(2) Using generally accepted actuarial principles and methodologies of the AAA.
(3) Using a standardized set of utilization and price factors.
(4) Using a standardized population that is representative of the population involved.
(5) Applying the same principles and factors in comparing the value of different coverage (or categories of services).
(6) Without taking into account any differences in coverage based on the method of delivery or means of cost control or utilization used.
(7) Taking into account the ability of the State to reduce benefits by considering the increase in actuarial value of health benefits coverage offered under the State plan that results from the limitations on cost sharing (with the exception of premiums) under that coverage.

(c) The actuary preparing the opinion must select and specify the standardized set of factors and the standardized population to be used in paragraphs (b)(3) and (b)(4) of this section.
(d) The State must provide sufficient detail to explain the basis of the methodologies used to estimate the actuarial value or, if requested by CMS, to replicate the State’s result.

§ 440.345 EPSDT services requirement.

(a) The State must assure access to early and periodic screening, diagnostic and treatment (EPSDT) services through benchmark or benchmark-equivalent plan benefits or as additional benefits provided by the State for any child under 21 years of age eligible under the State plan in a category under section 1902(a)(10)(A) of the Act.

(1) Sufficiency. Any additional EPSDT benefits not provided by the benchmark or benchmark-equivalent plan must be sufficient so that, in combination with the benchmark or benchmark-equivalent benefits plan, these individuals have access to the full EPSDT benefit.

(2) State Plan requirement. The State must include a description of how the additional benefits will be provided, how access to additional benefits will be coordinated and how beneficiaries and providers will be informed of these processes in order to ensure that these individuals have access to the full EPSDT benefit.

(b) [Reserved]

EFFECTIVE DATE NOTE: At 77 FR 42306, July 15, 2013, §440.345 was amended by revising the section heading and adding paragraphs (b) through (f), effective Jan. 1, 2014. For the convenience of the user, the added and revised text is set forth as follows:

§ 440.345 EPSDT and other required benefits.

* * * * *

(b) Family planning. Alternative Benefit Plans must include coverage for family planning services and supplies.

(c) Mental health parity. Alternative Benefit Plans that provide both medical and surgical benefits, and mental health or substance use disorder benefits, must comply with the Mental Health Parity and Addiction Equity Act.

(d) Essential health benefits. Alternative Benefit Plans must include at least the essential health benefits described in §440.347, and include all updates or modifications made thereafter by the Secretary to the definition of essential health benefits.

(e) Updating of benefits. States are not required to update Alternative Benefit Plans that have been determined to include essential health benefits as of January 1, 2014, until December 31, 2015. States will adhere to future guidance for updating benefits beyond that date, as described by the Secretary.

(f) Covered outpatient drugs. To the extent states pay for covered outpatient drugs under their Alternative Benefit Plan’s prescription drug coverage, states must comply with the requirements under section 1927 of the Act.

§ 440.347 Essential health benefits.

(a) Alternative Benefit Plans must contain essential health benefits coverage, including benefits in each of the following ten categories, consistent with the applicable requirements set forth in 45 CFR part 156:

(1) Ambulatory patient services;
(2) Emergency services;
(3) Hospitalization;
(4) Maternity and newborn care;
(5) Mental health and substance use disorders, including behavioral health treatment;
(6) Prescription drugs;
(7) Rehabilitative and habilitative services and devices, except that such...
§ 440.350 Employer-sponsored insurance health plans.

(a) A State may provide benchmark or benchmark-equivalent coverage by obtaining employer sponsored health plans (either alone or with additional services covered separately under Medicaid) for individuals with access to private health insurance.

(b) The State must assure that employer sponsored plans meet the requirements of benchmark or benchmark-equivalent coverage, including the economy and efficiency requirements at §440.370.

(c) A State may provide benchmark or benchmark-equivalent coverage through a combination of employer sponsored health plans and additional benefit coverage provided by the State that wraps around the employer sponsored health plan which, in the aggregate, results in benchmark or benchmark-equivalent level of coverage for those individuals.

§ 440.355 Payment of premiums.

Payment of premiums by the State, net of beneficiary contributions, to obtain benchmark or benchmark-equivalent benefit coverage on behalf of beneficiaries under this section will be treated as medical assistance under section 1905(a) of the Act.

§ 440.360 State plan requirement for providing additional services.

In addition to the requirements of §440.345 the State may elect to provide additional coverage to individuals enrolled in benchmark or benchmark-equivalent plans. The State plan must describe the populations covered and the payment methodology for these services. Additional services must be in categories that are within the scope of the benchmark coverage, or are described in section 1905(a) of the Act.

EFFECTIVE DATE NOTE: At 78 FR 42307, July 15, 2013, §440.360 was revised, effective Jan. 1, 2014. For the convenience of the user, the revised text is set forth as follows:

§ 440.360 State plan requirements for providing additional services.

In addition to the requirements of §440.345, the State may elect to provide additional coverage to individuals enrolled in alternative Benefit Plans, except that the coverage for individuals eligible only through section 1902(a)(10)(A)(I)(VIII) of the Act is limited to benchmark or benchmark-equivalent coverage. The State must describe the populations covered and the payment methodology for these benefits. Additional benefits must be benefits of the type which are covered in 1 or more of the standard benchmark coverage packages described in §440.330(a) through (c) or State plan benefits including those described in sections 1905(a), 1915(i), 1915(j), 1915(k) and 1945 of the Act.
