the educational component for participating students.

(iv) Recruit and select work placement agencies, and negotiate and execute an agreement covering each work placement assignment.

(v) Refer participating students to work placement agencies and assist students in the selection of work placement assignments.

(vi) Assign sufficient staff to administer and supervise the program on a day-to-day basis.

(vii) Encourage participating students to either: obtain post-graduation employment with a unit of State or local government, an APO, an Indian tribe, or a private nonprofit organization involved in community building activities. A work placement site that is part of the institution of higher education (e.g., a child care center) can only be an eligible site if the services provided by that site are offered to people in the broader community outside the institution.

2) Responsibilities. Work placement agencies must:

(i) Provide practical experience and training in the community building field to participating students through work placement assignments.

(ii) Consult with the institution of higher education to ensure that the student’s work placement assignment provides the requisite experience and training to meet the required number of work hours specified in the student work placement agreement.

(iii) Provide a sufficient number and variety of work assignments to provide participating students with a wide choice of work experience.

(iv) Require each student to devote 12–20 hours per week during the regular school year, and 35–40 hours a week during the summer, to the work placement assignment. Work placement agencies may provide flexibility in the work period, if such a schedule is consistent with the requirements of the student’s academic program. However, a participating student may receive a stipend payment only during the period when the student is placed with the work placement agency.

(v) Comply with all other applicable Federal requirements.

(vi) Maintain such records as HUD may require.

(f) Student eligibility and responsibilities. Students apply directly to recipients receiving grants under HSI-WSP.

1) Eligibility. To be eligible for HSI-WSP, the student:

(i) Must satisfy all applicable guidelines established at the participating institution of higher education to measure financial need for academic scholarship or loan assistance.

(ii) Must be a full-time student enrolled in a community building associate degree program at the participating institution of higher education. The student must have attained no more than 50 percent of the credits required for his/her degree at the time the student first receives assistance under this program.
(iii) Must demonstrate an ability to maintain a satisfactory level of performance in community building academic program (i.e., maintain a B average, as defined by the institution) and in work placement assignments, and comply with the professional standards set by the recipient and the work placement agencies.

(iv) May not have previously participated in HSI-WSP.

(2) Student responsibilities. Participating students must:

(i) Enroll or be enrolled in a two-year community building associate degree program. A student’s academic and work placement responsibilities include: Full-time enrollment in an approved academic program; maintenance of a satisfactory level of performance in the community building academic program and in work placement assignments; and compliance with the professional conduct standards set by the recipient and by the work placement agency. A satisfactory level of academic performance consists of maintaining a B average, as defined by the institution. A student’s participation in HSI-WSP shall be terminated for failure to meet these responsibilities and standards. If the student’s participation is terminated, the student is ineligible for further HSI-WSP assistance.

(ii) Devote 12–20 hours per week during the regular school year, and 35–40 hours a week during the summer, to the work placement assignment. Work placement agencies may provide flexibility in the work period, if such a schedule is consistent with the requirements of the student’s academic program. However, a participating student may receive a stipend payment only during the period when the student is placed with the work placement agency.

(iii) Agree to make a good-faith effort to either: obtain employment in community building with a unit of State or local government, an APO, an Indian tribe, or a non-profit organization; or to transfer to a four-year institution of higher education to obtain a bachelor’s degree in a community building academic discipline. However, if the student does not obtain such employment or transfer to a four-year institution, the student is not required to repay the assistance received.

(g) Notice of funding availability. HUD will solicit grant applications from eligible institutions of higher education by publishing a notice of funding availability in the Federal Register. The notice will:

(1) Explain how application kits providing specific application requirements and guidance may be obtained;

(2) Specify the place for filing completed applications, and the date by which applications must be physically received at that location;

(3) State the amount of funding available under the notice, which may include funds recaptured from previously awarded grants;

(4) Provide other appropriate program information and guidance.

(h) Agreements—(1) Grant agreement. The responsibilities of the recipient under HSI-WSP will be incorporated in a grant agreement executed by HUD and the recipient.

(2) Student agreement. The recipient and each participating student must execute a written agreement incorporating their mutual responsibilities under HSI-WSP. The agreement must be executed before the student can be enrolled in the program. The Recipient shall terminate a student’s participation in HSI-WSP for failure to meet the responsibilities and standards in the agreement.

(3) Work placement assignment agreement. The recipient, the student, and the work placement agency must execute a written agreement covering each work placement assignment. The agreement must address the responsibilities of each of the parties, the educational objectives, the nature of the supervision, the standards of evaluation, and the student’s time commitments under the work placement assignment.

(1) Grant administration—(1) Initial obligation of funds. When HUD selects an application for funding, HUD will obligate funds to cover the amount of the approved grant. The term of the award will be for two calendar years, unless subsequently altered by HUD at its discretion for good cause.

(2) Disbursement. Recipients will receive grant payments by direct deposit.
§ 570.420 General.

(a) Administration of Non-entitlement CDBG funds in New York by HUD or Insular Areas—(1) Small cities. The Act permits each state to elect to administer all aspects of the CDBG program annual fund allocation for the non-entitlement areas within its jurisdiction. All states except Hawaii have elected to administer the CDBG program for non-entitlement areas within their jurisdiction. This section is applicable only to active HUD-administered small cities grants in New York. The requirements for the non-entitlement CDBG grants in Hawaii are set forth in §570.429 of this subpart. States that elected to administer the program after the close of Fiscal Year 1984 cannot return administration of the program to HUD. A decision by a state to discontinue administration of the program would result in the loss of CDBG funds for non-entitlement areas in that state and the reallocation of those funds to all states in the succeeding fiscal year.

(2) Insular areas. Title V of Public Law 108–186 amended the Act to move the insular areas funding authorization from sections 107(a) and (b) to section 106(a). This revision identified a specific portion of the CDBG allocation for insular areas that is separate from the distribution for special purpose grants, as well as from the Entitlement and State formula distribution. The Insular areas of Guam, the Northern Mariana Islands, the Virgin Islands, and American Samoa are permitted to administer all aspects of their Community Development Block Grant (CDBG) program under section 106 of the Act in accordance with their final statement as further described at §570.440.

(b) Scope and applicability. (1) This subpart describes the policies and procedures of the Small Cities program that apply to non-entitlement areas in states where HUD administers the CDBG program. HUD currently administers the Small Cities program in only two states—New York (for grants prior to FY 2000) and Hawaii (for non-entitlement CDBG grants in Hawaii). The Small Cities portion of this subpart addresses the requirements for New York Small Cities grants in §§570.421, 570.426,
