

(f) In administering the CDBG program, a state may impose additional or more restrictive provisions on units of general local government participating in the state's program, provided that such provisions are not inconsistent with the Act or other statutory or regulatory provisions that are applicable to the State CDBG program.

(g) States shall make CDBG program grants only to units of general local government. This restriction does not limit a state's authority to make payments to other parties for state administrative expenses and technical assistance activities authorized in section 106(d) of the Act.

[57 FR 53397, Nov. 9, 1992, as amended at 61 FR 11477, Mar. 20, 1996; 61 FR 54921, Oct. 22, 1996; 69 FR 41718, July 9, 2004; 77 FR 24142, Apr. 23, 2012]

§ 570.481 Definitions.

(a) Except for terms defined in applicable statutes or this subpart, the Secretary will defer to a state's definitions, provided that these definitions are explicit, reasonable and not plainly inconsistent with the Act. As used in this subpart, the following terms shall have the meaning indicated:

(1) *Act* means title I of the Housing and Community Development Act of 1974 (42 U.S.C. 5301 *et seq.*).

(2) *CDBG funds* means Community Development Block Grant funds, in the form of grants under this subpart and program income, and loans guaranteed under section 108 of the Act.

(b) [Reserved]

[57 FR 53397, Nov. 9, 1992, as amended at 61 FR 5209, Feb. 9, 1996; 74 FR 36389, July 22, 2009]

§ 570.482 Eligible activities.

(a) *General.* The choice of activities on which block grant funds are expended represents the determination by state and local participants, developed in accordance with the state's program design and procedures, as to which approach or approaches will best serve these interests. The eligible activities are listed at section 105(a) of the Act.

(b) *Special assessments under the CDBG program.* The following policies relate to special assessments under the CDBG program:

(1) *Public improvements initially assisted with CDBG funds.* Where CDBG funds are used to pay all or part of the cost of a public improvement, special assessments may be imposed as follows:

(i) Special assessments to recover the *CDBG funds* may be made only against properties owned and occupied by persons *not* of low and moderate income. These assessments constitute program income.

(ii) Special assessments to recover the *non-CDBG* portion may be made, provided that CDBG funds are used to pay the special assessment in behalf of all properties owned and occupied by low and moderate income persons; except that CDBG funds need not be used to pay the special assessments in behalf of properties owned and occupied by moderate income persons if, when permitted by the state, the unit of general local government certifies that it does not have sufficient CDBG funds to pay the assessments in behalf of all of the low and moderate income owner-occupant persons. Funds collected through such special assessments are not program income.

(2) *Public improvements not initially assisted with CDBG funds.* CDBG funds may be used to pay special assessments levied against property when this form of assessment is used to recover the capital cost of eligible public improvements initially financed solely from sources other than CDBG funds. The payment of special assessments with CDBG funds constitutes CDBG assistance to the public improvement. Therefore, CDBG funds may be used to pay special assessments, provided that:

(i) The installation of the public improvements was carried out in compliance with requirements applicable to activities assisted under this subpart, including labor, environmental and citizen participation requirements;

(ii) The installation of the public improvement meets a criterion for national objectives. (See § 570.483(b)(1), (c), and (d).)

(iii) The requirements of § 570.482(b)(1)(ii) are met.

(c) *Special eligibility provisions.* (1) Microenterprise development activities eligible under section 105(a)(23) of the Housing and Community Development

Act of 1974, as amended (42 U.S.C. 5301 *et seq.*) (the Act) may be carried out either through the recipient directly or through public and private organizations, agencies, and other subrecipients (including nonprofit and for-profit subrecipients).

(2) *Provision of public services.* The following activities shall not be subject to the restrictions on public services under section 105(a)(8) of the Act:

(i) Support services provided under section 105(a)(23) of the Act, and paragraph (c) of this section;

(ii) Services carried out under the provisions of section 105(a)(15) of the Act, that are specifically designed to increase economic opportunities through job training and placement and other employment support services, including, but not limited to, peer support programs, counseling, child care, transportation, and other similar services; and

(iii) Services of any type carried out under the provisions of section 105(a)(15) of the Act pursuant to a strategy approved by a state under the provisions of § 91.315(e)(2) of this title.

(3) Environmental cleanup and economic development or redevelopment of contaminated properties. Remediation of known or suspected environmental contamination may be undertaken under the authority of section 205 of Public Law 105–276 and section 105(a)(4) of the Act. Economic development activities carried out under sections 105(a)(14), (a)(15), or (a)(17) of the Act may include costs associated with project-specific assessment or remediation of known or suspected environmental contamination.

(d) [Reserved]

(e) *Guidelines and objectives for evaluating project costs and financial requirements—(1) Applicability.* The following guidelines, also referred to as the underwriting guidelines, are provided to assist the recipient to evaluate and select activities to be carried out for economic development purposes. Specifically, these guidelines are applicable to activities that are eligible for CDBG assistance under section 105(a)(17) of the Act, economic development activities eligible under section 105(a)(14) of the Act, and activities that are part of a community economic development

project eligible under section 105(a)(15) of the Act. The use of the underwriting guidelines published by HUD is not mandatory. However, states electing not to use these guidelines would be expected to ensure that the state or units of general local government conduct basic financial underwriting prior to the provision of CDBG financial assistance to a for-profit business.

(2) *Objectives.* The underwriting guidelines are designed to provide the recipient with a framework for financially underwriting and selecting CDBG-assisted economic development projects which are financially viable and will make the most effective use of the CDBG funds. Where appropriate, HUD's underwriting guidelines recognize that different levels of review are appropriate to take into account differences in the size and scope of a proposed project, and in the case of a microenterprise or other small business to take into account the differences in the capacity and level of sophistication among businesses of differing sizes. Recipients are encouraged, when they develop their own programs and underwriting criteria, to also take these factors into account. These underwriting guidelines are published as appendix A to this part. The objectives of the underwriting guidelines are to ensure:

(i) That project costs are reasonable;

(ii) That all sources of project financing are committed;

(iii) That to the extent practicable, CDBG funds are not substituted for non-Federal financial support;

(iv) That the project is financially feasible;

(v) That to the extent practicable, the return on the owner's equity investment will not be unreasonably high; and

(vi) That to the extent practicable, CDBG funds are disbursed on a pro rata basis with other finances provided to the project.

(f) *Standards for evaluating public benefit—(1) Purpose and applicability.* The grantee is responsible for making sure that at least a minimum level of public benefit is obtained from the expenditure of CDBG funds under the categories of eligibility governed by these standards. The standards set forth

below identify the types of public benefit that will be recognized for this purpose and the minimum level of each that must be obtained for the amount of CDBG funds used. These standards are applicable to activities that are eligible for CDBG assistance under section 105(a)(17) of the Act, economic development activities eligible under section 105(a)(14) of the Act, and activities that are part of a community economic development project eligible under section 105(a)(15) of the Act. Certain public facilities and improvements eligible under section 105(a)(2) of the Act, which are undertaken for economic development purposes, are also subject to these standards, as specified in § 570.483(b)(4)(vi)(F)(2). Unlike the guidelines for project costs and financial requirements covered under paragraph (a) of this section, the use of the standards for public benefit is mandatory.

(2) *Standards for activities in the aggregate.* Activities covered by these standards must, in the aggregate, either:

(i) Create or retain at least one full-time equivalent, permanent job per \$35,000 of CDBG funds used; or

(ii) Provide goods or services to residents of an area, such that the number of low- and moderate-income persons residing in the areas served by the assisted businesses amounts to at least one low- and moderate-income person per \$350 of CDBG funds used.

(3) *Applying the aggregate standards.*

(i) A state shall apply the aggregate standards under paragraph (e)(2) of this section to all funds distributed for applicable activities from each annual grant. This includes the amount of the annual grant, any funds reallocated by HUD to the state, any program income distributed by the state and any guaranteed loan funds made under the provisions of subpart M of this part covered in the method of distribution in the final statement for a given annual grant year.

(ii) The grantee shall apply the aggregate standards to the number of jobs to be created/retained, or to the number of persons residing in the area served (as applicable), as determined at the time funds are obligated to activities.

(iii) Where an activity is expected both to create or retain jobs and to provide goods or services to residents of an area, the grantee may elect to count the activity under either the jobs standard or the area residents standard, but not both.

(iv) Where CDBG assistance for an activity is limited to job training and placement and/or other employment support services, the jobs assisted with CDBG funds shall be considered to be created or retained jobs for the purposes of applying the aggregate standards.

(v) Any activity subject to these standards which meets one or more of the following criteria may, at the grantee's option, be excluded from the aggregate standards described in paragraph (f)(2) of this section:

(A) Provides jobs exclusively for unemployed persons or participants in one or more of the following programs:

(1) Jobs Training Partnership Act (JTPA);

(2) Jobs Opportunities for Basic Skills (JOBS); or

(3) Aid to Families with Dependent Children (AFDC);

(B) Provides jobs predominantly for residents of Public and Indian Housing units;

(C) Provides jobs predominantly for homeless persons;

(D) Provides jobs predominantly for low-skilled, low- and moderate-income persons, where the business agrees to provide clear opportunities for promotion and economic advancement, such as through the provision of training;

(E) Provides jobs predominantly for persons residing within a census tract (or block numbering area) that has at least 20 percent of its residents who are in poverty;

(F) Provides assistance to business(es) that operate(s) within a census tract (or block numbering area) that has at least 20 percent of its residents who are in poverty;

(G) Stabilizes or revitalizes a neighborhood income that has at least 70 percent of its residents who are low- and moderate-income;

(H) Provides assistance to a Community Development Financial Institution (as defined in the Community Development Banking and Financial Institutions Act of 1994, (12 U.S.C. 4701 note)) serving an area that has at least 70 percent of its residents who are low- and moderate-income;

(I) Provides assistance to an organization eligible to carry out activities under section 105(a)(15) of the Act serving an area that has at least 70 percent of its residents who are low- and moderate-income;

(J) Provides employment opportunities that are an integral component of a project designed to promote spatial deconcentration of low- and moderate-income and minority persons;

(K) With prior HUD approval, provides substantial benefit to low-income persons through other innovative approaches;

(L) Provides services to the residents of an area pursuant to a strategy approved by the State under the provisions of §91.315(e)(2) of this title;

(M) Creates or retains jobs through businesses assisted in an area pursuant to a strategy approved by the State under the provisions of §91.315(e)(2) of this title.

(N) Directly involves the economic development or redevelopment of environmentally contaminated properties.

(4) *Standards for individual activities.* Any activity subject to these standards which falls into one or more of the following categories will be considered by HUD to provide insufficient public benefit, and therefore may under no circumstances be assisted with CDBG funds:

(i) The amount of CDBG assistance exceeds either of the following, as applicable:

(A) \$50,000 per full-time equivalent, permanent job created or retained; or

(B) \$1,000 per low- and moderate-income person to which goods or services are provided by the activity.

(ii) The activity consists of or includes any of the following:

(A) General promotion of the community as a whole (as opposed to the promotion of specific areas and programs);

(B) Assistance to professional sports teams;

(C) Assistance to privately-owned recreational facilities that serve a predominantly higher-income clientele, where the recreational benefit to users or members clearly outweighs employment or other benefits to low- and moderate-income persons;

(D) Acquisition of land for which the specific proposed use has not yet been identified; and

(E) Assistance to a for-profit business while that business or any other business owned by the same person(s) or entity(ies) is the subject of unresolved findings of noncompliance relating to previous CDBG assistance provided by the recipient.

(5) *Applying the individual activity standards.* (i) Where an activity is expected both to create or retain jobs and to provide goods or services to residents of an area, it will be disqualified only if the amount of CDBG assistance exceeds both of the amounts in paragraph (f)(4)(i) of this section.

(ii) The individual activity tests in paragraph (f)(4)(i) of this section shall be applied to the number of jobs to be created or retained, or to the number of persons residing in the area served (as applicable), as determined at the time funds are obligated to activities.

(iii) Where CDBG assistance for an activity is limited to job training and placement and/or other employment support services, the jobs assisted with CDBG funds shall be considered to be created or retained jobs for the purposes of applying the individual activity standards in paragraph (f)(4)(i) of this section.

(6) *Documentation.* The state and its grant recipients must maintain sufficient records to demonstrate the level of public benefit, based on the above standards, that is actually achieved upon completion of the CDBG-assisted economic development activity(ies) and how that compares to the level of such benefit anticipated when the CDBG assistance was obligated. If a state grant recipient's actual results show a pattern of substantial variation from anticipated results, the state and its recipient are expected to take those actions reasonably within their respective control to improve the accuracy of the projections. If the actual results demonstrate that the state has failed

the public benefit standards, HUD may require the state to meet more stringent standards in future years as appropriate.

(g) *Amendments to economic development projects after review determinations.* If, after the grantee enters into a contract to provide assistance to a project, the scope or financial elements of the project change to the extent that a significant contract amendment is appropriate, the project should be reevaluated under these and the recipient's guidelines. (This would include, for example, situations where the business requests a change in the amount or terms of assistance being provided, or an extension to the loan payment period required in the contract.) If a reevaluation of the project indicates that the financial elements and public benefit to be derived have also substantially changed, then the recipient should make appropriate adjustments in the amount, type, terms or conditions of CDBG assistance which has been offered, to reflect the impact of the substantial change. (For example, if a change in the project elements results in a substantial reduction of the total project costs, it may be appropriate for the recipient to reduce the amount of total CDBG assistance.) If the amount of CDBG assistance provided to the project is increased, the amended project must still comply with the public benefit standards under paragraph (f) of this section.

(h) *Prohibition on use of assistance for employment relocation activities—(1) Prohibition.* CDBG funds may not be used to directly assist a business, including a business expansion, in the relocation of a plant, facility, or operation from one labor market area (LMA) to another LMA if the relocation is likely to result in a significant loss of jobs in the LMA from which the relocation occurs.

(2) *Definitions.* The following definitions apply to the section:

(i) *Directly assist.* Directly assist means the provision of CDBG funds to a business pursuant to section 105(a)(15) or (17) of the Housing and Community Development Act of 1974 (42 U.S.C. 5301 *et seq.*). Direct assistance also includes assistance under section 105(a)(1), (2), (4), (7), and (14) of the

Housing and Community Development Act of 1974, when the state's grantee, subrecipient, or nonprofit entity eligible under section 105(a)(15) enters into an agreement with a business to undertake one or more of these activities as a condition of the business relocating a facility, plant, or operation to the LMA. Provision of public facilities and indirect assistance that will provide benefit to multiple businesses does not fall under the definition of "directly assist," unless it includes the provision of infrastructure to aid a specific business that is the subject of an agreement with the specific assisted business.

(ii) *Labor market area (LMA).* For metropolitan areas, an LMA is an area defined as such by the U.S. Bureau of Labor Statistics (BLS). An LMA is an economically integrated geographic area within which individuals can live and find employment within a reasonable distance or can readily change employment without changing their place of residence. In addition, LMAs are nonoverlapping and geographically exhaustive. For metropolitan areas, grantees must use employment data, as defined by the BLS, for the LMA in which the affected business is currently located and from which current jobs may be lost. For non-metropolitan areas, grantees must use employment data, as defined by the BLS, for the LMA in which the assisted business is currently located and from which current jobs may be lost. For non-metropolitan areas, a LMA is either an area defined by the BLS as an LMA, or a state may choose to combine non-metropolitan LMAs. States are required to define or reaffirm prior definitions of their LMAs on an annual basis and retain records to substantiate such areas prior to any business relocation that would be impacted by this rule. Metropolitan LMAs cannot be combined, nor can a non-metropolitan LMA be combined with a metropolitan LMA. For the Insular Areas, each jurisdiction will be considered to be an LMA. For the HUD-administered Small Cities Program, each of the three participating counties in Hawaii will be considered to be its own LMA. Recipients of Fiscal Year 1999 Small Cities Program funding in New York will follow

§ 570.483

24 CFR Ch. V (4-1-13 Edition)

the requirements for State CDBG recipients.

(iii) *Operation.* A business operation includes, but is not limited to, any equipment, employment opportunity, production capacity, or product line of the business.

(iv) *Significant loss of jobs.* (A) A loss of jobs is significant if: The number of jobs to be lost in the LMA in which the affected business is currently located is equal to or greater than one-tenth of one percent of the total number of persons in the labor force of that LMA; or in all cases, a loss of 500 or more jobs. Notwithstanding the aforementioned, a loss of 25 jobs or fewer does not constitute a significant loss of jobs.

(B) A job is considered to be lost due to the provision of CDBG assistance if the job is relocated within three years from the date the assistance is provided to the business or the time period within which jobs are to be created as specified by the agreement among the business, the recipient, and the state (as applicable) if it is longer than three years.

(3) *Written agreement.* Before directly assisting a business with CDBG funds, the recipient, subrecipient, or (in the case of any activity carried out pursuant to 105(a)(15)) nonprofit entity shall sign a written agreement with the assisted business. The written agreement shall include:

(i) *Statement.* A statement from the assisted business as to whether the assisted activity will result in the relocation of any industrial or commercial plant, facility, or operation from one LMA to another and, if so, the number of jobs that will be relocated from each LMA;

(ii) *Required certification.* If the assistance will not result in a relocation covered by this section, a certification from the assisted business that neither it, nor any of its subsidiaries, has plans to relocate jobs at the time the agreement is signed that would result in a significant job loss as defined in this rule; and

(iii) *Reimbursement of assistance.* The agreement shall provide for reimbursement to the recipient of any assistance provided to, or expended on behalf of, the business in the event that assist-

ance results in a relocation prohibited under this section.

(4) *Assistance not covered by this paragraph.* This paragraph does not apply to:

(i) *Relocation assistance.* Relocation assistance required by the Uniform Assistance and Real Property Acquisition Policies Act of 1970 (URA), (42 U.S.C. 4601-4655); optional relocation assistance under section 105(a)(11), as implemented at 570.606(d);

(ii) *Microenterprises.* Assistance to microenterprises as defined by section 102(a)(22) of the Housing and Community Development Act of 1974; and

(iii) *Arms-length transactions.* Assistance to a business that purchases business equipment, inventory, or other physical assets in an arms-length transaction, including the assets of an existing business, provided that the purchase does not result in the relocation of the sellers' business operation (including customer base or list, goodwill, product lines, or trade names) from one LMA to another LMA and does not produce a significant loss of jobs in the LMA from which the relocation occurs.

[57 FR 53397, Nov. 9, 1992, as amended at 60 FR 1949, Jan. 5, 1995; 61 FR 54921, Oct. 22, 1996; 70 FR 76370, Dec. 23, 2005; 71 FR 30035, May 24, 2006]

§ 570.483 Criteria for national objectives.

(a) *General.* The following criteria shall be used to determine whether a CDBG assisted activity complies with one or more of the national objectives as required to section 104(b)(3) of the Act. (HUD is willing to consider a waiver of these requirements in accordance with § 570.480(b)).

(b) *Activities benefiting low and moderate income persons.* An activity will be considered to address the objective of benefiting low and moderate income persons if it meets one of the criteria in paragraph (b) of this section, unless there is substantial evidence to the contrary. In assessing any such evidence, the full range of direct effects of the assisted activity will be considered. The activities, when taken as a whole, must not benefit moderate income persons to the exclusion of low income persons:
