§ 1630.4

Recipient may allocate a proportional share of another funding source’s share of an indirect cost to Corporation funds, provided that the activity associated with the indirect cost is permissible under the LSC Act and regulations.

(b) Applicable credits. Applicable credits are those receipts or reductions of expenditures which operate to offset or reduce expense items that are allocable to grant awards as direct or indirect costs. Applicable credits include, but are not limited to, purchase discounts, rebates or allowances, recoveries or indeminiities on losses, insurance refunds, and adjustments of overpayments or erroneous charges. To the extent that such credits relate to allowable costs, they shall be credited as a cost reduction or cash refund in the same fund to which the related costs are charged.

(i) Guidance. The Circulars of the Office of Management and Budget shall provide guidance for all allowable cost questions arising under this part when relevant policies or criteria therein are not inconsistent with the provisions of the Act, applicable appropriations law, this part, the Accounting Guide for LSC Recipients, Corporation rules, regulations, guidelines, instructions, and other applicable law.

§ 1630.5 Costs requiring Corporation prior approval.

(a) Advance understandings. Under any given grant award, the reasonableness and allocability of certain cost items may be difficult to determine. In order to avoid subsequent disallowance or dispute based on unreasonableness or nonallocability, recipients may seek a written understanding from the Corporation in advance of incurring special or unusual costs. If a recipient elects not to seek an advance understanding from the Corporation, the absence of an advance understanding on any element of a cost does not affect the reasonableness or allocability of the cost.

(b) Prior approvals. Without prior written approval of the Corporation, no cost attributable to any of the following may be charged to Corporation funds:

(1) Pre-award costs and costs incurred after the cessation of funding;

(2) Purchases and leases of equipment, furniture, or other personal, non-expendable property, if the current purchase price of any individual item of property exceeds $10,000;

(3) Purchases of real property; and

(4) Capital expenditures exceeding $10,000 to improve real property.

§ 1630.6 Timetable and basis for granting prior approval.

(a) The Corporation shall grant prior approval of a cost if the recipient has provided sufficient written information to demonstrate that the cost would be consistent with the standards and policies of this part. If the Corporation denies a request for approval, it shall provide to the recipient a written explanation of the grounds for denying the request.

(b) Except as provided in paragraphs (c) and (d) of this section, the Corporation may not assert the absence of prior approval as a basis for disallowing a questioned cost, if the Corporation has not responded to a written request for approval within sixty (60) days of receiving the request.

(c) If additional information is necessary to enable the Corporation to respond to a request for prior approval, the Corporation may make a written request for additional information within forty-five (45) days of receiving the request.

(d) If the Corporation has made a written request for additional information about a cost as provided by paragraph (c) of this section, and if the Corporation has not responded within thirty (30) days of receiving in writing all additional, requested information, the Corporation may not assert the absence of prior approval as a basis for disallowing the cost.
