In such cases, express commitment to satisfy section 1010 substitution requirements within a specified period, normally not to exceed one year following conversion approval, must be received from the local government agency in the form of a grant amendment.

(d) Obsolete facilities. Recipients are not required to continue operation of a particular facility beyond its useful life. However, when a facility is declared obsolete, the site must nonetheless be maintained in public recreation use following discontinuance of the assisted facility. Failure to so maintain is considered to be a conversion. Requests regarding changes from a UPARR funded facility to another otherwise eligible facility at the same site that significantly contravene the original plans for the area must be made in writing to the Regional Director. NPS approval must be obtained prior to the occurrence of the change. NPS approval is not necessarily required, however, for each and every facility use change. Rather, a project area should be viewed in the context of overall use and should be monitored in this context. A change from UPARR-developed tennis courts to basketball courts, for example, would not require NPS approval. A change from a swimming pool to a less intense area of limited development such as picnic facilities, or vice versa, would, however, require NPS review and approval. To assure that facility changes do not significantly contravene the original project agreement, NPS shall be notified by the recipient of all proposed changes in advance of their occurrence. A primary NPS consideration in the review of requests for changes in use will be the consistency of the proposal with the Recovery Action Program and/or equivalent recreation plans. Changes to other than public recreation use require NPS approval and the substitution of replacement land in accordance with section 1010 of the UPARR Act and paragraphs (a) through (c) of this section.

§ 72.73 Residency requirements.

(a) Background. UPARR policy prohibits discrimination on the basis of residence (refer to §72.65(b)) including preferential reservation or membership systems on properties improved with UPARR assistance. This prohibition applies to both regularly scheduled and special events. The general provisions regarding non-discrimination at sites assisted under Interior programs and, thereby, all other recreation facilities managed by the recipient, are covered in 43 CFR part 17 which implements the provisions of title VI of the Civil Rights Act of 1964 for the Department.

(b) Policy. There shall be no discrimination for UPARR assisted programs or services on the basis of residence, except in reasonable fee differentials. Post-completion compliance responsibilities of the recipient should continue to ensure that discrimination on the basis of residency is not occurring.

(c) Fees. For parks or recreation properties or programs funded with UPARR assistance, fees charged to nonresidents cannot exceed twice that charged to residents. Where there is no charge for residents but a fee is charged to nonresidents, the nonresident fees cannot exceed fees charged at comparable State or local public facilities having fee systems. These fee provisions apply only to the approved 1010 areas applicable to the recipient. Reservation, membership, or annual permit systems available to residents must also be available to nonresidents and the period of availability must be the same for both residents and nonresidents. Recipients are prohibited from providing residents the option of purchasing annual or daily permits while at the same time restricting nonresidents to the purchase of annual permits only.
