documents for disclosure, e.g., performing such functions that are necessary to excise them or otherwise prepare them for release. Review does not include time spent resolving general legal or policy issues regarding the application of FOIA exemptions.

(4) The term commercial use request refers to a request from or on behalf of one who seeks information for a use or purpose that furthers the commercial interests of the requester. In determining whether a requester properly falls within this category, the Commission shall determine the use to which a requester will put the documents requested. Where the Commission has reasonable cause to question the use to which a requester will put the documents sought, or where that use is not clear from the request itself, the Commission shall seek additional clarification before assigning the request to a specific category. The dissemination of records by a representative of the news media (see §0.466(a)(7)) shall not be considered to be for a commercial use.

(5) The term educational institution refers to a preschool, a public or private elementary or secondary school, an institution of graduate higher education, an institution of professional education and an institution of vocational education, which operates a program or programs of scholarly research.

(6) The term non-commercial scientific institution refers to an institution that is not operated on a commercial basis as that term is referenced in paragraph (a)(4) of this section, and which is operated solely for the purpose of conducting scientific research the results of which are not intended to promote any particular product or industry.

(7) The term representative of the news media refers to any person or entity that gathers information of potential interest to a segment of the public, uses its editorial skills to turn the raw materials into a distinct work, and distributes that work to an audience. In this clause, the term news means information that is about current events or that would be of current interest to the public. Examples of news-media entities are television or radio stations broadcasting to the public at large and publishers of periodicals (but only if such entities qualify as disseminators of news) who make their products available for purchase or subscription by, or free distribution to, the general public. These examples are not all-inclusive. Moreover, as methods of news delivery evolve (for example, the adoption of electronic dissemination of newspapers through telecommunication services), such alternative media shall be considered to be news-media entities. A freelance journalist shall be regarded as working for a news-media entity if the journalist can demonstrate a solid basis for expecting publication through that entity, whether or not the journalist is actually employed by the entity. A publication contract would present a solid basis for such an expectation; the Commission may also consider the past publication record of the requester in making such a determination. See 5 U.S.C. 552(a)(4)(A)(ii).

(8) The term all other requester refers to any person not within the definitions in paragraphs (a)(4) through (a)(7) of this paragraph.

(b) [Reserved]

§ 0.467 Search and review fees.

(a)(1) Subject to the provisions of this section, an hourly fee shall be charged for recovery of the full, allowable direct costs of searching for and reviewing records requested under §0.460 or §0.461, unless such fees are reduced or waived pursuant to §0.470. The fee is based on the pay grade level of the FCC’s employee(s) who conduct(s) the search or review, or the actual hourly rate of FCC contractors or other non-FCC personnel who conduct a search.

NOTE TO PARAGRAPH (a)(1): The fees for FCC employees will be modified periodically to correspond with modifications in the rate of pay approved by Congress and any such modifications will be announced by public notice and will be posted on the Commission’s Web site, http://www.fcc.gov/foia/#feeschedule.

(2) The fees specified in paragraph (a)(1) of this section are computed at Step 5 of each grade level based on the General Schedule or the hourly rate of
§ 0.468 Interest.

Interest shall be charged those requesters who fail to pay the fees charged. The agency will begin assessing interest charges on the amount billed starting on the 31st day following the day on which the billing was sent. The date on which the payment is received by the agency will determine whether and how much interest is due. The interest shall be set at the rate prescribed in 31 U.S.C. 3717.

§ 0.469 Advance payments.

(a) The Commission may not require advance payment of estimated FOIA fees except as provided in paragraph (b) or where the Commission estimates or determines that allowable charges that a requester may be required to pay are likely to exceed $250.00 and the requester has no history of payment. Where allowable charges are likely to exceed $250.00 and the requester has a history of prompt payment of FOIA fees the Commission may notify the requester of the estimated cost and obtain satisfactory assurance of full payment. Notification that fees may exceed $250.00 is not, however, a prerequisite for collecting fees above that amount.

(b) Where a requester has previously failed to pay a fee charged in a timely fashion (i.e., within 30 days of the date of the billing), the Commission may require the requester to pay the full amount owed plus any applicable interest as provided in § 0.468, and to make an advance payment of the full amount of the estimated fee before the Commission begins to process a new request or a pending request from that requester.

(c) When the Commission acts under paragraph (a) of this section, the administrative time limits prescribed in §§ 0.461(g) and (k) (i.e., twenty business days from receipt of initial requests and twenty business days from receipt of appeals from initial denials, plus permissible extensions of these time limits (see § 0.461(g)(1)(i) through (iii) and § 0.461(k)(1)(i) through (iii))) will
