§ 843.407 Disabilities.

A child is eligible for continued annuity because the child is incapable of self-support if the Social Security Administration finds that the child is eligible for continued social security child’s benefits because the child is incapable of self-support.

§ 843.408 Commencing and terminating dates of child annuities.

(a) An annuity under this subpart—

(1) Commences on the day after the retiree or employee dies;

(2) Commences or resumes on the first day of the month in which the child later becomes or again becomes a student as described by § 843.313, if any lump sum paid is returned to the Civil Service Retirement Fund; or

(3) Commences or resumes on the first day of the month in which the child later becomes or again becomes incapable of self-support because of a mental or physical disability incurred before age 18 (or a later recurrence of such disability), if any lump sum is returned to the Fund.

(b) An annuity under this subpart terminates on the last day of the month before the child—

(1) Becomes 18 years of age unless he or she is a student as described in § 843.410 or is incapable of self-support;

(2) Becomes capable of self-support after becoming 18 years of age unless he or she is a student as described in § 843.410;

(3) Becomes 22 years of age if he or she is a student as described in § 843.410 and—

(i) Capable of self-support; or

(ii) Incapable of self-support because of a mental or physical disability incurred after age 18;

(4) Ceases to be such a student as described in § 843.410 after becoming 18 years of age unless he or she is incapable of self-support; or

(5) Dies or marries.

(c) A survivor annuity accrues on a daily basis, one-thirtieth of the monthly rate constituting the daily rate. An annuity does not accrue for the 31st day of any month, except in the initial month if the survivor’s (of a deceased employee) annuity commences on the 31st day. For accrual purposes, the last day of a 28-day month constitutes 3 days and the last day of a 29-day month constitutes 2 days.

§ 843.409 Rates of annuities.

(a) For each month, the amount of annuity payable to each surviving child under this subpart is—

(1) The difference between the basic child’s annuity rate for that month and the total amount of child’s insurance benefits under title II of the Social Security Act payable for that month to all children of the employee or retiree based on the total earnings (including any non-Federal wages or self-employment subject to FICA taxes) of the employee or retiree;

(2) Divided by the total number of children entitled to annuity based on the service of that employee or retiree.

(b) On the death of the current spouse or the former spouse or termination of the annuity of a child, the annuity of any other child or children is recomputed and paid as though the spouse, former spouse, or child had not survived the former employee or Member.
