(a) Since the following Air Pollution Control District (APCD) rules do not define the term “agricultural operations,” the rules are disapproved because they could render certain emission limitations rules unenforceable.

(b) The requirements of §51.212 of this chapter are not met since the plan does not adequately provide for periodic testing and inspection of stationary sources within the Bay Area Air Pollution Control District portion of the San Francisco Bay Area Intrastate Region.

(c) The requirements of §51.212 of this chapter are not met since the system for detecting violations through enforcement of visible emission regulations and complaint handling is not adequately described.

(d) Regulation for source recordkeeping and reporting. (1) The owner or operator of any stationary source in the State of California, except for those APCD's specified in paragraph (a) of this section, shall, upon notification from the Administrator, maintain records of the nature and amounts of emissions from such source and/or any other information as may be deemed necessary by the Administrator to determine whether such source is in compliance with applicable emission limitations or other control measures.

(2) The information recorded shall be summarized and reported to the Administrator, on forms furnished by the Administrator, and shall be submitted within 45 days after the end of the reporting period. Reporting periods are January 1 to June 30 and July 1 to December 31, except that the initial reporting period shall commence on the date the Administrator issues notification of the recordkeeping requirements.

(3) Information recorded by the owner or operator and copies of the summarizing reports submitted to the Administrator shall be retained by the owner or operator for 2 years after the date on which the pertinent report is submitted.

(e) The requirements of §51.214 of this chapter are not met in the following air pollution control districts (APCD's) since all of the applicable requirements of Appendix P of part 51 are not included in the district regulations.

1. Amador County APCD.
2. Bay Area AQMD.
3. Calaveras County APCD.
4. El Dorado County APCD.
5. Imperial County APCD.
6. Kern County APCD.
7. Kings County APCD.
8. Los Angeles County APCD.
9. Mariposa County APCD.
10. Monterey Bay Unified APCD.
11. Nevada County APCD.
12. Placer County APCD.
13. Plumas County APCD.
14. San Bernardino County Desert APCD.
15. San Diego County APCD.
16. San Joaquin County APCD.
17. San Luis Obispo County APCD.
18. Santa Barbara County APCD.
19. Sierra County APCD.
20. South Coast AQMD.
21. Stanislaus County APCD.
22. Tulare County APCD.
23. Ventura County APCD.

EDITORIAL NOTE: For Federal Register citations affecting §52.234, see the List of CFR Sections Affected, which appears in the Finding Aids section of the printed volume and at www.fdsys.gov.

§ 52.235 Control strategy for ozone: Oxides of nitrogen.

EPA is approving an exemption request submitted by the Monterey Bay Unified Air Pollution Control District on April 26, 1994 for the Monterey Bay ozone nonattainment area from the NO$_X$ RACT requirements contained in section 182(f) of the Clean Air Act. This approval exempts the area from implementing the oxides of nitrogen (NO$_X$) requirements for reasonably available control technology (RACT), new source review (NSR), the related requirements of general and transportation conformity regulations, and applicable inspection and maintenance (I/M). The exemption is based on ambient air monitoring data and lasts for only as long as the area’s monitoring efforts continue to demonstrate attainment without NO$_X$ reductions from major stationary sources.

[60 FR 20237, Apr. 25, 1995]

§ 52.236 Rules and regulations.

(a) Since the following Air Pollution Control District (APCD) rules do not define the term “agricultural operations,” the rules are disapproved because they could render certain emission limitations rules unenforceable.

(b) The requirements of §51.212 of this chapter are not met since the plan does not adequately provide for periodic testing and inspection of stationary sources within the Bay Area Air Pollution Control District portion of the San Francisco Bay Area Intrastate Region.

(c) The requirements of §51.212 of this chapter are not met since the system for detecting violations through enforcement of visible emission regulations and complaint handling is not adequately described.

(d) Regulation for source recordkeeping and reporting. (1) The owner or operator of any stationary source in the State of California, except for those APCD's specified in paragraph (a) of this section, shall, upon notification from the Administrator, maintain records of the nature and amounts of emissions from such source and/or any other information as may be deemed necessary by the Administrator to determine whether such source is in compliance with applicable emission limitations or other control measures.

(2) The information recorded shall be summarized and reported to the Administrator, on forms furnished by the Administrator, and shall be submitted within 45 days after the end of the reporting period. Reporting periods are January 1 to June 30 and July 1 to December 31, except that the initial reporting period shall commence on the date the Administrator issues notification of the recordkeeping requirements.

(3) Information recorded by the owner or operator and copies of the summarizing reports submitted to the Administrator shall be retained by the owner or operator for 2 years after the date on which the pertinent report is submitted.

(e) The requirements of §51.214 of this chapter are not met in the following air pollution control districts (APCD's) since all of the applicable requirements of Appendix P of part 51 are not included in the district regulations.

1. Amador County APCD.
2. Bay Area AQMD.
3. Calaveras County APCD.
4. El Dorado County APCD.
5. Imperial County APCD.
