

## § 660.112

any of the required components of the coop agreement, defined at §§ 660.150 and 660.160, subpart D, which was submitted to NMFS during the application process for the coop permit.

*Mothership coop or MS coop* means a group of MS/CV-endorsed limited entry permit owners that are authorized by means of a coop permit to jointly harvest and process from a single coop allocation.

*Mothership Coop Program or MS Coop Program* means the MS Coop Program described at § 660.150, subpart D, and includes both the coop and non-coop fisheries.

*Mutual agreement exception* means, for the purpose of § 660.150, subpart D, an agreement that allows the owner of an MS/CV-endorsed limited entry permit to withdraw the permit's obligation of its catch history assignment to a permitted mothership processor, when mutually agreed to with the mothership processor, and to obligate to a different permitted mothership processor.

*Pacific halibut set-aside* means an amount of Pacific halibut annually set aside for the at-sea whiting fisheries (mothership and C/P sectors) and which is based on the trawl allocation of Pacific whiting.

*Pacific whiting IFQ fishery* means the Shorebased IFQ Program fishery composed of vessels making Pacific whiting IFQ trips pursuant to the requirements at § 660.131 during the primary whiting season fishery dates for the Shorebased IFQ Program.

*Pacific whiting IFQ trip* means a trip in which a vessel registered to a limited entry permit uses legal midwater groundfish trawl gear with a valid declaration for limited entry midwater trawl, Pacific whiting shorebased IFQ, as specified at § 660.13(d)(5)(iv)(A) during the dates for the Pacific whiting IFQ fishery primary season.

*Processor obligation* means an annual requirement for an MS/CV-endorsed limited entry permit to assign the amount of catch available from the permit's catch history assignment to a particular MS permit.

*Quota pounds (QP)* means the quotas, expressed in round weight of fish, that are issued annually to each QS permit owner in the Shorebased IFQ Program

## 50 CFR Ch. VI (10–1–13 Edition)

based on the amount of QS they own and the amount of fish allocated to the Shorebased IFQ Program. QP have the same species/species group and area designations as the QS from which they are issued.

*Quota share (QS)* means the amount of fishing quota for an individual species/species group and area expressed as a percentage of the annual allocation of fish to the Shorebased IFQ Program. The QS is used as the basis for the annual calculation and allocation of a QS permit owner's QP in the Shorebased IFQ Program. Both QS and IBQ may be listed on a QS permit and in the associated QS account. Species for which QS will be issued for the Shorebased IFQ Program are listed at § 660.140, subpart D.

*Shorebased IFQ Program* means the Shorebased IFQ Program described at § 660.140, subpart D.

*Vessel account* means an account held by the vessel owner where QP and IBQ pounds are registered for use by a vessel in the Shorebased IFQ Program.

[75 FR 60897, Oct. 1, 2010, as amended at 75 FR 78383, Dec. 15, 2010; 76 FR 74739, Dec. 1, 2011]

### § 660.112 Trawl fishery—prohibitions.

These prohibitions are specific to the limited entry trawl fisheries. General groundfish prohibitions are defined at § 660.12. In addition to the general prohibitions specified in § 600.725 of this chapter, it is unlawful for any person or vessel to:

(a) *General*—(1) *Trawl gear endorsement*. Fish with groundfish trawl gear, or carry groundfish trawl gear on board a vessel that also has groundfish on board, unless the vessel is registered for use with a valid limited entry permit with a trawl gear endorsement, with the following exception.

(i) The vessel is in continuous transit from outside the fishery management area to a port in Washington, Oregon, or California;

(ii) The vessel is registered to a limited entry MS permit with a valid mothership fishery declaration, in which case trawl nets and doors must be stowed in a secured and covered manner, and detached from all towing lines, so as to be rendered unusable for fishing.

## Fishery Conservation and Management

## § 660.112

(2) *Sorting.* Fail to sort catch consistent with the requirements specified at § 660.130(d).

(3) *Recordkeeping and reporting.* (i) Fail to comply with all recordkeeping and reporting requirements at § 660.13; including failure to submit information, submission of inaccurate information, or intentionally submitting false information on any report required at § 660.13(d), and § 660.113:

(ii) Falsify or fail to make and/or file, retain or make available any and all reports of groundfish landings, containing all data, and in the exact manner, required by the regulation at § 660.13, subpart C, or § 660.113, subpart D.

(iii) Failure to submit a complete EDC form to NMFS as required by § 660.113.

(4) *Observers.*—(i) Fish (including processing, as defined at § 600.10 of this chapter) in the Shorebased IFQ Program, the MS Coop Program, or the C/P Coop Program if NMFS determines the vessel is unsafe for an observer.

(ii) Fish in the Shorebased IFQ Program, the MS Coop Program, or the C/P Coop Program without observer coverage.

(5) *Fishing in conservation areas with trawl gear.* (i) Operate any vessel registered to a limited entry permit with a trawl endorsement and trawl gear on board in a applicable GCA (defined at § 660.11, subpart C and § 660.130(e), subpart D), except for purposes of continuous transiting, with all groundfish trawl gear stowed in accordance with § 660.130(e)(4), subpart D or except as authorized in the groundfish management measures published at § 660.130, subpart D.

(ii) Fish with bottom trawl gear (defined at § 660.11, subpart C) anywhere within EFH seaward of a line approximating the 700-fm (1280-m) depth contour, as defined in § 660.76, subpart C. For the purposes of regulation, EFH seaward of 700-fm (1280-m) within the EEZ is described at § 660.75, subpart C.

(iii) Fish with bottom trawl gear (defined at § 660.11, subpart C) with a footrope diameter greater than 19 inches (48 cm) (including rollers, bobbins or other material encircling or tied along the length of the footrope) anywhere within EFH within the EEZ.

For the purposes of regulation, EFH within the EEZ is described at § 660.75, subpart C.

(iv) Fish with bottom trawl gear (defined at § 660.11, subpart C) with a footrope diameter greater than 8 inches (20 cm) (including rollers, bobbins or other material encircling or tied along the length of the footrope) anywhere within the EEZ shoreward of a line approximating the 100-fm (183-m) depth contour (defined at § 660.73, subpart C).

(v) Fish with bottom trawl gear (defined at § 660.11, subpart C), within the EEZ in the following areas (defined at §§ 660.77 and 660.78, Subpart C): Olympic 2, Biogenic 1, Biogenic 2, Grays Canyon, Biogenic 3, Astoria Canyon, Nehalem Bank/Shale Pile, Siletz Deepwater, Daisy Bank/Nelson Island, Newport Rockpile/Stonewall Bank, Heceta Bank, Deepwater off Coos Bay, Bandon High Spot, Rogue Canyon.

(vi) Fish with bottom trawl gear (defined at § 660.11), other than demersal seine, unless otherwise specified in this section or § 660.130, within the EEZ in the following areas (defined at § 660.79): Eel River Canyon, Blunts Reef, Mendocino Ridge, Delgada Canyon, Tolo Bank, Point Arena North, Point Arena South Biogenic Area, Cordell Bank/Biogenic Area, Farallon Islands/Fanny Shoal, Half Moon Bay, Monterey Bay/Canyon, Point Sur Deep, Big Sur Coast/Port San Luis, East San Lucia Bank, Point Conception, Hidden Reef/Kidney Bank (within Cowcod Conservation Area West), Catalina Island, Potato Bank (within Cowcod Conservation Area West), Cherry Bank (within Cowcod Conservation Area West), and Cowcod EFH Conservation Area East.

(vii) Fish with bottom contact gear (defined at § 660.11, subpart C) within the EEZ in the following areas (defined at §§ 660.78 and 660.79, subpart C): Thompson Seamount, President Jackson Seamount, Cordell Bank (50-fm (91-m) isobath), Harris Point, Richardson Rock, Scorpion, Painted Cave, Anacapa Island, Carrington Point, Judith Rock, Skunk Point, Footprint, Gull Island, South Point, and Santa Barbara.

(viii) Fish with bottom contact gear (defined at § 660.11, subpart C), or any other gear that is deployed deeper than 500-fm (914-m), within the Davidson

Seamount area (defined at § 660.79, subpart C).

(b) *Shorebased IFQ Program*—(1) *General*. (i) Own or control by any means whatsoever an amount of QS or IBQ that exceeds the Shorebased IFQ Program accumulation limits.

(ii) Fish in the Shorebased IFQ Program with a vessel that does not have a valid vessel account or that has a vessel account with a deficit (negative balance) for any species/species group.

(iii) Have any IFQ species/species group catch (landings and discards) from an IFQ trip not covered by QP for greater than 30 days from the date the deficit (negative balance) from that trip is documented, unless the deficit is within the limits of the carryover provision specified at § 660.140(e)(5), subpart D, in which case the vessel has 30 days after the QP for the following year are issued to eliminate the deficit.

(iv) Register the limited entry trawl endorsed permit to another vessel or sell the limited entry trawl endorsed permit to another owner if the vessel registered to the permit has a deficit (negative balance) in their vessel account, until the deficit is covered, regardless of the amount of the deficit.

(v) Use QP by vessels not registered to a limited entry trawl permit with a valid vessel account.

(vi) Use QP in an area or for species/species groups other than that for which it is designated.

(vii) Fish in more than one IFQ management area, specified at § 660.140(c)(2), on the same trip.

(viii) Fish on a Pacific whiting IFQ trip with a gear other than legal midwater groundfish trawl gear.

(ix) Fish on a Pacific whiting IFQ trip without a valid declaration for limited entry midwater trawl, Pacific whiting shorebased IFQ, as specified at § 660.13(d)(5)(iv)(A), subpart C.

(x) Use midwater trawl gear to fish for Pacific whiting within an RCA outside the Pacific whiting IFQ fishery primary season as specified at § 660.131(b)(2)(iii).

(xi) Bring a haul on board before all catch from the previous haul has been stowed.

(xii) Process groundfish at-sea (“at-sea processing”) by vessels in the Shorebased IFQ Program regardless of

the type of gear used, with the following exceptions:

(A) A vessel that is 75-ft (23-m) or less LOA that harvests whiting and, in addition to heading and gutting, cuts the tail off and freezes the whiting, is not considered to be a catcher/processor nor is it considered to be processing fish, and

(B) A vessel that has a sablefish at-sea processing exemption, described at § 660.25(b)(6)(i) may process sablefish at-sea.

(C) A vessel that has a non-whiting at-sea processing exemption, described at § 660.25(b)(6)(ii) may process non-whiting groundfish at sea.

(xiii) Retain any IFQ species/species group onboard a vessel unless the vessel has observer coverage during the entire trip and observer or catch monitor coverage while in port until all IFQ species from the trip are offloaded. A vessel is exempted from this requirement while remaining docked in port, if the observer makes available to the catch monitor an observer program form reporting the weight and number of bocaccio, yelloweye rockfish, canary rockfish, and cowcod that were retained onboard the vessel during that trip and noting any discrepancy in those species between the vessel operator and observer. A vessel must maintain observer coverage while underway in port. A vessel may deliver IFQ species/species groups to more than one IFQ first receiver, but must maintain observer coverage onboard the vessel during any transit between delivery points. Once transfer of fish begins, all fish aboard the vessel are counted as part of the same landing as defined at § 660.11. Modifying the list of IFQ species to which this exception applies has been designated as a “routine management measure” and may be modified through an inseason action, as specified at § 660.60(c)(1)(iv).

(xiv) Discard IFQ species/species group at sea unless the observer has documented or estimated the discards.

(xv) Begin a new fishing trip until all fish from an IFQ landing have been offloaded from the vessel, consistent with § 660.12(a)(11).

(2) *IFQ first receivers*. (i) Receive, purchase, or take custody, control, or possession of an IFQ landing from a vessel

## Fishery Conservation and Management

## § 660.112

that harvested the catch while fishing under the Shorebased IFQ Program without a valid first receiver site license.

(ii) Fail to sort fish received from a IFQ landing prior to first weighing after offloading as specified at §660.130(d)(2) for the Shorebased IFQ Program, with the following exception. Vessels declared in to the Shorebased IFQ Program at §660.13(d)(5)(iv)(A), may weigh catch on a bulk scale or automatic hopper scale before sorting as described at §660.140(j)(2)(viii), for Pacific whiting taken with midwater trawl gear, and at §660.140(j)(2)(ix)(A), for all other IFQ landings. For this exception, all but the predominant species must then be reweighed.

(iii) Process, sell, or discard any groundfish received from an IFQ landing that has not been weighed on a scale that is in compliance with requirements at §660.15, subpart C.

(iv) Transport catch away from the point of landing before that catch has been sorted and weighed by federal groundfish species or species group, and recorded for submission on an electronic fish ticket. (If fish will be transported to a different location for processing, all sorting and weighing to federal groundfish species groups must occur before transporting the catch away from the point of landing).

(v) Receive an IFQ landing without coverage by a catch monitor when one is required by regulations, unless NMFS has granted a written waiver exempting the IFQ first receiver from the catch monitor coverage requirements. On a case-by-case basis, a temporary written waiver may be granted by the Assistant Regional Administrator or designee if he/she determines that the failure to obtain coverage of a catch monitor was due to circumstances beyond the control of the first receiver. The duration of the waiver will be determined on a case-by-case basis.

(vi) Receive an IFQ landing without a NMFS-accepted catch monitoring plan or not in accordance with their NMFS-accepted catch monitoring plan.

(vii) Mix catch from more than one IFQ landing prior to the catch being sorted and weighed.

(viii) Fail to comply with the IFQ first receiver responsibilities specified at §660.140(b)(2).

(ix) Process, sell, or discard any groundfish received from an IFQ landing that has not been accounted for on an electronic fish ticket with the identification number for the vessel that delivered the fish.

(x) Fail to submit, or submit incomplete or inaccurate information on any report, application, or statement required under this part.

(c) *MS and C/P Coop Programs.* (1) Process Pacific whiting in the fishery management area during times or in areas where at-sea processing is prohibited for the sector in which the vessel fishes, unless:

(i) The fish are received from a member of a Pacific Coast treaty Indian tribe fishing under §660.50, subpart C;

(ii) The fish are processed by a waste-processing vessel according to §660.131(g); or

(iii) The vessel is completing processing of Pacific whiting taken on board prior to the close of that vessel's primary season.

(2) During times or in areas where at-sea processing is prohibited, take and retain or receive Pacific whiting, except as cargo or fish waste, on a vessel in the fishery management area that already has processed Pacific whiting on board. An exception to this prohibition is provided if the fish are received within the tribal U&A from a member of a Pacific Coast treaty Indian tribe fishing under §660.50, subpart C.

(3) Operate as a waste-processing vessel within 48 hours of a primary season for Pacific whiting in which that vessel operates as a catcher/processor or mothership, according to §660.131(g).

(4) On a vessel used to fish for Pacific whiting, fail to keep the trawl doors on board the vessel, when taking and retention is prohibited under §660.131(b), subpart D.

(d) *MS Coop Program (coop and non-coop fisheries).* (1) Catch, take, or harvest fish in the mothership non-coop fishery with a vessel that is not registered to a current MS/CV-endorsed limited entry trawl permit.

(2) Receive catch, process catch, or otherwise fish as a mothership vessel if

§ 660.113

50 CFR Ch. VI (10–1–13 Edition)

it is not registered to a current MS permit.

(3) Fish with a vessel in the mothership sector, if that vessel was used to fish in the C/P fishery in the same calendar year.

(4) Catch, take, or harvest fish in the MS Coop Program with a vessel that does not have a valid VMS declaration for limited entry midwater trawl, Pacific whiting mothership sector, as specified at § 660.13(d)(5)(iv)(A), subpart C.

(5) Transfer catch to a vessel that is not registered to an MS permit. (i.e. a tender vessel).

(6) Use a vessel registered to a limited entry permit with a trawl endorsement (with or without an MS/CV endorsement) to catch more than 30 percent of the Pacific whiting allocation for the mothership sector.

(7) Process more than 45 percent of the annual mothership sector's Pacific whiting allocation.

(8) Catch, take, or harvest fish before all catch from any previous haul has been transferred to a single vessel registered to an MS permit.

(9) Transfer catch from a single haul to more than one permitted MS vessel.

(10) Catch, take, or harvest fish for a MS coop with a vessel that has not been identified by the coop as a vessel authorized to harvest that coop's allocation.

(11) Catch, take, or harvest fish in the non-coop fishery with a vessel registered to an MS/CV-endorsed permit in the same year the MS/CV-endorsed permit was registered to a vessel that fished as a member of a coop in the MS Coop Program.

(12) Sort or discard any portion of the catch taken by a catcher vessel in the mothership sector before the catcher vessel observer completes sampling of the catch, except for minor operational amounts of catch lost by a catcher vessel provided the observer has accounted for the discard (i.e., a maximized retention fishery).

(13) Mix catch from more than one haul before the observer completes their collection of catch for sampling.

(14) Take deliveries without a valid scale inspection report signed by an authorized scale inspector on board the vessel.

(15) Sort, process, or discard catch delivered to a mothership before the catch is weighed on a scale that meets the requirements of § 660.15(b), including the daily test requirements.

(e) *C/P Coop Program.* (1) Fish with a vessel in the catcher/processor sector that is not registered to a current C/P-endorsed limited entry trawl permit.

(2) Fish as a catcher/processor vessel in the same year that the vessel fishes as a catcher vessel in the mothership fishery.

(3) Fish as a catcher/processor vessel in the same year that the vessel operates as a mothership in the mothership fishery.

(4) Fish in the C/P Coop Program with a vessel that does not have a valid VMS declaration for limited entry midwater trawl, Pacific whiting catcher/processor sector, as specified at § 660.13(d)(5)(iv)(A).

(5) Fish in the C/P Coop Program with a vessel that is not identified in the C/P coop agreement.

(6) Fish in the C/P Coop Program without a valid scale inspection report signed by an authorized scale inspector on board the vessel.

(7) Sort, process, or discard catch before the catch is weighed on a scale that meets the requirements of § 660.15(b), including the daily test requirements.

(8) Discard any catch from the codend or net (i.e. bleeding) before the observer has completed their data collection.

(9) Mix catch from more than one haul before the observer completes their collection of catch for sampling.

[75 FR 60897, Oct. 1, 2010, as amended at 75 FR 78384, Dec. 15, 2010; 76 FR 53837, Aug. 30, 2011; 76 FR 74739, Dec. 1, 2011; 77 FR 55155, Sept. 7, 2012; 78 FR 629, Jan. 3, 2013]

**§ 660.113 Trawl fishery—record-keeping and reporting.**

General groundfish recordkeeping and reporting requirements are defined at § 660.13, subpart C. The following recordkeeping and reporting requirements are in addition to those and are specific to the limited entry trawl fisheries.

(a) *General requirements.* (1) All records or reports required by this paragraph (a) must: be maintained in English, be accurate, be legible, be
