§ 233.60 Institutional status.

(a) Federal financial participation. (1) Federal financial participation under title I, X, XIV, or XVI of the Social Security Act is not available in payments to or in behalf of any individual who is an inmate of a public institution except as a patient in a medical institution.

(ii) Federal financial participation under title XVI of the Social Security Act is not available in payments to or in behalf of any individual who has not attained 65 years of age and who is a patient in an institution for tuberculosis or mental diseases.

(3) For purposes of this paragraph:

(i) Federal financial participation is available in payments for the month in which an individual (if otherwise eligible) became an inmate of a public institution, or a patient in an institution for tuberculosis or mental diseases;

(ii) Whether an institution is one for tuberculosis or mental diseases will be determined by whether its overall character is that of a facility established and maintained primarily for the care and treatment of individuals with tuberculosis or mental diseases (whether or not it is licensed);

(iii) An institution for the mentally retarded is not an institution for mental diseases;

(iv) An individual on conditional release or convalescent leave from an institution for mental diseases is not considered to be a patient in such institution.

(b) Definitions. For purposes of Federal financial participation under paragraph (a) of this section:

(1) Institution means an establishment which furnishes (in single or multiple facilities) food and shelter to four or more persons unrelated to the proprietor, and in addition, provides some treatment or services which meet some need beyond the basic provision of food and shelter.

(2) In an institution refers to an individual who is admitted to participate in the living arrangements and to receive treatment or services provided there which are appropriate to his requirements.

(3) Public institution means an institution that is the responsibility of a governmental unit or over which a governmental unit exercises administrative control.

(4) Inmate of a public institution means a person who is living in a public institution. An individual is not considered an inmate when:

(ii) Federal financial participation under title XVI of the Social Security Act is not available in payments to or in behalf of any individual who has not attained 65 years of age and who is a patient in an institution for tuberculosis or mental diseases.
Office of Family Assistance, ACF, HHS

§ 233.70 Blindness.

(a) State plan requirements. A State plan under title X or XVI of the Social Security Act must:

(i) Contain a definition of blindness in terms of ophthalmic measurement. The following definition is recommended: An individual is considered blind if he has central visual acuity of 20/200 or less in the better eye with correcting glasses or a field defect in which the peripheral field has contracted to such an extent that the widest diameter of visual field subtends an angular distance of no greater than 20°.

(ii) Where an initial eye examination or re-examination is necessary, the physician or optometrist conducting such examination will submit to the State agency a report thereof, on such forms and in such manner, as may be prescribed for such purpose. A determination whether the individual meets the State’s definition of blindness under the State plan will be based upon a review of such eye examination report as provided for in paragraph (a)(3) of this section, and other information or additional examination reports as the State deems necessary.

(b) Federal financial participation—(1) Assistance payments. Federal financial participation is available in assistance provided to or in behalf of any otherwise eligible person who is blind under

(i) No examination is necessary when both eyes are missing.

(ii) Where an initial eye examination or re-examination is necessary, the physician or optometrist conducting such examination will submit to the State agency a report thereof, on such forms and in such manner, as may be prescribed for such purpose. A determination whether the individual meets the State’s definition of blindness under the State plan will be based upon a review of such eye examination report as provided for in paragraph (a)(3) of this section, and other information or additional examination reports as the State deems necessary.

(3) Provide that each initial eye examination report and any subsequent re-examination report will be reviewed by a State reviewing physician skilled in the diseases of the eye (e.g., an ophthalmologist or an eye, ear, nose and throat specialist). Such physician is responsible for making the agency’s decision that the applicant or recipient does or does not meet the State’s definition of blindness, and for determining if and when reexaminations are necessary in periodic reviews of eligibility, as required in §206.10(a)(9)(iii) of this chapter.
