Coast Guard, DHS § 104.205

(8) Ensure security communication is readily available;
(9) Ensure coordination with and implementation of changes in Maritime Security (MARSEC) Level;
(10) Ensure that security systems and equipment are installed and maintained;
(11) Ensure that vessel access, including the embarkation of persons and their effects, is controlled;
(12) Ensure that TWIC procedures are implemented as set forth in this part, including:
   (i) Ensuring that only individuals who hold a TWIC and are authorized to be in secure areas are permitted to escort;
   (ii) Identifying what action is to be taken by an escort, or other authorized individual, should individuals under escort engage in activities other than those for which escorted access was granted; and
   (iii) Notifying vessel employees, and passengers if applicable, of what parts of the vessel are secure areas, employee access areas, and passenger access areas, as applicable, and ensuring such areas are clearly marked.
(13) Ensure that restricted areas are controlled and TWIC provisions are coordinated, if applied to such restricted areas;
(14) Ensure that protocols consistent with §104.267 of this part, for dealing with newly hired employees who have applied for and not yet received a TWIC, are in place.

§ 104.205 Master.

(a) Nothing in this part is intended to permit the Master to be constrained by the Company, the vessel owner or operator, or any other person, from taking or executing any decision which, in the professional judgment of the Master, is necessary to maintain the safety and security of the vessel. This includes denial of access to persons—except those identified as duly authorized by the cognizant government authority—or their effects, and refusal to load cargo, including containers or other closed cargo transport units.

(b) If, in the professional judgment of the Master, a conflict between any safety and security requirements applicable to the vessel arises during its operations, the Master may give precedence to measures intended to maintain the safety of the vessel, and take such temporary security measures as seem best under all circumstances. In such cases:
   (1) The Master must, as soon as practicable, inform the nearest COTP. If the vessel is on a foreign voyage, the Master must promptly inform the Coast Guard via the NRC at 1–800–424–8802, direct telephone at 202–267–2675; Fax: 202–267–1322, TDD at 202–267–4477, or E-mail at HQS-DE-Int-NRCINFO@uscg.mil and if subject to the jurisdiction of a foreign government, the relevant maritime authority of that foreign government;
(2) The temporary security measures must, to the highest possible degree, be commensurate with the prevailing Maritime Security (MARSEC) Level; and

(3) The owner or operator must ensure that such conflicts are resolved to the satisfaction of the cognizant COTP, or for vessels on international voyages, the Commandant (CG-5P), and that the possibility of recurrence is minimized.

§ 104.210 Company Security Officer (CSO).

(a) General. (1) Each vessel owner or operator must designate in writing a CSO.

(2) A vessel owner or operator may designate a single CSO for all its vessels to which this part applies, or may designate more than one CSO, in which case the owner or operator must clearly identify the vessels for which each CSO is responsible.

(3) A CSO may perform other duties within the owner or operator’s organization, including the duties of a Vessel Security Officer, provided he or she is able to perform the duties and responsibilities required of a CSO.

(4) The CSO may delegate duties required by this part, but remains responsible for the performance of those duties.

(5) The CSO must maintain a TWIC.

(b) Qualifications. (1) The CSO must have general knowledge, through training or equivalent job experience, in the following:

(i) Security administration and organization of the company’s vessel(s);

(ii) Vessel, facility, and port operations relevant to that industry;

(iii) Vessel and facility security measures, including the meaning and the consequential requirements of the different Maritime Security (MARSEC) Levels;

(iv) Emergency preparedness and response and contingency planning;

(v) Security equipment and systems and their operational limitations;

(vi) Methods of conducting audits, inspection and control and monitoring techniques; and

(vii) Techniques for security training and education, including security measures and procedures.

(2) In addition to knowledge and training in paragraph (b)(1) of this section, the CSO must have general knowledge through training or equivalent job experience in the following, as appropriate:

(i) Relevant international conventions, codes, and recommendations;

(ii) Relevant government legislation and regulations;

(iii) Responsibilities and functions of other security organizations;

(iv) Methodology of Vessel Security Assessment;

(v) Methods of vessel security surveys and inspections;

(vi) Instruction techniques for security training and education, including security measures and procedures;

(vii) Handling sensitive security information and security related communications;

(viii) Knowledge of current security threats and patterns;

(ix) Recognition and detection of dangerous substances and devices;

(x) Recognition of characteristics and behavioral patterns of persons who are likely to threaten security.

(xi) Techniques used to circumvent security measures;

(xii) Methods of physical screening and non-intrusive inspections;

(xiii) Security drills and exercises, including drills and exercises with facilities; and

(xiv) Assessment of security drills and exercises.

(c) Responsibilities. In addition to those responsibilities and duties specified elsewhere in this part, the CSO must, for each vessel for which he or she has been designated:

(1) Keep the vessel apprised of potential threats or other information relevant to its security;

(2) Ensure a Vessel Security Assessment (VSA) is carried out;

(3) Ensure a Vessel Security Plan (VSP) is developed, approved, and maintained.
