§ 54.416 Annual certifications by eligible telecommunications carriers.

(a) Eligible telecommunications carrier certifications. Eligible telecommunications carriers are required to make and submit to the Administrator the following annual certifications, under penalty of perjury, relating to the Lifeline program:

(1) An officer of each eligible telecommunications carrier must certify that the carrier has policies and procedures in place to ensure that its Lifeline subscribers are eligible to receive Lifeline services. Each eligible telecommunications carrier must make this certification annually to the Administrator as part of the carrier’s submission of annual re-certification data pursuant to this section. In instances where an eligible telecommunications carrier confirms consumer eligibility by relying on income or eligibility databases, as defined in §54.410(b)(1)(A) or (c)(1)(i)(A), the representative must attest annually as to what specific data sources the eligible telecommunications carrier used to confirm eligibility.

(2) An officer of the eligible telecommunications carrier must certify that the carrier is in compliance with all federal Lifeline certification procedures. Eligible telecommunications carriers must make this certification annually to the Administrator as part of the carrier’s submission of annual re-certification data pursuant to this section. In instances where an eligible telecommunications carrier confirms consumer eligibility by relying on income or eligibility databases, as defined in §54.410(b)(1)(i)(A) or (c)(1)(i)(A), the representative must attest annually as to what specific data sources the eligible telecommunications carrier used to confirm eligibility.

(b) All eligible telecommunications carriers must annually provide the results of their re-certification efforts, performed pursuant to §54.410(f), to the Commission and the Administrator. Eligible telecommunications carriers must make this certification annually to the Administrator as part of the carrier’s submission of re-certification data pursuant to this section.

(b) All eligible telecommunications carriers must annually provide the results of their re-certification efforts, performed pursuant to §54.410(f), to the Commission and the Administrator. Eligible telecommunications carriers must make this certification annually to the Administrator as part of the carrier’s submission of re-certification data pursuant to this section.

§ 54.417 Recordkeeping requirements.

(a) Eligible telecommunications carriers must maintain records to document compliance with all Commission and state requirements governing the Lifeline and Tribal Link Up program. Each eligible telecommunications carrier must maintain the documentation required in §§54.405 and 54.410 for as long as the subscriber receives Lifeline service from that eligible telecommunications carrier.

(b) If an eligible telecommunications carrier provides Lifeline discounted wholesale services to a reseller, it must obtain a certification from that reseller that it is complying with all Commission requirements governing the Lifeline and Tribal Link Up program. To the extent such a reseller provides discounted services to low-income consumers, it must fulfill the obligations of an eligible telecommunications carrier in §§54.405 and 54.410.

(c) Non-eligible-telecommunications-carrier resellers that purchase Lifeline discounted wholesale services to offer discounted services to low-income consumers must maintain records to document compliance with all Commission requirements governing the Lifeline and Tribal Link Up program. To the extent such a reseller provides discounted services to low-income consumers, it must fulfill the obligations of an eligible telecommunications carrier in §§54.405 and 54.410.

§ 54.418 Digital Television Transition Notices by Eligible Telecommunications Carriers.

(a) Eligible telecommunications carriers (ETCs) that receive federal universal service funds shall provide their Lifeline or Link-Up customers with notices about the transition for over-the-air full power broadcasting from analog
