(1) We will record the lease document immediately following our approval.

(2) If our approval of an assignment or sublease is not required, the parties must record the assignment or sublease in the LTRO with jurisdiction over the leased land.

(b) The tribe must record lease documents for the following types of leases in the LTRO with jurisdiction over the tribal lands, even though BIA approval is not required:

(1) Leases of tribal land that a corporate entity leases to a third party under 25 U.S.C. 477; and

(2) Leases of tribal land under a special act of Congress authorizing leases without our approval.

§ 162.534 May the parties amend, assign, sublease, or mortgage a WEEL?

The parties may amend, assign, sublease, or mortgage a WEEL by following the procedures and requirements for amending, assigning, subleasing, or mortgaging a WSR lease.

§ 162.535 What effectiveness, compliance, and enforcement provisions apply to WEELs?

(a) The provisions at § 162.586 apply to WEEL lease documents.

(b) The provisions at §§ 162.587 through 162.589 and 162.591 through 162.599 apply to WEELs, except that any references to § 162.590 will apply instead to § 162.536.

§ 162.536 Under what circumstances may a WEEL be terminated?

A WEEL must state whether, and under what conditions, the Indian landowners may terminate the WEEL.

§ 162.537 [Reserved]

§ 162.538 What is the purpose of a WSR lease?

A WSR lease authorizes a lessee to possess Indian land to conduct activities related to the installation, operation, and maintenance of wind and/or solar energy resource development projects. Activities include installing instrumentation facilities and infrastructure associated with the generation, transmission, and storage of electricity and other related activities. Leases for biomass or waste-to-energy purposes are governed by subpart D of this part.

§ 162.539 Must I obtain a WEEL before obtaining a WSR lease?

You may enter into a WSR lease without a WEEL. While you may enter into a lease as a direct result of energy resource information gathered from a WEEL activity, obtaining a WEEL is not a precondition to entering into a WSR lease.

§ 162.540 How long may the term of a WSR lease run?

(a) A WSR lease must provide for a definite lease term, state if there is an option to renew, and if so, provide for a definite term for the renewal period. The maximum term of a lease approved under 25 U.S.C. 415(a) may not exceed 50 years (consisting of an initial term not to exceed 25 years and one renewal not to exceed 25 years), unless a Federal statute provides for a longer maximum term (e.g., 25 U.S.C. 415(a) allows for a maximum term of 99 years for certain tribes), a different initial term, renewal term, or number of renewals.

(b) For tribal land, we will defer to the tribe’s determination that the lease term, including any renewal, is reasonable. For individually owned Indian land, we will review the lease term, including any renewal, to ensure it is reasonable, given the:

(1) Purpose of the lease;

(2) Type of financing; and

(3) Level of investment.

(c) The lease may not be extended by holdover.

§ 162.541 What must the lease include if it contains an option to renew?

(a) If the lease provides for an option to renew, the lease must specify:

(1) The time and manner in which the option must be exercised or is automatically effective;

(2) That confirmation of the renewal will be submitted to us, unless the lease provides for automatic renewal;
§ 162.542 Are there mandatory provisions a WSR lease must contain?

(a) All WSR leases must identify:

(1) The tract or parcel of land being leased;
(2) The purpose of the lease and authorized uses of the leased premises;
(3) The parties to the lease;
(4) The term of the lease;
(5) The ownership of permanent improvements and the responsibility for constructing, operating, maintaining, and managing, WSR equipment, roads, transmission lines and related facilities under § 162.543;
(6) Who is responsible for evaluating the leased premises for suitability; purchasing, installing, operating, and maintaining WSR equipment; negotiating power purchase agreements; and transmission;
(7) Payment requirements and late payment charges, including interest;
(8) Due diligence requirements, under § 162.546;
(9) Insurance requirements, under § 162.562; and
(10) Bonding requirements under § 162.559. If a performance bond is required, the lease must state that the lessee must obtain the consent of the surety for any legal instrument that directly affects their obligations and liabilities.

(b) Where a representative executes a lease on behalf of an Indian landowner or lessee, the lease must identify the landowner or lessee being represented and the authority under which such action is taken.

(c) All WSR leases must include the following provisions:

(i) The obligations of the lessee and its sureties to the Indian landowners are also enforceable by the United States, so long as the land remains in trust or restricted status;
(ii) There must not be any unlawful conduct, creation of a nuisance, illegal activity, or negligent use or waste of the leased premises;
(iii) The lessee must comply with all applicable laws, ordinances, rules, regulations, and other legal requirements under § 162.014;
(iv) If historic properties, archeological resources, human remains, or other cultural items not previously reported are encountered during the course of any activity associated with the lease, all activity in the immediate vicinity of the properties, resources, remains, or items will cease and the lessee will contact BIA and the tribe with jurisdiction to determine how to proceed and appropriate disposition;
(v) BIA has the right, at any reasonable time during the term of the lease and upon reasonable notice, in accordance with § 162.589, to enter the leased premises for inspection and to ensure compliance; and
(vi) BIA may, at its discretion, treat as a lease violation any failure by the lessee to cooperate with a BIA request to make appropriate records, reports, or information available for BIA inspection and duplication.

(d) Unless the lessee would be prohibited by law from doing so, the lease must also contain the following provisions:

(i) The lessee holds the United States and the Indian landowners harmless from any loss, liability, or damages resulting from the lessee’s use or occupation of the leased premises; and
(ii) The lessee indemnifies the United States and the Indian landowners against all liabilities or costs relating to the use, handling, treatment, removal, storage, transportation, or disposal of hazardous materials, or the release or discharge of any hazardous material from the leased premises that occurs during the lease term, regardless of fault, with the exception that the lessee is not required to indemnify the Indian landowners for liability or
