§ 665.19 Vessel monitoring system.

(a) Applicability. The holder of any of the following permits is subject to the vessel monitoring system requirements in this part:

(1) Hawaii longline limited access permit issued pursuant to §665.801(b);
(2) American Samoa longline limited entry permit, for vessel size Class C or D, issued pursuant to §665.801(c);
(3) Vessels permitted to fish in Crustacean Permit Area 1 VMS Subarea; or
(4) CNMI commercial bottomfish permit, if the vessel is a medium or large bottomfish vessel, issued pursuant to §665.404(a)(2).

(b) VMS unit. Only a VMS unit owned by NMFS and installed by NMFS complies with the requirement of this subpart.

(c) Notification. After a permit holder subject to §665.19(a) has been notified by the SAC of a specific date for installation of a VMS unit on the permit holder’s vessel, the vessel must carry and operate the VMS unit after the date scheduled for installation.

(d) Fees and charges. During the experimental VMS program, the holder of a permit subject to §665.19(a) shall not be assessed any fee or other charges to obtain and use a VMS unit, including the communication charges related directed to requirements under this section. Communication charges related to any additional equipment attached to the VMS unit by the owner or operator shall be the responsibility of the owner or operator and not NMFS.

(e) Permit holder duties. The holder of a permit subject to §665.19(a) and master of the vessel must:

(1) Provide opportunity for the SAC to install and make operational a VMS unit after notification.
(2) Carry and continuously operate the VMS unit on board whenever the vessel is at sea.
(3) Not remove, relocate, or make non-operational the VMS unit without prior approval from the SAC.

(f) Authorization by the SAC. The SAC has authority over the installation and operation of the VMS unit. The SAC may authorize the connection or order the disconnection of additional equipment, including a computer, to any VMS unit when deemed appropriate by the SAC.

§ 665.20 Western Pacific Community Development Program.

(a) General. In accordance with the criteria and procedures specified in this section, the Regional Administrator may authorize the direct or incidental harvest of management unit species that would otherwise be prohibited by this part.

(b) Eligibility. To be eligible to participate in the western Pacific community development program, a community must meet the following criteria:

(1) Be located in American Samoa, Guam, Hawaii, or the Northern Mariana Islands (collectively, the western Pacific);
(2) Consist of community residents descended from aboriginal people indigenous to the western Pacific who conducted commercial or subsistence fishing using traditional fishing practices in the waters of the western Pacific;
(3) Consist of individuals who reside in their ancestral homeland;
(4) Have knowledge of customary practices relevant to fisheries of the western Pacific;
(5) Have a traditional dependence on fisheries of the western Pacific;
(6) Are currently experiencing economic or other constraints that have prevented full participation in the western Pacific fisheries and, in recent years, have not had harvesting, processing or marketing capability sufficient to support substantial participation in fisheries in the area; and
(7) Develop and submit a community development plan to the Council and the NMFS that meets the requirements in paragraph (c) of this section.

(c) Community development plan. An eligible community seeking access to a fishery under the authority of the Council and NMFS must submit to the Council a community development plan that includes, but is not limited to, the following information:

(1) A statement of the purposes and goals of the plan.
(2) A description and justification for the specific fishing activity being proposed, including:
