§ 570.485 Making of grants.

(a) Required submissions. In order to receive its annual CDBG grant under this subpart, a State must submit a consolidated plan in accordance with 24 CFR part 91. That part includes requirements for the content of the consolidated plan, for the process of developing the plan, including citizen participation provisions, for the submission date, for HUD approval, and for the amendment process.

(b) Failure to make submission. The state’s failure to make the submission required by paragraph (a) of this section within the prescribed deadline constitutes the state’s election not to receive and distribute amounts allocated for its nonentitlement areas for the applicable fiscal year. Funds will be either:

(1) Administered by HUD pursuant to subpart F of this part if the state has not administered the program in any previous fiscal year; or

(2) Reallocated to all states in the succeeding fiscal year according to the formula of section 106(d) of the Act, if the state administered the program in any previous year.

(c) Approval of grant. HUD will approve a grant if the State’s submissions have been made and approved in accordance with 24 CFR part 91, and the certifications required therein are satisfactory to the Secretary. The certifications will be satisfactory to the Secretary for this purpose unless the Secretary has determined pursuant to §570.493 that the State has not complied with the requirements of this subpart, or has determined that there is evidence, not directly involving the State’s past performance under this program, that tends to challenge in a substantial manner the State’s certification of future performance. If the Secretary makes any such determination, however, the State may be required to submit further assurances as the Secretary may deem warranted or necessary to find the grantee’s certification satisfactory.

§ 570.486 Local government requirements.

(a) Citizen participation requirements of a unit of general local government. Each unit of general local government shall meet the following requirements as required by the state at §91.115(e) of this title.
(1) Provide for and encourage citizen participation, particularly by low and moderate income persons who reside in slum or blighted areas and areas in which CDBG funds are proposed to be used;

(2) Ensure that citizens will be given reasonable and timely access to local meetings, information, and records relating to the unit of local government’s proposed and actual use of CDBG funds;

(3) Furnish citizens information, including but not limited to:

(i) The amount of CDBG funds expected to be made available for the current fiscal year (including the grant and anticipated program income);

(ii) The range of activities that may be undertaken with the CDBG funds;

(iii) The estimated amount of the CDBG funds proposed to be used for activities that will meet the national objective of benefit to low and moderate income persons; and

(iv) The proposed CDBG activities likely to result in displacement and the unit of general local government’s antidisplacement and relocation plans required under §570.488.

(4) Provide technical assistance to groups representative of persons of low and moderate income that request assistance in developing proposals in accordance with the procedures developed by the state. Such assistance need not include providing funds to such groups;

(5) Provide for a minimum of two public hearings, each at a different stage of the program, for the purpose of obtaining citizens’ views and responding to proposals and questions. Together the hearings must cover community development and housing needs, development of proposed activities and a review of program performance. The public hearings to cover community development and housing needs must be held before submission of an application to the state. There must be reasonable notice of the hearings and they must be held at times and locations convenient to potential or actual beneficiaries, with accommodations for the handicapped. Public hearings shall be conducted in a manner to meet the needs of non-English speaking residents where a significant number of non-English speaking residents can reasonably be expected to participate;

(6) Provide citizens with reasonable advance notice of, and opportunity to comment on, proposed activities in an application to the state and, for grants already made, activities which are proposed to be added, deleted or substantially changed from the unit of general local government’s application to the state. Substantially changed means changes made in terms of purpose, scope, location or beneficiaries as defined by criteria established by the state.

(7) Provide citizens the address, phone number, and times for submitting complaints and grievances, and provide timely written answers to written complaints and grievances, within 15 working days where practicable.

(b) Activities serving beneficiaries outside the jurisdiction of the unit of general local government. Any activity carried out by a recipient of State CDBG program funds must significantly benefit residents of the jurisdiction of the grant recipient, and the unit of general local government must determine that the activity is meeting its needs in accordance with section 106(d)(2)(D) of the Act. For an activity to significantly benefit residents of the jurisdiction of the grant recipient, the CDBG funds expended by the unit of general local government must not be unreasonably disproportionate to the benefits to its residents.

(c) Activities located in Entitlement jurisdictions. Any activity carried out by a recipient of State CDBG program funds in entitlement jurisdictions must significantly benefit residents of the jurisdiction of the grant recipient, and the State CDBG recipient must determine that the activity is meeting its needs in accordance with section 106(d)(2)(D) of the Act. For an activity to significantly benefit residents of the jurisdiction of the grant recipient, the CDBG funds expended by the unit of general local government must not be unreasonably disproportionate to the benefits to its residents. In addition, the grant cannot be used to provide a significant benefit to the entitlement jurisdiction unless
the entitlement grantee provides a meaningful contribution to the project.

§ 570.487 Other applicable laws and related program requirements.

(a) General. Certain statutes are expressly made applicable to activities assisted under the Act by the Act itself, while other laws not referred to in the Act may be applicable to such activities by their own terms. Certain statutes or executive orders that may be applicable to activities assisted under the Act by their own terms are administered or enforced by governmental officials, departments or agencies other than HUD. Paragraphs (d) and (c) of this section contain two of the requirements expressly made applicable to CDBG activities by the Act itself.

(b) Affirmatively furthering fair housing. The Act requires the state to certify to the satisfaction of HUD that it will affirmatively further fair housing. The act also requires each unit of general local government to certify that it will affirmatively further fair housing. The certification that the State will affirmatively further fair housing shall specifically require the State to assume the responsibility of fair housing planning by:

(1) Conducting an analysis to identify impediments to fair housing choice within the State;

(2) Taking appropriate actions to overcome the effects of any impediments identified through that analysis;

(3) Maintaining records reflecting the analysis and actions in this regard; and

(4) Assuring that units of local government funded by the State comply with their certifications to affirmatively further fair housing.

(c) Lead-Based Paint Poisoning Prevention Act. States shall devise, adopt and carry out procedures with respect to CDBG assistance that fulfill the objectives and requirements of the Lead-Based Paint Poisoning Prevention Act (42 U.S.C. 4821–4846), the Residential Lead-Based Paint Hazard Reduction Act of 1992 (42 U.S.C. 4851–4866), and implementing regulations at part 35, subparts A, B, J, K, and R of this title.

(d) States shall comply with section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u) and the implementing regulations in 24 CFR part 135. Section 3 requires that employment and other economic opportunities arising in connection with housing rehabilitation, housing construction, or other public construction projects shall, to the greatest extent feasible, and consistent with existing Federal, State, and local laws and regulations, be given to low- and very low-income persons.

(e) Architectural Barriers Act and the Americans with Disabilities Act. The Architectural Barriers Act of 1968 (42 U.S.C. 4151–4157) requires certain Federal and Federally-funded buildings and other facilities to be designed, constructed, or altered in accordance with standards that ensure accessibility to, and use by, physically handicapped people. A building or facility designed, constructed, or altered with funds allocated or reallocated under this subpart after November 21, 1996 and that meets the definition of residential structure as defined in 24 CFR 40.2, or the definition of building as defined in 41 CFR 101–19.602(a), is subject to the requirements of the Architectural Barriers Act of 1968 and shall comply with the Uniform Federal Accessibility Standards. For general type buildings, these standards are in appendix A to 41 CFR part 101–19.6. For residential structures, these standards are available from the Department of Housing and Urban Development, Office of Fair Housing and Equal Opportunity, Disability Rights Division, Room 5240, 451 Seventh Street, SW, Washington, DC 20410; telephone (202) 708–2333 (voice) or (202) 708–1734 (TTY) (these are not toll-free numbers).

§ 570.488 Displacement, relocation, acquisition, and replacement of housing.

The requirements for States and state recipients with regard to the displacement, relocation, acquisition, and
