a written finding that certified cost or pricing data are necessary to determine whether the price is fair and reasonable and the facts supporting that finding.

(b) When certified cost or pricing data are required, the contracting officer shall require the contractor or prospective contractor to submit to the contracting officer (and to have any subcontractor or prospective subcontractor submit to the prime contractor or appropriate subcontractor tier) the following in support of any proposal:

1. The certified cost or pricing data and data other than certified cost or pricing data required by the contracting officer to determine that the price is fair and reasonable.
2. A Certificate of Current Cost or Pricing Data, in the format specified in 15.406–2, certifying that to the best of its knowledge and belief, the cost or pricing data were accurate, complete, and current as of the date of agreement on price or, if applicable, an earlier date agreed upon between the parties that is as close as practicable to the date of agreement on price.

(c) If certified cost or pricing data are requested and submitted by an offeror, but an exception is later found to apply, the data must not be considered certified cost or pricing data as defined in 2.101 and must not be certified in accordance with 15.406–2.

(d) The requirements of this subsection also apply to contracts entered into by an agency on behalf of a foreign government.

15.403–5 Instructions for submission of certified cost or pricing data and data other than certified cost or pricing data.

(a) Taking into consideration the policy at 15.402, the contracting officer shall specify in the solicitation (see 15.408 (l) and (m))—

1. Whether certified cost or pricing data are required;
2. That, in lieu of submitting certified cost or pricing data, the offeror may submit a request for exception from the requirement to submit certified cost or pricing data;
3. Any requirement for data other than certified cost or pricing data; and
4. The requirement for necessary preaward or postaward access to offeror’s records.

(b)(1) Format for submission of certified cost or pricing data. When certification is required, the contracting officer may require submission of certified cost or pricing data in the format indicated in Table 15–2 of 15.408, specify an alternative format, or permit submission in the contractor’s format (See 15.408(1)(1)), unless the data are required to be submitted on one of the termination forms specified in subpart 49.6.

(2) Format for submission of data other than certified cost or pricing data. When required by the contracting officer, data other than certified cost or pricing data may be submitted in the offeror’s own format unless the contracting officer decides that use of a specific format is essential for evaluating and determining that the price is fair and reasonable and the format has been described in the solicitation.

(c) Format for submission of data supporting forward pricing rate agreements. Data supporting forward pricing rate agreements or final indirect cost proposals shall be submitted in a form acceptable to the contracting officer.

15.404 Proposal analysis.

15.404–1 Proposal analysis techniques.

(a) General. The objective of proposal analysis is to ensure that the final agreed-to price is fair and reasonable.

1. The contracting officer is responsible for evaluating the reasonableness of the offered prices. The analytical techniques and procedures described in this section may be used, singly or in combination with others, to ensure that the final price is fair and reasonable. The complexity and circumstances of each acquisition should determine the level of detail of the analysis required.

(2) Price analysis shall be used when certified cost or pricing data are not required (see paragraph (b) of this subsection and 15.404–3).
