Asst. Secy., for Housing—Fed. Housing Commissioner, HUD § 891.680

for a fiscal year, HUD may have imposed additional limitations on the number of units or residents that may be proposed under an application for Section 202 loan fund reservation, as published in the annual notice of funding availability or the invitation for Section 202 fund reservation.

(c) Exemptions. On a case-by-case basis, HUD may approve independent living complexes that do not comply with the project size limitations prescribed in paragraphs (a)(2), (a)(3), or (b) of this section. HUD may approve such projects if the Sponsor demonstrates:

1. The increased number of units is necessary for the economic feasibility of the project;
2. A project of the size proposed is compatible with other residential development and the population density of the area in which the project is to be located;
3. A project of the size proposed can be successfully integrated into the community; and
4. A project of the size proposed is marketable in the community.

§ 891.670 Cost containment and modest design standards.

(a) Restrictions on amenities. Projects must be modest in design. Except as provided in paragraph (d) of this section, amenities must be limited to those amenities, as determined by HUD, that are generally provided in unassisted decent, safe, and sanitary housing for low-income families in the market area. Amenities not eligible for HUD funding include balconies, atriums, decks, bowling alleys, swimming pools, saunas, and jacuzzis. Dishwashers, trash compactors, and washers and dryers in individual units will not be funded in independent living complexes. The use of durable materials to control or reduce maintenance, repair, and replacement costs is not an excess amenity.

(b) Unit sizes. For independent living complexes, HUD will establish limitations on the size of units and number of bathrooms, based on the number of bedrooms that are in the unit.

(c) Special spaces and accommodations. The costs of construction of special spaces and accommodations may not exceed 10 percent of the total cost of construction, except as provided in paragraph (d) of this section. Special spaces and accommodations include multipurpose rooms, game rooms, libraries, lounges, and, in independent living complexes, central kitchens and dining rooms.

(2) Special spaces and accommodations exclude offices, halls, mechanical rooms, laundry rooms, and parking areas; dwelling units and lobbies in independent living complexes; and bedrooms, living rooms, dining and kitchen areas, shared bathrooms, and resident staff dwelling units in group homes.

(d) Exceptions. HUD may approve a project that does not comply with the cost containment and modest design standards of paragraphs (a) through (c) of this section if:

1. The Sponsor demonstrates a willingness and ability to contribute the incremental development cost and continuing operating costs associated with the additional amenities or design features; or
2. The proposed project involves substantial rehabilitation or acquisition with or without moderate rehabilitation, the additional amenities or design features were incorporated into the existing structure before the submission of the application, and the total development cost of the project with the additional amenities or design features does not exceed the cost limits.

§ 891.675 Prohibited facilities.

The requirements for prohibited facilities for 202/162 projects are provided in §891.315, except that Section 202/162 projects may not include commercial spaces.

§ 891.680 Site and neighborhood standards.

The general requirements for site and neighborhood standards for 202/162 projects are provided in §§891.125 and 891.320. In addition to the requirements in §§891.125 and 891.320, the following requirements apply to 202/162 projects:

(a) The site must promote greater choice of housing opportunities and avoid undue concentration of assisted persons in areas containing a high proportion of low-income persons.
