

(2) After reviewing the occupational inventory and considering the recommendations received pursuant to paragraph (a) of this section, the local wage survey committee shall formulate its recommendations and prepare a written report concerning the existence of specialized industries within the wage area.

(3) The report of the recommendations, the occupational inventory, and the recommendations and supporting evidence received pursuant to paragraph (a) of this section shall be forwarded to the lead agency.

(c) The lead agency shall refer the occupational inventory and the reports received pursuant to paragraph (b) of this section to the agency wage committee for its consideration and recommendation if:

(1) The lead agency proposes not to accept the recommendation of the local wage survey committee concerning the specifications of the local wage survey; or

(2) The local wage survey committee's report is accompanied by a minority report.

(d) The lead agency shall determine, in writing, after taking into consideration the reports and recommendations received under paragraphs (b) and (c) of this section, and prior to ordering a full-scale wage survey to begin, whether the principal types of appropriated or nonappropriated fund positions in a local wage area comprise a dominant industry. The determination shall remain in effect until the next full-scale wage survey in the area.

§ 532.309 Determining adequacy of specialized private industry.

(a) Specialized private industry comparable to an appropriated fund dominant industry is adequate when:

(1) The survey area is one of the 25 largest Standard Metropolitan Statistical Areas, or the total number of employees of private industry establishments in the specialized private industry located in the survey area is at least equal to the total number of appropriated fund wage employees in occupations which comprise the principal types of appropriated positions in the

dominant industry who are subject to the wage schedules for which the survey is made; or

(2) For any dominant industry except "ammunition," the job matches obtained from the specialized private industry include one regular survey job in the WG-01 through 04 range, one regular survey job in the WG-05 through 08 range, one regular survey job in the WG-09 and above range, and one special survey job in the WG-09 and above range all providing at least 20 unweighted samples each; and three other regular or special survey jobs, each providing at least 10 unweighted samples.

(3) For the dominant industry "ammunition," the job matches obtained from the specialized survey industries include one regular survey job in the WG-01 through 04 range, one special survey job in the WG-05 through 08 range, and one regular survey job in the WG-09 through 15 range, all providing at least 20 unweighted samples each; and three other regular or special survey jobs, each providing at least 10 unweighted samples.

(b) Specialized private industry comparable to a nonappropriated fund dominant industry is adequate when:

(1) The total number of employees of private industry establishments similar to the dominant industry located in the survey are at least equal to the number of nonappropriated fund wage employees in positions which comprise the principal types of nonappropriated fund positions in the dominant industry who are subject to the wage schedules for which the survey is made; and

(2) The job matches obtained from all industries surveyed for regular survey jobs related to the dominant industry include one regular survey job in the NA-01 through 04 range providing at least 10 samples; and one regular survey job in the NA-05 through 15 range and one other regular survey job, each providing at least five samples.

§ 532.311 Survey of specialized private industry related to a dominant industry.

If it is determined that there are one or more dominant industries within a wage area, the lead agency shall insure that the survey includes the industries
