§ 3.1 May I use a vessel to tow a person for water skiing or other similar activities?

§ 3.3 Am I required to obtain a permit to operate a vessel in a park area?

Description

36 CFR Ch. I (7--1--13 Edition)

Generally, you are not required to obtain a permit to operate a vessel in a park area. However, in certain circumstances, taking into consideration public safety, protection of park resources, and weather and park management objectives, the superintendent may require a permit for use of a vessel within a park area, under §§1.5 and 1.7, and will issue permits consistent with §1.6 of this chapter.

§ 3.4 For what purposes may my vessel be inspected?

(a) An authorized person may at any time stop and/or board a vessel to examine documents, licenses or permits relating to operation of the vessel, and to inspect the vessel to determine compliance with regulations pertaining to safety equipment, vessel capacity, marine sanitation devices, and other pollution and noise abatement requirements.

(b) An authorized person who identifies a vessel being operated without sufficient life saving or firefighting devices, in an overloaded or other unsafe condition, as defined in United States Coast Guard regulations, or in violation of a noise level specified in §3.15(a) of this part, may direct the operator to suspend further use of the vessel until the condition is corrected.

§ 3.5 Do I have to report an accident involving a vessel to the National Park Service?

(a) The operator of a vessel involved in an accident must report the accident to the superintendent as soon as practical, but in any event within 24 hours of the accident, if the accident involves:

(1) Total property damage of $2000 or more; or

(2) Injury, or death or disappearance of a person

(b) If the operator is physically incapable of making the report, the owner or an occupant of the vessel must report the accident to the superintendent.

(c) Filing a report with the superintendent may satisfy applicable United States Coast Guard, State, and local accident reporting requirements.
