of this section exceeds the amount determined in paragraph (a)(3) of this section, such individual shall be eligible to participate in the food stamp program established by the Food Stamp Act of 1964 or surplus commodities distribution programs established by the Secretary of Agriculture pursuant to section 416 of the Agricultural Act of 1949, section 32 of Pub. L. 74–320, or any other law, in accordance with regulations and procedures established by the Secretary of Agriculture.

(c) For purposes of paragraph (a)(3) of this section, the State agency shall obtain the amount of the title XVI payment and the amount of any Federally administered State supplementary payment from the Social Security Administration.

(d) The State agency shall redetermine the eligibility of individuals to participate in the food stamp or surplus commodities distribution programs hereunder at such times as the Secretary of Agriculture requires recertification for such stamps or commodities.

§ 205.30 Methods of administration.

State plan requirements: A State plan for financial assistance under title I, IV-A, X, XIV or XVI (AABD) of the Social Security Act must provide for such methods of administration as are found by the Secretary to be necessary for the proper and efficient operation of the plan.

§ 205.32 Procedures for issuance of replacement checks.

(a) State plan requirements. A State plan under title IV-A of the Social Security Act shall provide that procedures are in effect to ensure that no undue delays occur in issuing a replacement check; and (2) when applicable, prior to the issuance of a replacement check, the State agency must:

(1) Issue a stop payment order on the original AFDC check through appropriate banking procedures; and

(2) Require recipients to execute a signed statement attesting to the non-receipt, loss, or theft of the original FDC check. However, if obtaining such a statement from the recipient will cause the issuance of the check to be unduly delayed, the statement may be obtained within a reasonable time after the check is issued.

(b) State option. A State plan may provide that as a condition for issuance of a replacement check, a recipient is required to report a lost or stolen AFDC check to the police or other appropriate authorities. Under this provision, the State agency may provide that the recipient verify that a report was made to the police or other appropriate authorities and, if so, the agency will establish procedures for such verification.

§ 205.35 Mechanized claims processing and information retrieval systems; definitions.

Section 205.35 through 205.38 contain State plan requirements for an automated statewide management information system, conditions for FFP and responsibilities of the Administration for Children and Families (ACF). For purposes of §§ 205.35 through 205.38:

(a) A mechanized claims processing and information retrieval system, hereafter referred to as an automated application processing and information retrieval system (APIRS), or the system, means a system of software and hardware used:

(1) To introduce, control and account for data items in providing public assistance under the Aid to Families with Dependent Children (AFDC) State plan; and

(2) To retrieve and produce utilization and management information about such aid and services as required by the single State agency and Federal government for program administration and audit purposes.

(b) Planning means:

(1) The preliminary project activity to determine the requirements necessitating the project, the activities to be undertaken, and the resources required to complete the project;

(2) The preparation of an APD;

(3) The preparation of a detailed project plan describing when and how the computer system will be designed and developed; and

(4) The preparation of a detailed implementation plan describing specific
training, testing, and conversion plans to install the computer system.

(c) The following terms are defined at 45 CFR part 95, subpart F, §95.605:

Annually updated advance automatic data processing planning document;
Design or System Design;
Development;
Initial advance automatic data processing planning document;
Installation;
Operation; and
Software.

§ 205.36 State plan requirements.

A State plan under title IV-A of the Social Security Act shall, at the option of the State, provide for the establishment and operation, in accordance with an (initial and annually updated) advance automated data processing planning document approved by SSA, of an automated statewide management information system designed effectively and efficiently, to assist management in the administration of an approved AFDC State plan. The submission process to amend the State plan is explained in §201.3. This system must be designed:

(a) To automatically control and account for—

(1) All the factors in the total eligibility determination process under the plan for aid, including but not limited to:

(i) Identifiable correlation factors (such as social security numbers, names, dates of birth, home addresses, and mailing addresses (including postal ZIP codes), of all applicants and recipients of AFDC and the relative with whom any child who is an applicant or recipient is living).

(A) To assure sufficient compatibility among the systems of different jurisdictions, and

(B) To permit periodic screening to determine whether an individual is or has been receiving benefits from more than one jurisdiction.

(ii) Checking records of applicants and recipients of such aid on a periodic basis with other agencies, both intra and inter-state, for eligibility determination, verification and payment as required by other provisions of the Social Security Act.

(2) The costs, quality, and delivery of funds and services furnished to applicants for and recipients of such aid.

(b) To notify the appropriate State officials of child support, food stamp, social service, and medical assistance programs approved under title XIX whenever a case/recipient for aid and services becomes ineligible or the amount of aid or services is changed.

(c) To electronically refer and exchange information with programs under titles IV-D and IV-F for purposes of assuring that benefits and services are provided in an integrated manner.

(d) To provide for security against unauthorized access to, or use of, the data in the system.

§ 205.37 Responsibilities of the Administration for Children and Families (ACF).

(a) ACF shall not approve the initial and annually updated advance automatic data processing planning document unless the document, when implemented, will carry out the requirements of the law and the objectives of title IV-A (AFDC) Automated Application Processing and Information Retrieval System Guide. The initial advance automatic data processing planning document must include:

(1) A requirements analysis, including consideration of the program mission, functions, organization, services, constraints and current support relating to such system;

(2) A description of the proposed statewide management system, including the description of information flows, input data formats, output reports and uses;

(3) The security and interface requirements to be employed in such statewide management system;

(4) A description of the projected resource requirements including staff and other needs; and the resources available or expected to be available to meet these requirements;

(5) A cost benefit analysis of alternative systems designs, data processing services and equipment in terms of qualitative and quantitative measures.
