§ 107.269 Annual inspection.
(a) Your mobile offshore drilling unit (MODU) must undergo an annual inspection within the 3 months before or after each anniversary date, except as specified in §107.270.
(b) You must contact the cognizant OCMI to schedule an inspection at a time and place which he or she approves. No written application is required.
(c) The scope of the annual inspection is the same as the inspection for certification as specified in §107.231 except §107.231(x) and (y). The OCMI will ensure that the MODU is in satisfactory condition and fit for the service for which it is intended. If your MODU passes the annual inspection, the marine inspector will endorse your current Certificate of Inspection.
(d) If the annual inspection reveals deficiencies in your MODU’s maintenance, you must make any or all repairs or improvements within the time period specified by the OCMI.
(e) Nothing in this subpart limits the marine inspector from conducting such tests or inspections he or she deems necessary to be assured of the vessel’s seaworthiness.

§ 107.270 Periodic inspection.
(a) Your vessel must undergo a periodic inspection within 3 months before or after the second or third anniversary of the date of your vessel’s Certificate of Inspection. This periodic inspection will take the place of an annual inspection.
(b) You must contact the cognizant OCMI to schedule an inspection at a time and place which he or she approves. No written application is required.
(c) The scope of the periodic inspection is the same as that for the inspection for certification, as specified in §107.231 except §107.231(x) and (y). The OCMI will ensure that the MODU is in satisfactory condition and fit for the service for which it is intended. If your MODU passes the periodic inspection, the marine inspector will endorse your current Certificate of Inspection.
(d) If the periodic inspection reveals deficiencies in your MODU’s maintenance, you must make any or all repairs or improvements within the time period specified by the OCMI.
(e) Nothing in this subpart limits the marine inspector from conducting such tests or inspections he or she deems necessary to be assured of the vessel’s seaworthiness.

§ 107.271 Inspection: Alterations.
After plans are approved for alterations affecting the safety of the unit the Coast Guard conducts inspections of the affected—
(a) Hull;
(b) Machinery; or
(c) Equipment.

§ 107.275 Other inspections.
When the Coast Guard receives the report required in §109.411 or §109.425, the Coast Guard conducts the following inspections of a unit to determine if the unit meets the requirements under which it was issued its original Certificate of Inspection:
(a) An inspection after an accident.
(b) An inspection after a defect is found that affects—
(1) The seaworthiness of the unit; or
(2) The safety or efficiency of a life-saving device, or firefighting device.
