(2) Clock hours, VA will use the formula in paragraph (b) of this section.

(3) Units, VA will convert the units to credit hours as follows—

(i) Divide the total number of units required for the program of education by 4 (the number of ordinary school years generally required for completion);

(ii) Round the result of paragraph (d)(3)(i) of this section to the nearest whole number.

(iii) Multiply the result of paragraph (d)(3)(ii) of this section by:

(B) .75 to determine the number of units required for a rate of pursuit equal to 75 percent. An individual will be considered to be enrolled in 10.5 credit hours for any number of units equal to or greater than the number determined in this paragraph but less than the number determined in paragraph (d)(3)(iii)(A) of this section;

(C) .50 to determine the number of units required for a rate of pursuit equal to 50 percent. An individual will be considered to be enrolled in 7 credit hours for any number of units equal to or greater than the number determined in this paragraph but less than the number determined in paragraph (d)(3)(iii)(B) of this section;

(D) .25 to determine the number of units required for a rate of pursuit equal to 25 percent. An individual will be considered to be enrolled in 3.5 credit hours for any number of units up to the number determined in paragraph (d)(3)(iii)(C) of this section.
