(i) The bidder states in the bid that the product being offered is the same as a product previously or currently being furnished to the contracting activity; and

(ii) The contracting officer determines that the product offered by the bidder complies with the specification requirements of the current invitation for bids. When the contracting officer waives the requirement, see 14.201-6(p)(2).

(2) When descriptive literature is not necessary and a waiver of literature requirements of a specification has been authorized, the contracting officer must include a statement in the invitation that, despite the requirements of the specifications, descriptive literature will not be required.

(3) If the solicitation provides for a waiver, a bidder may submit a bid on the basis of either the descriptive literature furnished with the bid or a previously furnished product. If the bid is submitted on one basis, the bidder may not have it considered on the other basis after bids are opened.

(e) Unsolicited descriptive literature. If descriptive literature is furnished when it is not required by the invitation for bids, the procedures set forth in 14.202-4(f) must be followed.

Each invitation for bids shall be thoroughly reviewed before issuance to detect and correct discrepancies or ambiguities that could limit competition or result in the receipt of nonresponsive bids. Contracting officers are responsible for the reviews.

(a) Unless prohibited or otherwise restricted by agency procedures, contracting officers may authorize facsimile bids (see 14.201-6(v)). In determining whether or not to authorize facsimile bids, the contracting officer shall consider factors such as—

1. Anticipated bid size and volume;
2. Urgency of the requirement;
3. Frequency of price changes;
4. Availability, reliability, speed, and capacity of the receiving facsimile equipment; and
5. Adequacy of administrative procedures and controls for receiving, identifying, recording, and safeguarding facsimile bids, and ensuring their timely delivery to the bids opening location.

(b) If facsimile bids are authorized, contracting officers may, after the date set for bid opening, request the apparently successful offeror to provide the complete original signed bid.

In accordance with subpart 4.5, contracting officers may authorize use of electronic commerce for submission of bids. If electronic bids are authorized, the solicitation shall specify the electronic commerce method(s) that bidders may use.

14.203 Methods of soliciting bids.

14.203-1 Transmittal to prospective bidders.

Invitations for bids or presolicitation notices must be provided in accordance with 5.102. When a contracting office is located in the United States, any solicitation sent to a prospective bidder located outside the United States shall be sent by electronic data interchange or air mail if security classification permits.

14.203-2 Dissemination of information concerning invitations for bids.

Procedures concerning display of invitations for bids in a public place, information releases to newspapers and trade journals, paid advertisements, and synopsizing through the Governmentwide point of entry (GPE) are set forth in 5.101 and Subpart 5.2.

14.203-3 Master solicitation.

The master solicitation is provided to potential sources who are requested to retain it for continued and repetitive use. Individual solicitations must reference the date of the current master solicitation and identify any
14.204 Records of invitations for bids and records of bids.

(a) Each contracting office shall retain a record of each invitation that it issues and each abstract or record of bids. Contracting officers shall review and utilize the information available in connection with subsequent acquisitions of the same or similar items.

(b) The file for each invitation shall show the distribution that was made and the date the invitation was issued. The names and addresses of prospective bidders who requested the invitation and were not included on the original solicitation list shall be added to the list and made a part of the record.

14.205 Presolicitation notices.

In lieu of initially forwarding complete bid sets, the contracting officer may send presolicitation notices to concerns. The notice shall—

(a) Specify the final date for receipt of requests for a complete bid set;

(b) Briefly describe the requirement and furnish other essential information to enable concerns to determine whether they have an interest in the invitation; and

(c) Normally not include drawings, plans, and specifications. The return date of the notice must be sufficiently in advance of the mailing date of the invitation for bids to permit an accurate estimate of the number of bid sets required. Bid sets shall be sent to concerns that request them in response to the notice.

14.206 [Reserved]

14.207 Pre-bid conference.

A pre-bid conference may be used, generally in a complex acquisition, as a means of briefing prospective bidders and explaining complicated specifications and requirements to them as early as possible after the invitation has been issued and before the bids are opened. It shall never be used as a substitute for amending a defective or ambiguous invitation. The conference shall be conducted in accordance with the procedure prescribed in 15.201.

14.208 Amendment of invitation for bids.

(a) If it becomes necessary to make changes in quantity, specifications, delivery schedules, opening dates, etc. or to correct a defective or ambiguous invitation, such changes shall be accomplished by amendment of the invitation for bids using Standard Form 30, Amendment of Solicitation/Modification of Contract. The fact that a change was mentioned at a pre-bid conference does not relieve the necessity for issuing an amendment. Amendments shall be sent, before the time for bid opening, to everyone to whom invitations have been furnished and shall be displayed in the bid room.

(b) Before amending an invitation for bids, the period of time remaining until bid opening and the need to extend this period shall be considered. When only a short time remains before the time set for bid opening, consideration should be given to notifying bidders of an extension of time by telegrams or telephone. Such extension must be confirmed in the amendment.

(c) Any information given to a prospective bidder concerning an invitation for bids shall be furnished promptly to all other prospective bidders as an amendment to the invitation (1) if such information is necessary for bidders to submit bids or (2) if the lack of such information would be prejudicial to uninformed bidders. The information shall be furnished even though a pre-bid conference is held. No award shall be made on the invitation unless such amendment has been issued in sufficient time to permit all prospective bidders to consider such information in submitting or modifying their bids.

14.209 Cancellation of invitations before opening.

(a) The cancellation of an invitation for bids usually involves a loss of time,
