Coast Guard, DHS

§ 112.20–1

This subpart contains requirements applicable to emergency power installations having both a temporary and a final emergency power source.

§ 112.20–1 General.

If there is no temporary emergency power source, the loads under §112.15–1 must be arranged so that they can be energized from the final emergency power source.

Subpart 112.20—Emergency Systems Having a Temporary and a Final Emergency Power Source

§ 112.20–1 General.

This subpart contains requirements applicable to emergency power installations having both a temporary and a final emergency power source.

§ 112.20–10 Loads on systems without a temporary emergency power source.

If there is no temporary emergency power source, the loads under §112.15–1 must be arranged so that they can be energized from the final emergency power source.

Subpart 112.20—Emergency Systems Having a Temporary and a Final Emergency Power Source

§ 112.20–1 General.

This subpart contains requirements applicable to emergency power installations having both a temporary and a final emergency power source.

§ 112.20–10 Loads on systems without a temporary emergency power source.

If there is no temporary emergency power source, the loads under §112.15–1 must be arranged so that they can be energized from the final emergency power source.

Subpart 112.20—Emergency Systems Having a Temporary and a Final Emergency Power Source

§ 112.20–1 General.

This subpart contains requirements applicable to emergency power installations having both a temporary and a final emergency power source.
