§ 105.10 32 CFR Ch. I (7–1–13 Edition)

Manual for Courts-Martial, United States. Commanders may defer taking action on a victim’s alleged collateral misconduct arising from or that relates to the sexual assault incident until the initial disposition action for the sexual assault investigation is completed.

(3) Commanders and supervisors should take appropriate action for the victim’s alleged collateral misconduct (if warranted), responding appropriately in order to encourage sexual assault reporting and continued cooperation, while avoiding those actions that may further traumatize the victim. Ultimately, victim cooperation should significantly enhance timely and effective investigations, as well as the appropriate disposition of sexual assaults.

(4) Subordinate commanders shall be advised that taking action on a victim’s alleged collateral misconduct may be deferred until final disposition of the sexual assault case. The Military Departments shall establish procedures so that commanders and supervisors are not penalized for deferring collateral misconduct actions for the sexual assault victim until final disposition of the sexual assault case.

(5) Commanders shall have the authority to determine, in a timely manner, how to best manage the disposition of alleged misconduct, to include making the decision to defer disciplinary actions regarding a victim’s alleged collateral misconduct until after the final disposition of the sexual assault case, where appropriate. For those sexual assault cases for which the victim’s alleged collateral misconduct is deferred, Military Service reporting and processing requirements should take such deferrals into consideration and allow for the time deferred to be subtracted, when evaluating whether a commander took too long to resolve the collateral misconduct.

(b) Commander SAPR prevention procedures. Each commander shall implement a SAPR prevention program that:

(1) Establishes a command climate of sexual assault prevention predicated on mutual respect and trust, recognizes and embraces diversity, and values the contributions of all its Service members.

(2) Emphasizes that sexual assault is a crime and violates the core values of being a professional in the Military Services and ultimately destroys unit cohesion and the trust that is essential for mission readiness and success.

(3) Emphasizes DoD and Military Service policies on sexual assault and the potential legal consequences for those who commit such crimes.

(4) Monitors the organization’s SAPR climate and responds with appropriate action toward any negative trends that may emerge.

(5) Identifies and remedies environmental factors specific to the location that may facilitate the commission of sexual assaults (e.g., insufficient lighting).

(6) Emphasizes sexual assault prevention training for all assigned personnel.

(7) Establishes prevention training that focus on identifying the behavior of potential offenders.
