(iv) Sutter County APCD.
(2) In the following portions of the Metropolitan Los Angeles Intrastate Region, this section is rescinded:
(i) Ventura County APCD.
(3) In the following portions of the San Joaquin Valley Intrastate Region, this section is rescinded:
(i) San Joaquin County APCD.
(ii) Stanislaus County APCD.
(iii) Tulare County APCD.
(iv) Fresno County APCD.
(c) Any dry cleaning establishment that uses solvents containing 4 percent or more by volume of any reactive or- ganic material listed under paragraphs (k) (1), (2), and (3) of §52.254 except perchloroethylene or any saturated halogenated hydrocarbon shall reduce the emissions of the discharged organics by 90 percent by use of acti- vated carbon adsorption, or other approp- riate means, not later than January 1, 1975.
(d) If incineration is used as a control technique, 90 percent or more of the carbon in the organic compounds being incinerated must be oxidized to carbon dioxide.
§ 52.247 Control Strategy and regulations: Fine Particle Matter.
(a) Determination of Attainment: Effective February 8, 2013, EPA has determined that, based on 2009 to 2011 ambient air quality data, the San Francisco Bay Area PM$_{2.5}$ nonattainment area has attained the 2006 24-hour PM$_{2.5}$ NAAQS. This determination suspends the requirements for this area to submit an attainment demonstration, associated reasonably available control measures, a reasonable further progress plan, contingency measures, and other planning SIPs related to attainment for as long as this area continues to attain the 2006 24-hour PM$_{2.5}$ NAAQS. If EPA determines, after notice-and-comment rulemaking, that this area no longer meets the 2006 PM$_{2.5}$ NAAQS, the corresponding determination of attainment for that area shall be withdrawn.
[78 FR 1761, Jan. 9, 2013, as amended at 78 FR 2213, Jan. 10, 2013]
§§ 52.248–52.251 [Reserved]
§ 52.252 Control of degreasing operations.
(a) “Degreasing” means any operation using an organic solvent as a surface cleaning agent prior to fabricating, surface coating, electroplating, or any other process.
(b) This section is applicable in the Sacramento Valley, San Joaquin Valley, and San Francisco Bay Area Intrastate Air Quality Control Regions (the “Regions”), as described in 40 CFR part 81, dated July 1, 1979, except as follows:
(1) In the following portions of the Sacramento Valley Region, this section is rescinded:
(i) Sacramento County APCD.
(ii) Placer County APCD (Mountain Counties Air Basin portion).
(iii) Yuba County APCD.
(iv) Sutter County APCD.
(c) Any organic emissions discharged from degreasing operations must either be reduced by at least 85 percent, or the degreasing solvent must be classified as non-photochemically reactive as defined by paragraph (k) of §52.254 not later than January 1, 1975. This regulation shall not be construed as lessening any emission control require- ment specified under EPA approved
