§ 645.12 What services may regular Upward Bound and Upward Bound Math-Science projects provide?

Any project assisted under this part may provide such services as—

(a) Exposure to cultural events, academic programs, and other activities not usually available to disadvantaged youth;

(b) Information, activities, and instruction designed to acquaint youth participating in the project with the range of career options available to the youth;

(c) On-campus residential programs;

(d) Mentoring programs involving elementary school or secondary school teachers or counselors, faculty members at institutions of higher education, students, or any combination of these persons;

(e) Work-study positions where youth participating in the project are exposed to careers requiring a postsecondary degree;

(f) Programs and activities as described in §645.11 that are specially designed for participants who are limited English proficient, participants from groups that are traditionally underrepresented in postsecondary education, participants who are individuals with disabilities, participants who are homeless children and youths, participants in or who are aging out of foster care, or other disconnected participants; and

(g) Other activities designed to meet the purposes of the Upward Bound program in §645.1.

(Authority: 20 U.S.C. 1070a–13)

[75 FR 65785, Oct. 26, 2010]

§ 645.13 How are regular Upward Bound projects organized?

(a) Regular Upward Bound projects—

(1) Must provide participants with a summer instructional component that is designed to simulate a college-going experience for participants, and an academic year component; and

(2) May provide a summer bridge component to those Upward Bound participants who have graduated from secondary school and intend to enroll in an institution of higher education in the following fall term. A summer bridge component provides participants with services and activities, including college courses, that aid in the transition from secondary education to postsecondary education.

(b) A summer instructional component shall—

(1) Be six weeks in length unless the grantee can demonstrate to the Secretary that a shorter period will not hinder the effectiveness of the project nor prevent the project from achieving its goals and objectives, and the Secretary approves that shorter period; and

(2) Provide participants with one or more of the services described in §645.11 at least five days per week.

(c)(1) Except as provided in paragraph (c)(2) of this section, an academic year component shall provide program participants with one or more of the services described in §645.11 on a weekly basis throughout the academic year and, to the extent possible, shall not prevent participants from fully participating in academic and nonacademic activities at the participants’ secondary school.

(2) If an Upward Bound project’s location or the project’s staff are not readily accessible to participants because of distance or lack of transportation, the grantee may, with the Secretary’s permission, provide project services to participants every two weeks during the academic year.

(Authority: 20 U.S.C. 1070a–13)

§ 645.14 What additional services do Upward Bound Math and Science Centers provide and how are they organized?

(a) In addition to the services that must be provided under §645.11(a) and may be provided under §645.11(b), an Upward Bound Math and Science Center must provide—

(1) Intensive instruction in mathematics and science, including hands-on experience in laboratories, in computer facilities, and at field-sites;

(2) Activities that will provide participants with opportunities to learn from mathematicians and scientists who are engaged in research and teaching at the applicant institution, or who are engaged in research or applied
science at hospitals, governmental laboratories, or other public and private agencies;

(3) Activities that will involve participants with graduate and undergraduate science and mathematics majors who may serve as tutors and counselors for participants; and

(4) A summer instructional component that is designed to simulate a college-going experience that is at least six weeks in length and includes daily coursework and other activities as described in this section as well as in §645.11.

(b) Math Science Upward Bound Centers may also include—

(1) A summer bridge component consisting of math and science related coursework for those participants who have completed high school and intend on enrolling in an institution of higher education in the following fall term; and

(2) An academic year component designed by the applicant to enhance achievement of project objectives in the most cost-effective way taking into account the distances involved in reaching participants in the project’s target area.

(Authority: 20 U.S.C. 1070a–11 and 1070a–13)

§645.20 How many applications for an Upward Bound award may an eligible applicant submit?

(a) An applicant may submit more than one application as long as each application describes a project that serves a different target area or target school, or another designated different population.

(b) For each grant competition, the Secretary designates, in the FEDERAL REGISTER notice inviting applications and other published application materials for the competition, the different populations for which an eligible entity may submit a separate application.

(Authority: 20 U.S.C. 1070a–13, 1221e–3)

§645.21 What assurances must an applicant include in an application?

(a) An applicant for a Regular Upward Bound award must assure the Secretary that—

(1) Not less than two-thirds of the project’s participants will be low-income individuals who are potential first-generation college students;

(2) The remaining participants will be low-income individuals, potential first-generation college students, or individuals who have a high risk for academic failure;

(3) No student will be denied participation in a project because the student would enter the project after the 9th grade; and

(4) The project will collaborate with other Federal TRIO projects, GEAR UP projects, or programs serving similar populations that are serving the same target schools or target area in order
