(c) In the event the aircraft is lost, destroyed, or damaged so extensively as to be beyond repair, no rental payment will be made to the Contractor thereafter, but the Government will pay to the Contractor a sum equal to the fair market value of the aircraft just prior to such loss, destruction, or extensive damage, less the salvage value of the aircraft.
(d) The Contractor certifies that the contract price does not include any cost attributable to insurance or to any reserve fund it has established to protect its interests in or use of the aircraft, regardless of whether or not the insurance coverage applies for the period during which the Government has possession of the aircraft. If, in the event of loss or damage to the aircraft, the Contractor receives compensation for such loss or damage, in any form, from any source, the amount of such compensation shall be credited to the Government in determining the amount of the Government's liability under this clause; except that this shall not apply to proceeds of insurance received solely as an advance of insurance pending determination of Government liability, or for an increment of value of the aircraft beyond the value for which the Government is responsible.
(e) In the event of loss or damage, the Government shall be subrogated to all rights of recovery by the Contractor against third parties for such loss or damage and such rights shall be immediately assigned to the Government. Except as the Contracting Officer may permit in writing, the Contractor shall neither release nor discharge any third party from liability for such loss or damage nor otherwise compromise or adversely affect the Government's subrogation or other rights hereunder. The Contractor shall cooperate with the Government in any suit or action undertaken by the Government against any such third party.
