either in person or through video regarding their rights to be free from sexual abuse and sexual harassment and to be free from retaliation for reporting such incidents, and regarding agency policies and procedures for responding to such incidents.

(c) Current residents who have not received such education shall be educated within one year of the effective date of the PREA standards, and shall receive education upon transfer to a different facility to the extent that the policies and procedures of the resident's new facility differ from those of the previous facility.

(d) The agency shall provide resident education in formats accessible to all residents, including those who are limited English proficient, deaf, visually impaired, or otherwise disabled, as well as to residents who have limited reading skills.

(e) The agency shall maintain documentation of resident participation in these education sessions.

(f) In addition to providing such education, the agency shall ensure that key information is continuously and readily available or visible to residents through posters, resident handbooks, or other written formats.

§ 115.34 Specialized training: Investigations.

(a) In addition to the general training provided to all employees pursuant to §115.331, the agency shall ensure that, to the extent the agency itself conducts sexual abuse investigations, its investigators have received training in conducting such investigations in confinement settings.

(b) Specialized training shall include techniques for interviewing juvenile sexual abuse victims, proper use of Miranda and Garrity warnings, sexual abuse evidence collection in confinement settings, and the criteria and evidence required to substantiate a case for administrative action or prosecution referral.

(c) The agency shall maintain documentation that agency investigators have completed the required specialized training in conducting sexual abuse investigations.

(d) Any State entity or Department of Justice component that investigates sexual abuse in juvenile confinement settings shall provide such training to its agents and investigators who conduct such investigations.

§ 115.33 Specialized training: Medical and mental health care.

(a) The agency shall ensure that all full- and part-time medical and mental health care practitioners who work regularly in its facilities have been trained in:

1. How to detect and assess signs of sexual abuse and sexual harassment;
2. How to preserve physical evidence of sexual abuse;
3. How to respond effectively and professionally to juvenile victims of sexual abuse and sexual harassment; and
4. How and to whom to report allegations or suspicions of sexual abuse and sexual harassment.

(b) If medical staff employed by the agency conduct forensic examinations, such medical staff shall receive the appropriate training to conduct such examinations.

(c) The agency shall maintain documentation that medical and mental health practitioners have received the training referenced in this standard either from the agency or elsewhere.

(d) Medical and mental health care practitioners shall also receive the training mandated for employees under §115.331 or for contractors and volunteers under §115.332, depending upon the practitioner's status at the agency.

SCREENING FOR RISK OF SEXUAL VICTIMIZATION AND ABUSIVENESS

§ 115.34 Obtaining information from residents.

(a) Within 72 hours of the resident’s arrival at the facility and periodically throughout a resident’s confinement, the agency shall obtain and use information about each resident’s personal history and behavior to reduce the risk of sexual abuse by or upon a resident.

(b) Such assessments shall be conducted using an objective screening instrument.

(c) At a minimum, the agency shall attempt to ascertain information about:

1. Prior sexual victimization or abusiveness;
§ 115.342 Placement of residents in housing, bed, program, education, and work assignments.

(a) The agency shall use all information obtained pursuant to §115.341 and subsequently to make housing, bed, program, education, and work assignments for residents with the goal of keeping all residents safe and free from sexual abuse.

(b) Residents may be isolated from others only as a last resort when less restrictive measures are inadequate to keep them and other residents safe, and then only until an alternative means of keeping all residents safe can be arranged. During any period of isolation, agencies shall not deny residents daily large-muscle exercise and any legally required educational programming or special education services. Residents in isolation shall receive daily visits from a medical or mental health care clinician. Residents shall also have access to other programs and work opportunities to the extent possible.

(c) Lesbian, gay, bisexual, transgender, or intersex residents shall not be placed in particular housing, bed, or other assignments solely on the basis of such identification or status, nor shall agencies consider lesbian, gay, bisexual, transgender, or intersex identification or status as an indicator of likelihood of being sexually abusive.

(d) In deciding whether to assign a transgender or intersex resident to a facility for male or female residents, and in making other housing and programming assignments, the agency shall consider on a case-by-case basis whether a placement would ensure the resident’s health and safety, and whether the placement would present management or security problems.

(e) Placement and programming assignments for each transgender or intersex resident shall be reassessed at least twice each year to review any threats to safety experienced by the resident.

(f) A transgender or intersex resident’s own views with respect to his or her own safety shall be given serious consideration.

(g) Transgender and intersex residents shall be given the opportunity to shower separately from other residents.

(h) If a resident is isolated pursuant to paragraph (b) of this section, the facility shall clearly document:

1. The basis for the facility’s concern for the resident’s safety; and

2. The reason why no alternative means of separation can be arranged.

(i) Every 30 days, the facility shall afford each resident described in paragraph (h) of this section a review to determine whether there is a continuing need for separation from the general population.
