without the consent of the Commissioner on or before the final date prescribed by paragraph (a)(1) of this section for making the election. To do so, the bank that made the election must file an amended tax return for its disqualification year (or, for elections under §1.585–6(d)(2), the year for which the election was made) and attach a statement that—

(i) Includes the bank’s name, address and taxpayer identification number;

(ii) Identifies and withdraws the previous election; and

(iii) If the bank is making a new election under §1.585–6(b)(2), §1.585–6(d)(2) or §1.585–7(a), contains the information described in paragraphs (b)(1)(i) and (b)(1)(ii) of this section.

(2) After final date for making election. An election under §1.585–6(b)(2), §1.585–6(d)(2) or §1.585–7(a) may be revoked only with the consent of the Commissioner after the final date prescribed by paragraph (a)(1) of this section for making the election. The Commissioner will grant this consent only in extraordinary circumstances.

d) Elections by banks that are members of parent-subsidiary controlled groups. In the case of a bank that is a member of a parent-subsidiary controlled group (as defined in §1.585–5(d)(2)), any election under §1.585–6(b)(2), §1.585–6(d)(2) or §1.585–7(a) with respect to the bank is to be made separately by the bank. An election made by one member of such a group is not binding on any other member of the group.

e) Elections made or revoked by amended return on or before February 28, 1994. This paragraph (e) applies to any election that a bank seeks to make under paragraph (b) of this section, or revoke under paragraph (c) of this section, by means of an amended return that is filed on or before February 28, 1994. To make or revoke an election to which this paragraph (e) applies, a bank must file (before expiration of each applicable period of limitations under section 6501) this amended return and amended returns for all taxable years after the taxable year for which the election is made or revoked by amended return, to any extent necessary to report the bank’s tax liability in a manner consistent with the making or revoking of the election by amended return.

§ 1.586–1 Reserve for losses on loans of small business investment companies, etc.

(a) General rule. As an alternative to a deduction from gross income under section 166(a) for specific debts which become worthless in whole or in part, a taxpayer which is a financial institution to which section 586 and this section apply is allowed a deduction under section 166(c) for a reasonable addition to a reserve for bad debts provided such financial institution has adopted or adopts the reserve method of treating bad debts in accordance with paragraph (b) of §1.586–1. In the case of such a taxpayer, the amount of the reasonable addition to such reserve for a taxable year beginning after July 11, 1969, shall be an amount determined by the taxpayer which does not exceed the amount computed under §1.586–2. A financial institution to which section 586 and this section apply which adopts the reserve method is not entitled to charge-off any bad debts pursuant to section 166(a) with respect to a loan (as defined in §1.586–2(c)(2)). Except as provided by §1.586–2, regarding the manner of computation of the addition to the reserve for bad debts, the reserve for bad debts of a financial institution to which this section applies shall be maintained in the same manner as is provided by section 166(c) and the regulations thereunder with respect to reserves for bad debts. Except as provided by this section, no deduction is allowable for an addition to a reserve for bad debts of a financial institution to which section 586 and this section apply. For rules relating to deduction with respect to debts which are not loans (as defined in §1.586–2(c)(2)), see section 166(a) and the regulations thereunder.

(b) Application of section. Section 586 and this section shall apply only to the following financial institutions:

(1) Any small business investment company operating under the Small Business Investment Act of 1958 as amended and supplemented (72 Stat. 689), and
§ 1.586–2 Addition to reserve.

(a) General rule. Except as provided by paragraph (b) of this section, the amount computed under this section is the amount necessary to increase the balance of the reserve for bad debts (as of the close of the taxable year) to the greater of:

(1) The amount which bears the same ratio to loans outstanding at the close of the taxable year as (i) the total bad debts sustained during the taxable year and the 5 preceding taxable years (or, with the approval of the Commissioner, a shorter period), adjusted for recoveries of bad debts during such period, bears to (ii) the sum of the loans outstanding at the close of such 6 or fewer taxable years, or

(2) The lower of:

(i) The balance of the reserve as of the close of the base year, or

(ii) If the amount of loans outstanding at the close of the taxable year is less than the amount of loans outstanding at the close of the base year, the amount which bears the same ratio to loans outstanding at the close of the taxable year as the balance of the reserve as of the close of the base year bears to the amount of loans outstanding at the close of the base year.

For purposes of subparagraph (2) of this paragraph, the term base year means the last taxable year beginning on or before July 11, 1969. For purposes of applying this paragraph, a period shorter than the 6 years generally would be appropriate only where there is a change in the type of a substantial portion of the loans outstanding such that the risk of loss is substantially increased. For example, if the major portion of a business development corporation’s portfolio of loans changes from agricultural loans to industrial loans which results in a substantial increase in the risk of loss, a period shorter than the 6 years may be appropriate. If approval is granted to use a shorter period, the experience for those taxable years which are excluded shall not be used for any subsequent year. A request for approval to exclude the experience of a prior taxable year shall not be considered unless it is sent to the Commissioner at least 30 days before the close of the current taxable year. The request shall include a statement of the reasons such experience should be excluded.

(b) New financial institutions—(1) Small business investment companies. In the case of a new financial institution which is a small business investment company to which section 586 applies, the amount computed under this section is the greater of the amount computed under paragraph (a) of this section or the amount necessary to increase the balance of the reserve for bad debts as of the close of the taxable year to the amount which bears the same ratio to loans outstanding at the close of the taxable year as:

(i) The total bad debts (as determined by the Commissioner) sustained by all such small business investment companies during the 12-month period ending on March 31 that ends with or within the taxpayer’s previous taxable year, and during the five 12-month periods ending on March 31 that precede such 12-month period, adjusted for recoveries of bad debts during such periods (as determined by the Commissioner), bears to

(ii) The sum of the loans outstanding (as determined by the Commissioner) by all such small business investment companies at the close of each of such six 12-month periods ending on March 31.

(2) Business development corporations. In the case of a new financial institution which is a business development corporation to which section 586 applies, the amount computed under this section is the greater of the amount
