§ 634.7 Insurance company, that has a policy effective date and an expiration date.
(b) Operators of Government motor vehicles must have proof of authorization to operate the vehicle.

§ 634.7 Stopping and inspecting personnel or vehicles.
(a) Government vehicles may be stopped by law enforcement personnel on military installations based on the installation commander’s policy.
(1) In overseas areas, Government vehicles may be stopped on or off installations as determined by host nation agreement and command policy.
(2) Stops and inspections of vehicles at installation gates or entry points in restricted areas will be conducted according to command policy.
(b) Stops and inspections of POVs within the military installation, other than at restricted areas or at an installation gate, are authorized only when there is a reasonable suspicion of criminal activity, or of a violation of a traffic regulation or of the installation commander’s policy. Marine Corps users will be guided by publication of Marine Corps order and Military Rules of Evidence 311–316 and local command regulations. DLA users, see DLAR 5700.7.
(c) At the time of stop, the driver and occupants may be required to display all pertinent documents, including but not limited to:
1) DD Form 2A.
2) Documents that establish the identity and status of civilians; for example, Common Access Card (CAC), DD Form 1173 (Uniformed Services Identification and Privilege Card), DA Form 1602 (Civilian Identification Card), AF Form 354 (Civilian Identification Card), DD Form 2 (Armed Forces of the United States Identification Card), post pass, national identity card, or other identification.
3) Proper POV registration documents.
4) Host nation vehicle registration documents, if applicable.
5) Authorization to operate a Government vehicle, if applicable.
6) Drivers license or OF 346 valid for the particular vehicle and area of operation.
7) Proof of insurance.

§ 634.8 Implied consent.
(a) Implied consent to blood, breath, or urine tests. Persons who drive on the installation shall be deemed to have given their consent to evidential tests for alcohol or other drug content of their blood, breath, or urine when lawfully stopped, apprehended, or cited for any offense allegedly committed while driving or in physical control of a motor vehicle on military installations to determine the influence of intoxicants.
(b) Implied consent to impoundment. Any person granted the privilege to operate or register a motor vehicle on a military installation shall be deemed to have given his or her consent for the removal and temporary impoundment of the POV when it is parked illegally, or for unreasonable periods, as determined by the installation commander or applicable authority, interfering with military operations, creating a safety hazard, disabled by accident, left unattended in a restricted or controlled area, or abandoned. Such persons further agree to reimburse the United States for the cost of towing and storage should their motor vehicle be removed or impounded. Existence of these conditions will be determined by the installation commander or designee.
(c) Any person who operates, registers, or who is in control of a motor vehicle on a military installation involved in a motor vehicle or criminal infraction shall be informed that notice of the violation of law or regulation will be forwarded to the Department of Motor Vehicles (DMV) of the host state and/or home of record for the individual, and to the National Register, when applicable.

§ 634.9 Suspension or revocation of driving or privately owned vehicle registration privileges.
The installation commander or designee may for cause, or any lawful reason, administratively suspend or revoke driving privileges on the installation. The suspension or revocation of installation driving privileges or POV registrations, for lawful reasons unrelated to traffic violations or safe vehicle operation, is not limited or restricted by this part.
(a) Suspension. (1) Driving privileges are usually suspended when other measures fail to improve a driver’s performance. Measures should include counseling, remedial driving training, and rehabilitation programs if violator is entitled to the programs. Driving privileges may also be suspended for up to 6 months if a driver continually violates installation parking regulations. The commander will determine standards for suspension based on frequency of parking violations and publish those standards. Aboard Navy installations, any vehicle parked in a fire lane will be towed at the owner’s expense. Any vehicle parked without authorization in an area restricted due to force protection measures may subject the driver to immediate suspension by the installation commanding officer. Vehicle will be towed at the owner/operator’s expense.

(2) The installation commander has discretionary power to withdraw the authorization of active duty military personnel, DOD civilian employees, and nonappropriated funds (NAF) employees, contractors and subcontractors to operate Government vehicles.

(3) Immediate suspension of installation or overseas command POV driving privileges pending resolution of an intoxicated driving incident is authorized for active duty military personnel, family members, retired members of the military services, DOD civilian personnel, and others with installation or overseas command driving privileges, regardless of the geographic location of the intoxicated driving incident. Suspension is authorized for non-DOD affiliated civilians only with respect to incidents occurring on the installation or in areas subject to military traffic supervision. After a review of available information as specified in §634.11, installation driving privileges will be immediately suspended pending resolution of the intoxicated driving accident in the following circumstances:

(i) Refusal to take or complete a lawfully requested chemical test to determine contents of blood for alcohol or other drugs.

(ii) Operating a motor vehicle with a blood alcohol content (BAC) of .08 percent by volume (.08 grams per 100 milliliters) or higher or in violation of the law of the jurisdiction that is being assimilated on the military installation.

(iii) Operating a motor vehicle with a BAC of 0.05 percent by volume but less than 0.08 percent blood alcohol by volume in violation of the law of the jurisdiction in which the vehicle is being operated if the jurisdiction imposes a suspension solely on the basis of the BAC level (as measured in grams per 100 milliliters).

(iv) On an arrest report or other official documentation of the circumstances of an apprehension for intoxicated driving.

(b) Revocation. (1) The revocation of installation or overseas command POV driving privileges is a severe administrative measure to be exercised for serious moving violations or when other available corrective actions fail to produce the desired driver improvement. Revocation of the driving privilege will be for a specified period, but never less than 6 months, applies at all military installations, and remains in effect upon reassignment.

(2) Driving privileges are subject to revocation when an individual fails to comply with any of the conditions requisite to the granting privilege (see §634.6). Revocation of installation driving and registration privileges is authorized for military personnel, family members, civilian employees of DOD, contractors, and other individuals with installation driving privileges. For civilian guests, revocation is authorized only with respect to incidents occurring on the installation or in the areas subject to military traffic supervision.

(3) Driving privileges will be revoked for a mandatory period of not less than 1 year in the following circumstances:

(i) The installation commander or designee has determined that the person lawfully apprehended for driving under the influence refused to submit to or complete a test to measure the alcohol content in the blood, or detect the presence of any other drug, as required by the law of the jurisdiction, or installation traffic code, or by Service directive.
(ii) A conviction, nonjudicial punishment, or a military or civilian administrative action resulting in the suspension or revocation of driver’s license for intoxicated driving. Appropriate official documentation of such conviction is required as the basis for revocation.

(4) When temporary suspensions under paragraph (a)(3) of this section are followed by revocations, the period of revocation is computed beginning from the date the original suspension was imposed, exclusive of any period during which full driving privileges may have been restored pending resolution of charges. (Example: privileges were initially suspended on January 1, 2000 for a charge of intoxicated driving with a BAC of 0.14 percent. A hearing was held, extreme family hardship was substantiated, and privileges were restored on February 1 pending resolution of the charge. On March 1, 2000, the driver was convicted for intoxicated driving. The mandatory 1-year revocation period will consist of January 2000 plus March 2000 through January 2001, for a total of 12 months with no installation driving privileges).

(c) Army provost marshals will use the automated VRS to develop and maintain records showing that an individual’s driving privileges have been revoked.

§ 634.10 Remedial driver training programs.

(a) Navy activities will comply with OPNAVINST 5100.12 Series, and Marine Corps activities with current edition of MCO 5100.19C for establishment of remedial training programs.

(b) Installation commanders may establish a remedial driver-training program to instruct and educate personnel requiring additional training. Personnel may be referred to a remedial program on the basis of their individual driving history or incidents requiring additional training. The curriculum should provide instruction to improve driving performance and compliance with traffic laws.

(c) Installation commanders may schedule periodic courses, or if not practical, arrange for participation in courses conducted by local civil authorities.

(d) Civilian personnel employed on the installation, contractor employees, and family members of military personnel may attend remedial courses on the installation, or similar courses off the installation which incur no expense to the government.

§ 634.11 Administrative due process for suspensions and revocations.

(a) Individual Services will promulgate separate regulations establishing administrative due process procedures for suspension or revocation of driving privileges. The procedures in paragraphs (b) and (c) of this section apply to actions taken by Army commanders with respect to Army military personnel and family members and to civilian personnel operating motor vehicles on Army installations. For Marine Corps users, the provisions of this section apply. For Air Force users, a preliminary suspension for intoxicated driving remains in effect until the installation commander makes a final decision. Requested hearings must take place within a reasonable period, which is determined by the installation commander.

(b) For offenses other than intoxicated driving, suspension or revocation of the installation driving privilege will not become effective until the installation commander or designee notifies the affected person and offers that person an administrative hearing. Suspension or revocation will take place 14 calendar days after written notice is received unless the affected person makes an application for a hearing for a period of 14 calendar days.

(1) If, due to action by the government, a hearing is not held within 14 calendar days, the suspension will not take place until such time as the person is granted a hearing and is notified of the action of the installation commander or designee. However, if the affected person requests that the hearing be continued to a date beyond the 14-day period, the suspension or revocation will become effective immediately on receipt of notice that the request for continuance has been granted, and
