§ 1421.300

Subpart D—Grazing Payments for the 2008 Through 2012 Crop of Wheat, Barley, Oats, and Triticale

§ 1421.300 Applicability.

(a) The regulations in this subpart are applicable to the 2008 through 2012 crops of eligible acreage planted to wheat, barley, oats or triticale that is grazed by livestock and not harvested in any other manner. This subpart sets forth the terms and conditions under which a grazing payment in lieu of a loan deficiency payment will be made by CCC.

(b) The form that is used in administering these payments is available in State and county FSA offices and shall be prescribed by CCC.

§ 1421.301 Administration.

(a) This subpart shall be administered by the Farm Service Agency (FSA) under the general direction and supervision of the Executive Vice President, CCC or designee. The program shall be carried out in the field by State and county FSA employees under the general direction and supervision of the State and county FSA committees.

(b) State and county committees, and representatives and employees thereof, do not have the authority to modify or waive any of the provisions of the regulations in this part, as amended or supplemented.

(c) The State committee shall take any action required by this part which has not been taken by the county committee. The State committee shall also:

(1) Correct, or require a county committee to correct, any action taken by such county committee which is not in accordance with the regulations of this part; or

(2) Require a county committee to withhold taking any action which is not in accordance with the regulations of this part.

(d) No delegation herein to a State or county committee shall preclude the Executive Vice President, CCC, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(e) The Deputy Administrator for Farm Programs (DAFP), FSA, may authorize State and county committees to waive or modify deadlines and other program requirements in cases where timeliness or failure to meet such other requirements does not adversely affect the operation of the program. In addition, DAFP may establish other conditions for payments that will assist in achieving the goals of the program and may include such provisions in the program agreement or other program documents.

§ 1421.302 Eligible producer and eligible land.

(a) To be an eligible producer for a payment under this subpart, the person must be a producer of wheat, barley, oats, or triticale in the 2008 through 2012 crop years. Also, to be an eligible producer, the person must meet all other qualifications for payment that are set out in this subpart, set out in parts 12, 718, 1400, and 1405 of this title. A person will not be considered the producer of the crop unless that person was responsible for the planting of the crop and had control and title of the crop at all times, including, at the time of planting and the time of the request for a payment under, this subpart.

(b) A minor may participate in the program if the right of majority has been conferred on the minor by court order or by statute, or if the minor participates through a guardian authorized to act on the minor’s behalf in these matters. Alternatively, a minor may participate if the program documents are all signed by an acceptable (to CCC) guarantor or if bond, acceptable to CCC, is provided by a surety.

(c) For the crop to be eligible, the crop, in addition to other standards that may apply, must be grown on land that is classified as “cropland” in FSA.
