of the leasehold surrender interest (instead of initial construction cost) will be the value of the possessory interest as of the expiration or other termination of the 1965 Act possessory interest concession contract. This leasehold surrender interest will apply even if the related possessory interest real property improvements are not capital improvements as defined in this part. In the event a new concessioner obtains a leasehold surrender interest in only a portion of a structure as a result of the acquisition of a possessory interest from a prior concessioner, depreciation for purposes of leasehold surrender interest value will apply only to the portion of the structure to which the possessory interest applied.

Subpart I—Concession Contract Provisions

§ 51.73 What is the term of a concession contract?

A concession contract will generally be awarded for a term of 10 years or less unless the Director determines that the contract terms and conditions, including the required construction of capital improvements, warrant a longer term. It is the policy of the Director under these requirements that the term of concession contracts should be as short as is prudent, taking into account the financial requirements of the concession contract, resource protection and visitor needs, and other factors the Director may deem appropriate. In no event will a concession contract have a term of more than 20 years (unless extended in accordance with this part).

§ 51.74 When may a concession contract be terminated by the Director?

Concession contracts will contain appropriate provisions for suspension of operations under a concession contract and for termination of a concession contract by the Director for default, including, without limitation, unsatisfactory performance, or termination when necessary to achieve the purposes of the 1998 Act. The purposes of the 1998 Act include, but are not limited to, protecting, conserving, and preserving park area resources and providing necessary and appropriate visitor services in park areas.

§ 51.75 May the Director segment or split concession contracts?

The Director may not segment or otherwise split visitor services authorized or required under a single concession contract into separate concession contracts if the purpose of such action is to establish a concession contract with anticipated annual gross receipts of less than $500,000.

§ 51.76 May the Director include in a concession contract or otherwise grant a concessioner a preferential right to provide new or additional visitor services?

The Director may not include a provision in a concession contract or otherwise grant a concessioner a preferential right to provide new or additional visitor services under the terms of a concession contract or otherwise. For the purpose of this section, a “preferential right to new or additional services” means a right of a concessioner to a preference (in the nature of a right of first refusal or otherwise) to provide new or additional visitor services in a park area beyond those already provided by the concessioner under the terms of a concession contract. A concession contract may be amended to authorize the concessioner to provide minor additional visitor services that are a reasonable extension of the existing services. A concessioner that is allocated park area entrance, user days or similar resource use allocations for the purposes of a concession contract will not obtain any contractual or other rights to continuation of a particular allocation level pursuant to the terms of a concession contract or otherwise. Such allocations will be made, withdrawn and/or adjusted by the Director from time to time in furtherance of the purposes of this part.

§ 51.77 Will a concession contract provide a concessioner an exclusive right to provide visitor services?

Concession contracts will not provide in any manner an exclusive right to provide all or certain types of visitor services in a park area. The Director may limit the number of concession

323
§ 51.78  Will a concession contract require a franchise fee and will the franchise fee be subject to adjustment?

(a) Concession contracts will provide for payment to the government of a franchise fee or other monetary consideration as determined by the Director upon consideration of the probable value to the concessioner of the privileges granted by the contract involved. This probable value will be based upon a reasonable opportunity for net profit in relation to capital invested and the obligations of the contract. Consideration of revenue to the United States shall be subordinate to the objectives of protecting and preserving park areas and of providing necessary and appropriate visitor services at reasonable rates.

(b) The franchise fee contained in a concession contract with a term of 5 years or less may not be adjusted during the term of the contract. Concession contracts with a term of more than 5 years will contain a provision that provides for adjustment of the contract’s established franchise fee at the request of the concessioner or the Director. An adjustment will occur if the concessioner and the Director mutually determine that extraordinary, unanticipated changes occurred after the effective date of the contract that have affected or will significantly affect the probable value of the privileges granted by the contract. The concession contract will provide for arbitration if the Director and a concessioner cannot agree upon an appropriate adjustment to the franchise fee that reflects the extraordinary, unanticipated changes determined by the concessioner and the Director.

§ 51.79  May the Director waive payment of a franchise fee or other payments?

The Director may not waive the concessioner’s payment of a franchise fee or other payments or consideration required by a concession contract, except that a franchise fee may be waived in part by the Director pursuant to administrative guidelines that may allow for a partial franchise fee waiver in recognition of exceptional performance by a concessioner under the terms of a concession contract. A concessioner will have no right to require the partial waiver of a franchise fee under this authority or under any related administrative guidelines.

§ 51.80  How will the Director establish franchise fees for multiple outfitter and guide concession contracts in the same park area?

If the Director awards more than one outfitter and guide concession contract that authorizes or requires the concessioners to provide the same or similar visitor services at the same approximate location or utilizing the same resource within a single park area, the Director will establish franchise fees for those concession contracts that are comparable. In establishing these comparable franchise fees, the Director will take into account, as appropriate, variations in the nature and type of visitor services authorized by particular concession contracts, including, but not limited to, length of the visitor experience, type of equipment utilized, relative expense levels, and other relevant factors. The terms and conditions of an existing concession contract will not be subject to modification or open to renegotiation by the Director because of the award of a new concession contract at the same approximate location or utilizing the same resource.

§ 51.81  May the Director include “special account” provisions in concession contracts?

(a) The Director may not include in concession contracts “special account” provisions, that is, contract provisions which require or authorize a concessioner to undertake with a specified percentage of the concessioner’s gross receipts the construction of real property improvements, including, without limitation, capital improvements on park lands. The construction of capital improvements will be undertaken only pursuant to the leasehold surrender interest provisions of this part and the applicable concession contract.
