Grant Funds may be used where HUD determines that an implementation plan, accompanied by the facts that the EZ requests HUD to review and consider as justifying the exception, demonstrates substantial benefits to the EZ that would result from the project or other compelling reasons justifying the appropriateness of the implementation plan to the EZ’s strategic plan. A request by an EZ for an exception under paragraph (c) of this section will receive a response by HUD no later than 60 days from the date of the EZ’s request provided that the EZ’s request with all relevant information is considered complete no later than 45 days from the date of the EZ’s request.

§ 598.615 Economic development standards.

(a) Economic development standards. The project or activity in an implementation plan submitted for HUD approval by an EZ to describe the planned use of HUD EZ Grant Funds must meet one of the following economic development standards:

(1) Business development assistance. An activity that involves assisting a business in the EZ meets the standard, whether or not the business will create any new jobs. Any such activity must also meet the standards for benefiting a sufficient portion of EZ residents as required under §598.610. Qualifying activities include the use of HUD EZ Grant Funds to:

(i) Assist in establishing a business;
(ii) Expand a business, including efforts to stimulate the development or expansion of microenterprises; and
(iii) Assisting businesses that provide goods or services within the EZ to remain within the EZ.

(2) Employment training and assistance. An activity that assists a person to take, or remain in, a job, subject to meeting the standards for benefiting a sufficient proportion of EZ residents as required under §598.610, including:

(i) Job training;
(ii) Provision of child care;
(iii) Transportation to or from the place of employment or the place where job training is taking place; or
(iv) Counseling persons on job-related skills, such as how to interview successfully for a job, and dress and act appropriately in the conduct of a job.

(3) Educational assistance. The provision of educational assistance meets the economic development standard only if the EZ’s implementation plan demonstrates that such education will be provided to persons who cannot qualify for available jobs because of the lack of some specific knowledge that would be given them through the course(s) to be provided. Any educational assistance provided must also meet the standard for benefiting a sufficient portion of EZ residents as required under §598.610.

(4) EZ administrative capacity. An activity that increases the capacity of governance board members or staff of the EZ’s lead agency to carry out their roles with respect to economic development projects expected to be assisted in support of the EZ’s strategic plan is eligible. This includes the cost of attending a conference on economic development. The use of HUD EZ Grant Funds for capacity building under this paragraph is deemed to provide adequate benefit to EZ residents.

(5) Public improvements. The provision of public improvements, such as extension of water or sewer capacity, or street widening, meets the economic development standard only if it is shown in the implementation plan that the lack of the improvements clearly is an impediment to the establishment, expansion or retention of one or more businesses in the EZ, and that the provision of the proposed public improvement would be limited as much as feasible to assisting the business or businesses. Any public improvements must also meet the standard for benefiting a sufficient portion of EZ residents as required under §598.610.

(b) Exception request. HUD may approve a project or activity that does not fall within any of the previous review standards of this section if the EZ provides evidence that, in some way, the project or activity can reasonably be seen as meeting the economic development standard. Such a project or activity must also meet the standards for benefiting a sufficient portion of EZ residents as required under §598.610. All requests for such an exception must be in writing, accompanied by the facts.
§ 598.620 Evaluation, monitoring, and enforcement.

(a) Progress, evaluation, and monitoring. HUD will review the performance of an EZ’s use of HUD EZ Grant Funds for compliance with this subpart as part of its regular evaluation process under 24 CFR 598.420, through on-site monitoring under 24 CFR 85.40(e), and by other appropriate means.

(b) Warning letter. If HUD has reason to believe that an EZ is not carrying out its funded activities in accordance with any applicable requirements, including the resident benefit and economic development standards of this subpart, HUD may forward a warning letter to the EZ informing it of a potential violation and recommending action to avoid a violation. A warning letter is not a prerequisite for any other action HUD may take.

(c) Notice of violation. If HUD determines that there appears to be a violation in the use of HUD EZ Grant Funds, it will notify the EZ of the alleged violation and the action HUD proposes to take under 24 CFR 598.43 or its successor regulation or if appropriate, 24 CFR 598.430.

(d) Response to notice. A notice sent to an EZ under paragraph (c) of this section will provide the EZ with at least 30 calendar days from the time HUD sends the notice to respond with any information to rebut or mitigate the alleged violation.

(e) Final action. If the EZ does not respond within the period specified pursuant to paragraph (d) of this section, HUD will make a final determination of the violation and may proceed to take the action proposed in the notice. If the EZ responds, HUD will consider the information received from the EZ and may request additional information. After considering the information received from the EZ, HUD will notify the EZ of HUD’s final determination and action, affirming, modifying, or repealing HUD’s initial determination of an alleged violation and proposed action.
